Mrs. Lester Walker Injured.

Mrs. Lester Walker, Sr., was seriously injured Wednesday afternoon when she slipped on a rug at the Halligan residence and in falling suffered the fracture of a bone in the left hip. Doctors Wurtelle and Drost were called, Mrs. Walker carried home on a cot, and an examination developed the injury to be somewhat complicated.

Today an examination by the x ray will be made in order to ascertain the exact conditions. In the meantime the hip and limb have been tightly bound in splints and a weight attached to keep the hip rigid. In addition to the injured hip, Mrs. Walker's left wrist was badly bruised.

Following the accident and while the examinations were being made Wednesday night and yesterday, Mrs. Walker suffered much pain, but last night rested comfortably. Under most favorable conditions it will probably be several weeks before Mrs. Walker will be able to get around. The accident is regretted by many friends.

He is also in correspondence with other teams of the state league for games for the tournament which will be held during the fall festival. The state league season closes September 8th, and if the teams do not disband for a week or so it is believed at least four of the state teams can be secured to participate in the tournament.

Ralph Belcher Shot.

Ralph Belcher, who lives in the Fourth ward and is employed as a car repairer, was brought to town the early part of the week suffering from a bullet wound in his left side. The shooting occurred Saturday evening just over the line in Logan county. Belcher and his wife had trouble and she left him and went to the home of her parents in Logan county. Belcher later followed her, and it is said, the quarrel was renewed. Fearing that Belcher would do violence to his wife, a brother of Mrs. Belcher picked up a 22-calibre rifle and shot Belcher, the ball entering the left side and lodged in the back, where it still remains.

No complaint has been filed, against the young man who did the shooting, but yesterday Belcher was served with a warrant to keep the peace by the sheriff of Logan county. Mrs. Belcher evidently fears retaliation on the part of her husband when he recovers.

Americans Leave Mexico

Americans in Mexico are heeding President Wilson's warning to get out and State department officials believe that two weeks hence there hardly will be 1,000 of them left in the troubled southern republic. Although many had refused to consider leaving before the word came, of the president's urgent advice, hundreds have been starting for home or abroad during the last three weeks and it is estimated that nearly 10,000 or about as many as still are in Mexico, have gotten away.

Of those now preparing to leave 4,000 will need help from the government, so the \$100,000 appropriation asked for by Secretary Bryan some time ago to aid refugees will be needed immediately. Of the 4,000 about 3,000 will come out by the east coast ports and the northern border, the other 1,000 through west coast ports.
