## \$15,000 More State Taxes.

The state levy taxed against Lincoln county for 1913 is \$41,608.40, as compared with \$26,685.82 for 1912, an increase of \$15,000. This is the heaviest increase in years and is accounted for by the fact that the expenses of the state are increasing rapidly each year while the assessed value of property increases slowly. This increase will not be relished by those who feel that taxes are already too high.

North Platte made three runs in the first inning, one in the second, two in the fifth and one in the sixth.
