A Successful Homesteader.

Henry B. Attebery, living seventeen miles northwest of Sutherland, called at the U. S. land office a few days ago to receive the patent for his homestead. Mr. Attebery took his claim in the spring of 1909, and prior to that time had worked as a carpenter in the east part of the state, and lived in sort of a hand to mouth fashion. When he arrived on the homestead he had \$70 in cash, a plug of a team and a wagon which he purchased on time, and a wife and five children. He put up a sod house for summer shelter, and bought a plow and cultivator, paying part cash and securing credit for the remainder. Today he has good homestead buildings, seventeen head of horses, twenty head of cattle, 105 acres in corn, 70 acres in wheat and rye, a deed to 640 acres of land worth \$4,000 or \$5000 and doesn't owe a penny. Had Mr. Attebery continued working at his trade up to this time he would probably have saved a couple of hundred dollars; today he is worth \$7,000 or \$8,000 and he made it in four years. Many other homesteaders have done as well or better than Mr. Attebery.

Flow of Water in the River.

According to the records in the office of Division Superintendent R. H. Willis the Pathfinder reservoir reached its maximum storage on June 16th this year, when it showed 634,760 acre feet. The inflow on June 24, 1913, was 2100 second feet, and the outflow on the same date was 3,200 second feet, while the storage was 622,590 acre feet. On June 26 there was flowing past Whalen, Wyo., 2,246 second feet; there was flowing into Nebraska on June 25, 3,058 second feet, and past Bridgeport on the 26th, 1,680 second feet.

Wm. Diedrich, owner of the Maxwell Coliseum building, was a Brady visitor last Sunday. Bill still plods around through the hot sands bare-footed and appears not to be at all interested in the shoe trust investigation. —Brady Vindicator.

H. Schuster, of Columbus, has begun the construction of an alfalfa mill at Hershey on the site of the one that burned. The building will be 28x60 feet and the capacity of the mill will be from fifteen to thirty tons per day. Mr. Schuster will also submit a bid for furnishing the lights and pumping the water for the village.

The work of harvesting the small grain has commenced and the general opinion seems to be that the yield will be the best for many years. The winter wheat and rye are particularly good, and while the three hot and windy days of last week damaged the spring wheat to some extent, the favorable weather that followed, with the rains of Sunday and Monday night, will carry the crop along in pretty good shape until it is ready to cut, which in most cases will be next week. —Wallace Winner.

DEEDS, NOT WORDS

North Platte People Have Absolute Proof of Deeds at Home.

It's not words but deeds that prove true merit.

The deeds of Doan's Kidney Pills, for North Platte kidney sufferers, have made their local reputation.

Proof lies in the testimony of North Platte people.

J. C. McGowan, 321 So. Chestnut St., North Platte, Nebr., says: "Six months ago I had an attack of kidney trouble and suffered from all the aches and pains that accompany this disease. I began using Doan's Kidney Pills, procured from McDonnell & Graves' Drug store (now Schiller & Co's) and it required only one box to rid me of every symptom of the trouble. The cure has proved permanent. I have also given Doan's Kidney Pills to our little girl who suffered from backache and a kidney weakness and they proved equally satisfactory."

By C. C. MITCHELL, Lecturer

JOB was no poet, preacher or president, but a big, healthy, wealthy, happy, honest, manly man of the street. He was a business man. I am glad of the change. I am getting tired of studying life from the angle of poets, preachers and presidents.

The trouble in the world today is not in the social system, but in the human system.

Many apostles of righteousness are killing woodpeckers, thinking they will stop the rot at the heart of the tree.

You don't have to feed all men angel food to keep them good. Job was a millionaire reduced to an object of charity in two hours.

First honors go to Job. Satan struck him a solar plexus blow and all that it did was to send him to a prayer meeting.

Character is God's big job. He was only amusing Himself when He made the stars and built the fire in the heart of the sun.

He wants men with knot, gnarl and soul twist to them; moral giants with which he populates His eternities.

If ever the Almighty made a blunder it was in his selection of Adam instead of Job with which to start Eden.

The accident of birth is something I don't know much about. This tin spoon and silver spoon business has not been made plain in my arithmetic.

Job was big. Hence when a man like this jumps the track you are going to see a wreck. He was no hand car.

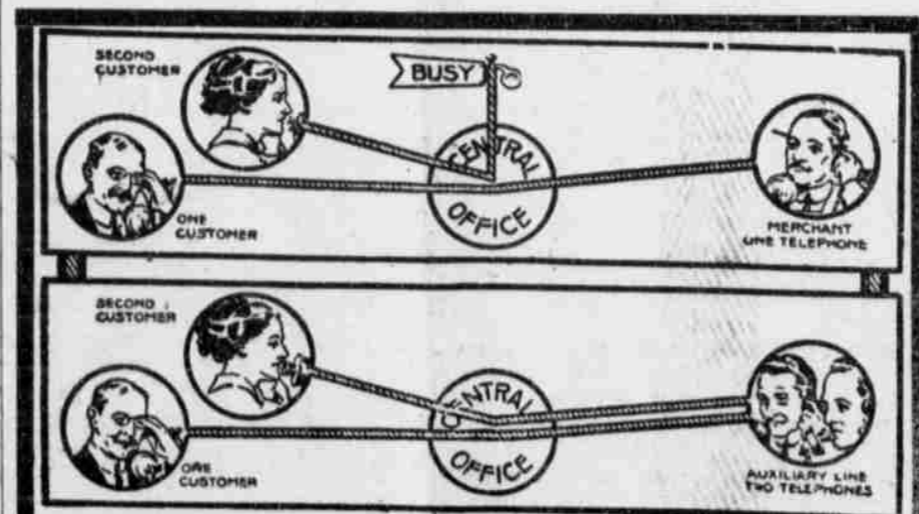

If you want to get rid of a lot of suckers who feed upon you, just go into bankruptcy.

Some men are like rivers. They are largest at the mouth. OBEYING GOD IS NO GUARANTEE OF A 50% RAISE IN SALARY.

It is not piety that gets dollars. It is push, genius or unadulterated gall.

God has not promised to keep a man fat, well and happy, even if he does pray three times a day with his face turned toward Jerusalem.

Pink tea soldiers of the cross will be so far back, they will have to use long distant telephones to know what is going on.

Who Gets YOUR Telephone Calls?

With only one business telephone line, there must be times when customers try to reach you and find the line "busy." Some won't complain to you; they'll switch over to your competitor.

An auxiliary line and telephone relieves the over-worked single telephone, and costs but little more.
