North Platte, Nebraska.

Another Convention This Month

That North Platte is recognized as a convention city is again demonstrated by the fact another convention will meet in this city October 20th and 21st. The Northwestern Nebraska Dental Convention will be our guests on those dates. This association includes Kearney, Hastings and Grand Island and towns north and west of these places. There will also be a number of dentists from Omaha, Lincoln and other towns outside of this district. North Platte is a much talked of town through the state and a large number have signified their intention to be here. The convention will be held in the Masonic hall. The first session will be Monday evening and will be a public meeting on Oral Hygiene under the auspices of the Twentieth Century Club of North Platte. This club is to be congratulated on being able to secure three of the best speakers in the state on this subject.

The sessions Tuesday will be occupied by addresses and discussions on live subjects of importance to the dental profession.

Somerset Institute.

The annual farmers' institute at Somerset will be held Wednesday and Thursday of next week, an afternoon and evening session Wednesday; morning, afternoon and evening sessions Thursday. Those who will make addresses are L. W. Leonard, of Pawnee City, who will speak on live stock management, Nebraska farming and the value of purebred sires, three live subjects; V. E. Shirley, of Central City, whose subjects will be handling poultry profitably and a profeasion or a job; and Miss Aural Scott, of Lincoln, who will talk on well balanced meal and home making or a job. Premiums are offered for the best exhibit of live stock, farm produce, domestic science and needle work.

To the Public.

From present indications the city of North Platte is about to experience the largest gathering of strangers ever known to the city, and for a protracted time, by reason of the government land drawing of the North Platte Forest Reserve and Niobrara Indian Reservation. We may expect commencing with next week, upwards of 1,000 strangers per day for a period of two weeks, and some days this number will be much larger.

Our accommodations for provision and entertainment will be taxed to the utmost, and it behooves our people generally to make personal sacrifice to see that visitors and strangers are not only provided with shelter and food, but that courteous treatment and generous hospitality is accorded.

We will benefit, as a community, in proportion as our reception to these strangers is cordial, and I urge that the price of all commodities be maintained at standard prices, and that the public assist the officers in preserving peace and harmony by giving every man a fair deal.

Respectfully,
E. H. EVANS, Mayor.

"Uncle Tom's Cabin."

Local theatre-goers will be interested in the announcement of the appearance next Saturday, October 11, of the favorite southern drama, "Uncle Tom's Cabin" the greatest of all emotional plays.

The company has been selected with great discrimination, and in the matter of scenic equipment and accessories the presentation of Uncle Tom's Cabin will measure up to a high standard. The engagement at the Keith theatre is for matinee and night and the following special prices will prevail: Matinee adults 25c, children 15c, any seats, Night 25, 35 and 50 cents.

Lost on the road west of the McNeel ranch a floursack containing whip cord waist, cloth top overshoes and other articles on Sept. 28th. Finder please return to the D. B. McNeel ranch or this office and receive reward. 742-

Report of Good Roads Meeting

The largest and most enthusiastic good roads meeting ever held in the state convened at Central City, Nebraska, October 8th, at the annual meeting of the Platte Valley Goods Roads Association.

North Platte was represented by T. C. Patterson, M. J. Forbes, O. H. Tholecke, Charles Temple and County Surveyor Cochran. Maxwell by A. F. Nugent and Brady by Robert Beatty and Mr. Pulliam.

The meeting was addressed by Vice-president Pardington of the Lincoln Highway Association, H. E. Frederickson, Consul for Nebraska, for the Lincoln Highway Association, Congressman Dan Stephens of Fremont, and others.

Mr. Pardington assured the meeting that the Lincoln Highway was irrevocably located through the Platte Valley along the line of the Union Pacific railroad and as near the railroad as practicable, and that the engineer of the Lincoln Highway association would within thirty days in conjunction with the local authorities definitely locate the Lincoln highway.

Mr. Frederickson, among other things, informed the meeting that the Union Pacific Railway Company would do all in their power to promote the speedy building of the highway and to that end would grant the right of way for the highway wherever desirable on the outer 66 feet of the railroad right of way and would furnish Sherman gravel for the highway free and would carry the same at the lowest rates that would be approved by the interstate commerce commission.

Mr. Frederickson also outlined the plan of the Lincoln Highway Association to raise a fund of ten million dollars by popular subscription, over half of which has already been subscribed. Subscribers to this fund become members of the association and on the pay-

ment of \$5.00 or more receive a handsome engraved certificate of membership suitable for framing, a membership card that can be carried in the pocket and a handsome engraved brass plate suitable for attachment to the front of the automobile radiator.

These certificates will be placed on sale at all of the cities and towns through which the highway will run, and the proceeds will be deposited in the local bank to the credit of the Lincoln Highway Association, there to remain until the full ten million dollars are subscribed when the association will proceed at once to the building of the permanent highway.

It was determined at the meeting to set apart October 31st for the holding of local good road meetings in all of the towns and cities along the line of the highway in Nebraska to celebrate the location of the Lincoln Highway through the Platte Valley Nebraska.

North Platte is very fortunate indeed in being one of the cities favored with the location of great National highway, and should show its appreciation by a liberal purchase of the membership certificates, which will be on sale at each of the North Platte banks and garages.

FOR SALE.

Bratt & Goodman have many bargains in nice homes and vacant lots near the new round house very cheap. Also farms and farm land which can be bought on easy payments. See them before you buy.

Petitions for More Sewers.

Petition have been presented to the city council for the formation of two additional sewer districts in the south part of the city. One of the petitions was faulty and had been returned to the petitioners for correction. When corrected the two districts will be organized at the same time, and bids for the construction of both will be let on the same date.

Schatz will be "Doing It" again next week.

Socialism

Rev. George C. Porter of the Presbyterian church of Morrill, Neb. will lecture at the court house Tuesday evening, October 14th. Subject will be Socialist Skirmish Lines and Solidarity. Everybody welcome.

Lease City Lot.

The city council at its meeting Tuesday evening made a lease of portions of the city lot on Front street to J. A. McMichael and J. E. Jefferies. The former will erect a carpenter shop and the latter a blacksmith shop. The lease is for no definite time and may be terminated by the city on thirty days' notice.

Second Request for Gas Franchise

It is probable that the city council will receive another request for a franchise for a gas plant by an Omaha party other than Frank T. Hadley who now has a franchise ordinance pending before the council. This second party will seek a franchise for an exclusive gas plant for heating and lighting purposes.

That two different parties should desire a franchise is evidence that North Platte is regarded as a profitable field for a gas plant.

If a franchise is a valuable asset to the promoters, why not have the city reap some benefit by demanding a certain per cent of the gross revenue of the company for the privilege of having the franchise?

FOR RENT.

Nice 7 room cottage with bath, etc. Other houses, storage room and safe deposit boxes by Bratt & Goodman.

Frank Pielsticker and Harry Fleishman spent Wednesday in Herabey attending the short course week.

Mr. and Mrs. Peck moved Wednesday into their new home which they purchased in the Taylor addition.

The next meeting of the North Platte notarial association will be held in the Federal court room of the government building tomorrow afternoon.

Platte Valley Items.

Miss Hazel Mason left Sunday afternoon to take up her duties Monday morning as teacher in district 106.

The Platte Valley aid society will meet all day Thursday in the basement of the school house. Let every member be present.

Fourteen young people, members of the Platte Valley Sunday school, were entertained Saturday evening at the home of Mrs. James Mason at a party given for her daughter Hazel who left Sunday afternoon to take up her school work. The evening was spent in games and music after which refreshments were served.

Sunday school at the Platte Valley school house every Sunday at 2:30 p. m. east time. Preaching every two weeks.

Frank D. Mylander, who was reported to be quite ill last week, was a Platte Valley visitor Sunday.

A Powerful Play.

The Paul Gilmore Players will make their first appearance in the "The Havoc" at the Keith theatre next Monday evening. Mr. H. S. Sheldon's powerful act play was one of the reigning successes on Broadway for one entire year. Playgoers will remember The Paul Gilmore Co's powerful acting in "The Mummy and the Humming Bird" and will undoubtedly welcome an opportunity to witness "The Havoc." One critic has put himself on record as having said that The Paul Gilmore workers in "The Havoc" have the power and will do more good from a moral stand point than a million Billy Sundays.

Notice to Contractors.

The Mutual Building & Loan Association of North Platte will receive sealed bids up to Oct. 11, 1913, for the erection of a pressed brick and re-enforced concrete office building. Plans on file with Bert M. Reynolds, Architect. The owners reserve the right to reject any or all bids.

Miss Ethel Loudon has accepted a position in the Telegraph printing office and began work Monday.
