

Spend the Fourth at North Platte.

The North Platte Military Band has made a contract with the largest carnival organization to furnish sixteen high class attractions for the week of June 30th to July 6th, inclusive.

The Fourth of July committee who represent the Chamber of Commerce have joined hands with the band boys and the carnival company and North Platte will celebrate this year the greatest Fourth they have ever attempted. In addition to the fire boys having hose races and etc., for prizes, there will be a ball game, a big parade, fireworks at night and three free attractions will be furnished by the carnival company, besides the committee will furnish free lemonade at the court house at the noon hour for all those who bring their dinners.

The amusement features of the Rice and Dore Water Carnival who furnish the attractions are new to this section of the country, in fact if you have never witnessed the big water spectacle at the New York Hippodrome, you must see this wonderful marine entertainment. Dozens of daring and charming young girls float about in the water as naturally as would the fabled mermaids, disappearing time and time again, staying under the water from ten to fifteen minutes at a time, and the back drive from a pedestal 11 feet high into the shallow tank is startling. When one sees the various feats performed in water, one could be led to think he were subjected to hypnotic influence, as it does not seem possible for one to stay as long under water as do these nymphs.

Another attraction that will be very interesting is the Motordrome or the Death Whirl, it is said to be the most thrilling nerve racking exhibition that has ever been offered the public. Motorcycle racing demons of international reputation give demonstrations of what terrific speed can be maintained on a circular saucer track that stands almost perpendicular in construction.

Olaf Johnson and family, of Gaslin precinct, visited friends in town yesterday. He made the trip in his new Buick car.

Crop Reports Optimistic.

Railroad freight men are watching the growing crops of Nebraska's small grain closely, noting changes in conditions as rapidly as they occur. They look upon the next ten days as the most critical period for the wheat, predicting that this period will tell the story.

Relative to the crop at this time Frank Fowler has this to say in his weekly report: Conditions are ideal. The hot weather of the last few days removed the only complaint on corn and oats, for which it previously had been too cool. The dry weather has now given the farmers an opportunity to cultivate their corn, which is now perfect.

There is a promise for the largest total crop that Nebraska has ever harvested. The promise is for a wheat crop of from 50,000,000 to 55,000,000 bushels which with perfect condition for the next few days can be swelled to 60,000,000 to 65,000,000 bushels, or just as easily, by imperfect condition, be reduced to 35,000,000 to 45,000,000 bushels.

The Burlington's weekly crop report is fully as optimistic as any previously issued.

Always Ready For Use

You don't have to coax the fire when you get home late or when you get up early if you have a

New Perfection Oil Cook-stove

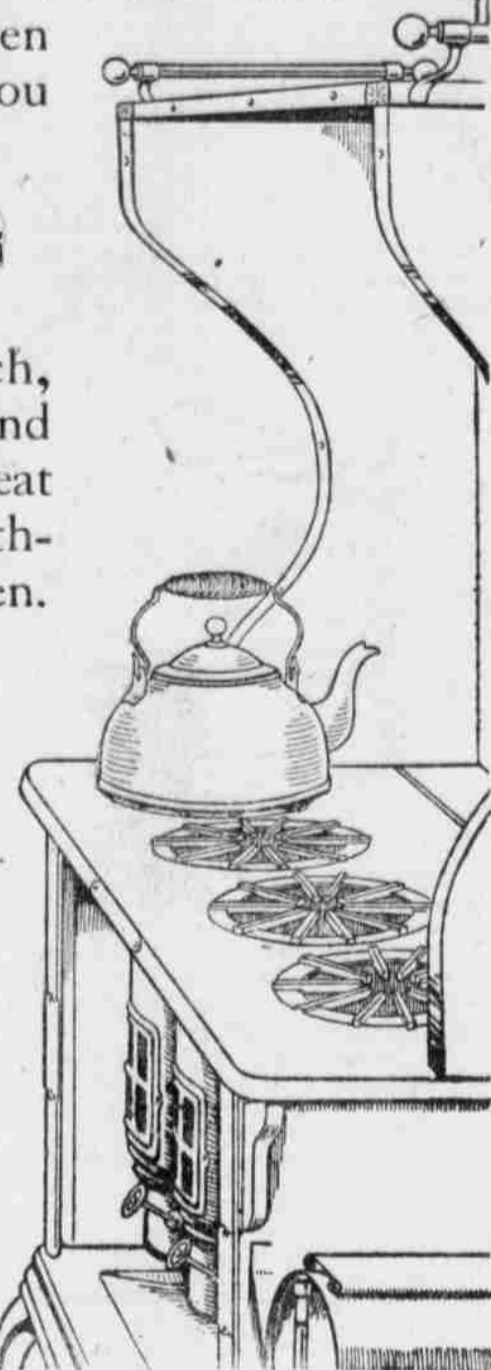

Just strike a match, touch it to the wick, and you have the right heat for cooking anything, without overheating your kitchen.

No coal or wood. No dirt or ashes.

The New Perfection is made with 1, 2, 3 and 4 burners. Indicator shows how much oil is in the tank.
