These shoes must be good or they never would have become so popular.

Wilcox Department Store.

Local and Personal

Rev. C. H. Miller left this morning for Kearney to spend a week on church work.

Mrs. W. L. Richards left this morning for Kearney and Grand Island to visit relatives.

The B. P. O. E. will give a card party and dance at their hall Wednesday evening, May 28th.

Mrs. Osear Neale and baby of Kearney who were guest of Mr. and Mrs. W. F. Banks this week left last evening.

Dr. and Mrs. H. Brock have returned from the former from the State Dental meeting in Omaha and the latter from an extended stay in Fairbury with relatives.

Weather forecast: Fair and warmer tonight, Saturday probably increasing cloudiness. Moderate winds. Highest temperature yesterday 72, a year ago 77; lowest last night 43, a year ago 53.

At the meeting of the city council Tuesday evening Miss Annie Kramph, E. F. Seeberger and Butler Buchanan were re-appointed members of the public library board. These members have taken commendable interest in the institution, and their re-appointment means a continuation of that personal interest.

All trimmed hats at half price at Parlor Millinery until June 1st. 35-3

It is very probably that the city hose houses in the First and Third wards will be moved to the city lot on west Front street. This will obviate paying rent for the ground on which the houses are located. It is probable that if even this action is not voluntarily taken the city would soon be given notice to vacate the lot on which the Third ward hose house is located.

Joe Glaser has been employed as superintendent of the park in the First ward and will look after the trees recently planted. Last year the park received but little attention, and as a result the showing made was not very favorable. Mr. Glaser's engagement is for one month; if good results are apparent his term of service may be prolonged.

At a special meeting of the city council yesterday afternoon the Union Pacific was granted the privilege of laying a sewer main on west Seventh street from the new round house to a point opposite the lower ice houses, a distance of about 1,000 feet. At this point the new sewer pipe will connect with a main already laid. West Seventh street has never been improved so far as the roadway is concerned, and as the company guarantees to leave the street in as good condition after the main is laid as it is now, no objection could be found to the request.

Program for Memorial Day Exercises

At 7 a. m. Col. Ruddy with a detail of veterans of the Civil and Spanish wars will go to the south side cemetery and decorate the graves with due ceremony.

9:30 a. m. the Post and Corps will proceed to the North Platte cemetery, strewn flowers on the graves all comrades and will have ritual service at the Grand Army plot. In this work it is earnestly hoped that our people will join. Clean the lot, spend an hour in sweet memory of our departed loved ones, that loving kindness, charity and good will may enter our daily life.

AFTERNOON
2:30 The public are invited to attend at the Keith opera house.

The Good Roads Spirit.

On June 9 probably 5,000 men with teams, traction engines, scrapers, road drags and all other necessary paraphernalia, will simultaneously be at work on the highway between Norfolk, Neb., and White River, S. Dak., a distance of nearly 250 miles. The most of this route is in naturally good condition, having been evidently intended by the Almighty especially for automobile travel, and the work of the "crews" will be devoted to the few places where it is needed, the idea being to make the entire route as nearly a perfect boulevard as possible. Culverts and bridges will be placed in where necessary, "high centers" will be eliminated, grades will be widened and "chuck holes" abolished. The work is in charge of the leading business men in each community, a "boss" having been selected in each town through which the route is to pass, whose duty it is to organize an army with which to make the road perfect in his district on that day.

The Knights of Columbus banquet and meeting which was to be held at Alliance Sunday has been postponed indefinitely on account of the small pox epidemic. A number of the local council had planned to attend.

North Platte Will Have a Big Celebration.

The directors of the Chamber of Commerce elected at the meeting held Thursday evening of last week held a meeting last night and re-elected the officers of the past year. These are E. F. Seeberger president, M. J. Forbes vice-president and E. H. Evans treasurer. M. E. Crosby was re-appointed secretary at a salary of fifty dollars per month.

The former committee which had secured data concerning the mode and cost of installing the electric lighting system of street lighting and which has served its purpose, was discharged and a new committee with J. B. McDonald as chairman was appointed to proceed with the work of securing from property owners and tenants the amount necessary to install the system. Practically all the owners and many of the tenants have agreed to donate their share of the cost; in fact the installation of the system is practically assured.

The directors voted in favor of a Fourth of July celebration and appointed a committee on arrangements, of which C. O. Weingard is chairman. The Chamber of Commerce will assist in financing the cost of celebrating.

Initial steps toward having a big festival during the fall season was also taken, the idea being to inaugurate a festival event that will be a permanent feature each fall. A committee was appointed to effect a permanent organization for this purpose. One feature of the initial festival will be an aeroplane flight.

Major Lillie, of the Wild West Show, who contemplates bringing a herd of 150 buffaloes from Pawnee City, Okla., and placing them on the former Cody ranch, was assured the hearty co-operation of the Chamber of Commerce. It is believed that the presence of this herd of the now almost extinct buffalo will prove an attraction for North Platte. A pasture extending along the railroad the full length of the ranch will be fenced, thus affording to train passengers a full view of the herd. The buffaloes will be brought here in July.

A committee of five was appointed to arrange for the entertainment and banquet to the delegates to the convention of the Nebraska league of building and loan associations which meets in this city June 4th.

Other features pertaining to the forward movement in North Platte was discussed, and the meeting as a whole, was full of the boosting spirit.

The Yeoman Ball Team won in the game with the High School yesterday by a score of 12 to 1. The batteries for the High School were Jones and Clabaugh and for the Yeoman were H. S. Husband and Miller. Jones struck out fifteen men and Husband struck out twelve. Three hits were made off Jones and nine off the high school pitcher. The feature of the game was the triple play in the fifth inning by the Yeoman.

Dr. Saddler, of Hershey, has just purchased a gray model 30 Buick roadster of the J. S. Davis Auto Co. The doctor has been driving a Buick car for two years.

E. H. Davis left this morning for Central City to be present at the dedication of the new court house.

Be sure to see us about our lots in the Dolson addition. Located just north of new round house. Ideal location for round house and shop men. If you are interested as an investor and want your money to make you better than good interest, or if you are working for the company and your work takes you to the new round house be sure to look into this proposition.
C. F. Temple.

Buick Runs 24 Miles on Gallon of Gasoline.

In Boston the other day, a delegation of newspaper men took it upon themselves in the interests of clean journalism, to probe into the claims made by the Buick Motor Company that they could make 24 miles on a gallon of gasoline. The delegation consisted of J. J. McNamara, of the Post, John E. Mahoney, of the American, J. S. Murphy, of the Herald, and T. S. Parker, of the Christian Science Monitor.

The gasoline was purchased at an independent garage, and hydrometer test showed it to be of 63 grade. The only way in which the Buick differed from the standard model was in the quart gasoline tank installed on the dash board. Disconnections were made between the standard gas tank and the carburetor.

For a great part of the distance covered, the route lead into the face of a stiff wind, but by the time the last drop was gone and the car coughed to a stand still, the speedometer registered 12.2 miles, or 24.4 miles to the gallon. "With the price of gasoline going up as it is," says "Trainload" Collins, general sales manager, "these tests are of interesting significance. The Buick always gives a man a long run for his money."
