

Rheumatism Is Torture

Many pains that pass as rheumatism are due to weak kidneys—to the failure of the kidneys to drive off uric acid thoroughly.

When you suffer aching, bad joints, backache too, dizziness and some urinary disturbances, get Doan's Kidney Pills, the remedy that is recommended by over 150,000 people in many different lands.

Doan's Kidney Pills help weak kidneys to drive out the uric acid which is the cause of backache, rheumatism and lumbago.

Here's proof. A SOUTH DAKOTA CASE

W. R. Smart, Belle Fourche, S. D., says: "Rheumatism caused me terrible suffering. I had to give up work. I had to be lifted around and was perfectly helpless. Doan's Kidney Pills acted like magic in driving away the rheumatism. It soon left me entirely and I haven't had an attack since."

Bears the Signature of Dr. J. C. Fletcher. In Use For Over 30 Years. Children Cry for Fletcher's Castoria

A Fact. "My dear, those high-heeled shoes were a blunder on your part." "I guess I did put my foot in it."

Perfectly Safe. "Better lap up that spilt milk," said the first cat. "If the missus sees the mess you'll catch fits."

"Not me," said the second feline. "The woman I live with blames everything on her husband."—Louisville Courier-Journal.

Efficiency. The modern method of accomplishing two things at once in the performance of a man's household duties was recently illustrated by a North Cambridge young man. This young man was industriously mowing the large lawn in front of his house by pushing a mower in front of him with the same industry he was giving his baby a ride by dragging the baby carriage behind him with the other hand.—Boston Journal.

Very Warm. A party of commercial travelers were drawing the long-bow and spinning yarns of wonderful adventures on sea and land. A silent listener sat in the corner. Presently one of the company addressed him. "Have you traveled much, sir?" "A little. I've been round the world seven times."

"Then you must have had some striking experiences. Perhaps you would like to tell us one or two."

"Well," said the stranger, "perhaps the most remarkable was on my last voyage. At one time we found the heat so terrific that we used to take it in turns to go down into the stokehold to get a cooler."

GROWING STRONGER Apparently, with Advancing Age.

"At the age of 50 years I collapsed from excessive coffee drinking," writes a man in Mo. "For four years I shambled about with the aid of crutches or cane, most of the time unable to dress myself without help."

"My feet were greatly swollen, my right arm was shrunken and twisted inward, the fingers of my right hand were clenched and could not be extended except with great effort and pain. Nothing seemed to give me more than temporary relief."

"Now, during all this time and for about 30 years previously, I drank daily an average of 6 cups of strong coffee—rarely missing a meal."

"My wife at last took my case into her own hands and bought some Postum. She made it according to directions and I liked it fully as well as the best high-grade coffee."

"Improvement set in at once. In about 6 months I began to work a little, and in less than a year I was very much better, improving rapidly from day to day. I am now in far better health than most men of my years and apparently growing stronger with advancing age."

"I am busy every day at some kind of work and am able to keep up with the procession without a cane. The arm and hand that were once almost useless, now keep far ahead in rapidity of movement and beauty of penmanship."

Name given by Postum Co., Battle Creek, Mich. Write for copy of the little book, "The Road to Wellville."

Postum comes in two forms: Regular Postum—must be well boiled. Instant Postum is a soluble powder. A teaspoonful dissolves quickly in a cup of hot water and, with the addition of cream and sugar, makes a delicious beverage instantly. "There's a reason" for Postum.

OPEN PEACE PALACE

Dedicate at Hague Building for Great Arbitration Court.

Many Nations Donate Materials for Structure, Which Cost \$1,500,000, and Was Donated by Carnegie. —Four Men Are Honored.

The Hague, Holland.—The palace of peace was dedicated with impressive ceremonies here. It is the gift of Andrew Carnegie, who in 1903 placed at the disposal of the Dutch government the sum of \$1,500,000 for the purpose, as expressed in his offer, "of erecting and maintaining at The Hague a court-house and library for the permanent court of arbitration established by the treaty of July 29, 1899."

To provide for a site for this, the first structure ever erected for such a purpose, the Dutch government appropriated \$275,000. The site is in a section of wooded and hilly park stretching from The Hague to Schevengem. The corner stone was laid July 30, 1907.

A world-wide competition for plans and designs for the peace palace was established, and the first prize was awarded to M. Cordoniere, a Brussels architect. The building as completed, however, does not represent the original plan, the Carnegie committee having reserved the right to modify all designs. With M. Cordoniere's plans for a foundation, Mr. Van de Steur was appointed to carry out the modified design and remained in direct control of this work until the completion of the building.

The palace of peace as completed does not represent any precise style of architecture, but it is regarded by architects as one of the most impressive of modern buildings to be seen in Europe. Rectangular in shape, it forms roughly a square 85 yards by 86 yards, and incloses a beautiful formal garden. On three sides the build-

Andrew Carnegie.

ing constitutes the courthouse, and on the fourth or west side are the quarters of the library. The facade of the second floor is adorned with statues, the figures representing science, agriculture, art, navigation, commerce, industry, conscience, eloquence, will-force, study, authority, humanity, constancy and wisdom. All the main windows of the great court are guarded by statues of justice and law, and over the central gable above the main entrance stands a figure of peace, hands resting on the

Protestants Build Magnificent Structures in New York Downtown Section.

New York.—New York city is held to be the most difficult church field in the world because of its high land values, its excessive salaries to clergy, higher than any other city, and its downtown problems, which now extend to all of Manhattan island and fully half of Brooklyn. For Protestants it is held to be especially difficult because 1,250,000 of its Christians are Roman Catholics. At the same time there are 900,000 Jews in the city.

Yet this fall new edifices for Protestant work are to be opened to the value of \$3,500,000. Almost all of these edifices are in what are termed downtown districts. What is more, every dollar is subscribed. Every building opens without mortgage debt. While the Episcopal cathedral of St. John the Divine is taking large sums, not a dollar of the sum named is represented by it. A very small part represents buildings on the cathedral grounds, but nothing of the cathedral itself, or any of its chapels. In almost all cases it represents only buildings to be actually thrown into use this October. Beside it, for future openings, there are under construction downtown structures to the value of about \$2,000,000, for which all the money is subscribed.

In Brooklyn, in its furthest downtown section, the Beecher Memorial is to be opened in October, in connection with Plymouth church. Its cost exceeds \$250,000. A new Baptist church is building in Manhattan at a cost of \$400,000. The famous Fifth Avenue Presbyterian church is being enriched at a cost of \$75,000, and the West End Presbyterian enlarged at a cost of \$60,000. One new Presbyterian church is to be opened that is costing \$300,000. A new choir school building costing \$200,000, a new synod hall costing \$350,000, and new churches costing \$1,600,000, the last two Epis-

THAW'S "GUARDIAN ANGEL"

Ever since Harry Thaw was a boy his sister, Mrs. George Lauder Carnegie, has been termed his guardian angel. That the title has not been conferred upon her without deserving it, has been proven many times during the past seven years, or ever since the killing of Stanford White. When Thaw was arrested in Canada Mrs. Carnegie, with her husband, hastened to his side. The picture was taken at Sherbrooke, Canada.

HORSE THROWS MISS WILSON

President's Second Daughter Is Found Unconscious Beside Road by Doctor.

White River Junction, Vt.—It became known here that Miss Jessie Wilson, second daughter of the President, was thrown from her horse and injured. She is said to be suffering from many bruises, but her injuries are not severe.

As Dr. Charles W. Worthen of White River Junction was on his way to visit a patient at Plainfield, N. H., the other day he came upon a young woman lying unconscious by the road-

side of a sheathed sword, around which are swathed scrolls. Just below, over the corridor, stand two lions. All the statuary, however, is not confined to the symbolic. Four men have been honored by busts. These are Hugo Grotius, who has been called the pioneer of international law; King Edward VII, Sir Randall Cremer and William T. Stead, the English writer and peace leader who perished on the Titanic. The bust of Cremer was the gift of the International Arbitration league.

Within, all that modern art and skill could do to symbolize the purpose of the palace has been devoted to the decoration. The grand marble staircase, which forms the main entrance, is illuminated from a group of stained glass windows, showing peace shedding rays of light on art and science, land and sea, commerce and industry; while on the left and right are other stained glass windows depicting the ancient horrors war, and above them are companion panels of terror and death. The great court is an imposing hall, about 74 feet long by about 40 in width, and rising to the full height of the palace. It will accommodate about 300 persons. At the rear, facing the bench or presiding officer's stand, is an enormous arched stained glass window. To one side of it is a draped figure of justice bearing a sword, and to the other truth surveying her nakedness in a mirror. Over the throne is a huge oil painting, a gift of France. To the left of the great hall are the arched galleries for the use of the public. The walls are paneled with oak, and the ceiling is of embossed oak in wonderful designs.

Penalty for Wife Beating.

Pittsburgh.—That they may have a taste of their own medicine, wife beaters here will in future be compelled to face the "wife beaters' squad," a sextette of brawny policemen. Any man convicted of wife beating will have to "go one round" with each of the policemen, otherwise he will be given the full limit of the law.
