Land Drawing Now in Progress

Nearly seventy-seven thousand persons, living in more than one-half of the states in the union, will eagerly await today and tomorrow the result of the land drawing which is being held in North Platte today. Among those nearly seventy-seven thousand persons will be distributed 362,200 acres of land, divided into 544 tracts of 620 acres each and ninety-four tracts of 160 acres each. It is generally conceded that the first 100 numbers to be drawn are valuable, worth probably from \$12,000 down to \$4,000, and that the remainder are worth \$1,800 to \$2,000; that is that amount can be realized for them when a deed can be given. Naturally, therefore, each registrant is anxious to secure as low a number as possible.

The arrangements made for the drawing are very complete. An enclosure twelve by eighteen feet, surrounded by wire netting four feet high, form the bin in which the envelopes containing the registrants' cards were dumped. These envelopes were thoroughly stirred, so that those coming from Broken Bow and Valentine were well mixed with those of North Platte. Two little girls, Ruth Elder and Mabel McFarland, pick the envelopes from the pile, hand them to an announcer, who reads the name and address on the card. The cards are then sent by messenger to Supt. Whitten's headquarters in the federal building, where the names and addresses are transferred from the cards to typewritten sheets and mimeograph copies made for office use as well as for the daily press.

The Western Union and the Postal Telegraph companies have established offices at the opera house for the convenience of the press correspondents, of whom there are a dozen or more here.

MRS. ADA LEWIS, 510 E. east Fifth St.

Mrs. W. J. Stuart entertained at a luncheon yesterday complimentary to Mrs. S. H. Donehower, of Peoria, Ill., who has been visiting relatives in town. Plates were laid for eight.

Preliminary to the land drawing today a meeting was held at the opera house last evening at which Judge Whitten gave an address of instruction as to the mode of procedure for those who draw land. The opera house was filled with men who were interested in this matter.

Through the courtesy of Keith Neville the members of the high school football team were presented with macinaw coats yesterday. Mr. Neville has coached the teams for several seasons and they have responded so cheerfully and willingly to his coaching that he naturally feels interested in them.

A school entertainment and social was given at Nichols last Friday evening for the purpose of raising money to purchase a few necessary articles for the school. A large crowd was entertained and as a result the baskets sold high. The number of baskets sold was 27 and the amount realized was \$34.65, or an average of \$1.28 each.

The report from Chicago that the engineers and trainmen of western roads are making a concerted demand on western roads for a new schedule is wrong. The demand is being made by engineers and fireman the two organizations, for the first time in history, appear to have acted in concert. The army of engineers on the roads west of Chicago on October 10 served notice that they would demand a new schedule, call for better working condition and in some cases greater pay. Because they had to give thirty days notice under their old schedule the demand will not be taken up by the railroad until November 10. The trainmen are not concerned in this demand.

The Platte Valley aid society will hold an apron sale at the school house Friday evening, October 31. The ladies will serve one of their famous; chicken pie suppers in the basement price 25 cents. The school children will give a short Halloween entertainment. Let everyone come and have a good time. COMMITTEE.

A Marvelous Escape.

"My little boy had a marvelous escape," writes P. F. Bastians of Prince Albert, Cape of Good Hope. "It occurred in the middle of the night. He got a very severe attack of croup. As luck would have it, I had a large bottle of Chamberlain's Cough Remedy in the house. After following the directions for an hour and twenty minutes he was through all danger." Sold by all dealers

Goes South as a Tutor.

Miss Edith Gantt leaves tomorrow for southern Mississippi where she goes to become a tutor in the family of W. E. Guild, a wealthy lumberman. Mrs. Guild is a sister of Edgar Schiller, and Miss Gantt was engaged upon recommendation of Mr. Schiller. Her tutoring will be confined to one child, and her salary will equal the average paid North Platte teachers.

Push Mobile Tourists.

Fred Jergens and John DeLion, en route from Philadelphia to San Francisco, and pushing a 550 pound imitation of an automobile on which is loaded their camp equipment, arrived in town Sunday night and remained until today. The boys left Philadelphia July 11th, and have traveled about 1800 miles. The trips made for novelty and experience, and expenses are made by selling post cards at a nickel each.

Celebrate Last Night.

As a finale to the closing of the two weeks' registration and at the same time furnish a little amusement for the visitors in town, an impromptu celebration was held on the streets last night. The band gave a concert at Sixth and Dewey, there was a liberal display of fireworks and a big bonfire was built at the street intersection. To create a little more excitement, the fire whistle was blown, the department made a run to the bonfire and to add a little spice, more or less water was turned on the crowd. The music and fireworks brought out a crowd that filled the streets.

The Platte Valley Line.

The Bridgeport Blade in its last issue says:

The News-Blade has been reliably informed this week that the engineering department of the Burlington road is busy with the preliminary outline for the Bridgeport-Kearney line, which it is proposed to construct with all possible speed.

Without doubt the activity displayed by the Union Pacific in reaching out for the passenger business of this valley has prompted the Burlington to get busy, and the Sunday service from Bridgeport west which was established this week, is the first move of the Burlington to offset the effect of the U. P.'s coup.

Drugs.

For all acute or chronic diseases, the indicated Homeopathic remedy always the safest, quickest and best. TWINEM'S DRUG DEPT.

Weather forecast for North Platte and vicinity: Snow flurries this afternoon, fair tonight and Wednesday, much colder tonight. Rising temperature Wednesday. Diminishing northerly winds. Highest temperature yesterday 63, a year ago 81; lowest last night 27, a year ago 41.

Miss Elsie Garman, of Bignell, left for Sutherland yesterday after spending several days here with friends.

Criminals and Crimes.

Is the criminal so because he wants to be so? No more wicked fallacy was ever foisted upon a credulous world than this. Nobody at any period of the world ever wished to be criminal. Every one instinctively hates and fears crime. Every one is honest by nature. It is inherent in the soul. I have never met a criminal who did not hate his crime even more than his condemners hate it. The apparent exception is when the man does out consider his act a crime. He has killed because his victim exasperated him to it. He has robbed society because society made war on him. The offender hates his crime.

But he is not ashamed of it? Now, that is true. He is not ashamed of it in the current sense. He hates it, he fears it, but it does not fill him with a sense of sin.—H. Fielding Hall in Atlantic Monthly.

Enterprise.

A well known business establishment recently sent out a circular to the trade with which it has dealings announcing the death of the head of the firm. To the astonishment of the firm, there was received from a printing house the following reply to the circular:

"Gentlemen—It is with deep regret that we learn by your circular of recent date of the great loss sustained by your firm, and we respectfully beg to express our heartfelt sympathy.

"In this connection we observe that your circular is printed by Messrs. Blank & Co. We feel confident that had you placed this order with us we could have quoted you cheaper and better terms than any other firm; consequently in the deplorable event of a future bereavement we trust that you will afford us an opportunity to make you an offer in this regard."—Exchange.

CRYSTAL THEATRE

Tuesday, October 28th

"For the Sins of Another" is a Victor drama produced by Bob Daily in which appear Frank Smith, Lynn Pratt, Fritz Brunette and little Mimi Yvonne. The story is of a son who steals money from the house safe and permits his father's secretary to be blamed. The finding of the guilty person out and the rehabilitation of the innocent make an interesting story.

"Willie's Great Scheme" is a Crystal film telling how he gets a friend to flirt with Auntie, while he makes love to the niece. This is his great scheme and how it works out makes an amusing comedy.

"Poisoned Waters" is a Nestor adaptation of a mythological tale produced by Milton Fahrney. The photography is particularly good. It tells of the curse placed on Roma's fountain by Eady, the witch of Greece.

Tuesday, October 28th

"Genesis 4:9" is a Rex two reel production with Phillips Smalley in the leading role. A torn letter which falls into Mary's hands causes her to marry Tom, though promised to absent Jerry. Tom robs to feed his family and Jerry of the police moves to arrest him, but allows love to conquer. A letter from Mary convinces him he is right. This is one of the plays written by Lois Weber of a psychological nature.

"The Reincarnation of a Soul" is a Powers drama.

Wednesday, October 29th

"Binks Elevates the Stage" and Piffles tries a new Hair Tonic" are two laughable comedies put out by the Imp company.

"The Brute" is a western frontier drama in which a very bad husband "The Brute" in attempting to kidnap a pretty senorita, gets himself into a precarious situation from which he emerges a better and wiser man.

"The Kid" features Katie Fische a very mischievous little girl who plays many pranks and annoys many innocent people. The scenes in this comedy of children and home life in general are very charming.

O. D. Shaner, of Maxwell, spent the latter part of last week in this city on business and visited his daughter Miss Ruey Shaner.

SHERIFF'S SALE.

By virtue of an order of sale issued from the district court of Lincoln county, Nebraska, upon a decree of foreclosure rendered in said court wherein The Mutual Building and Loan Association a corporation is plaintiff, and William H. Barzalough, et al, are defendants, and to me directed, I will on the 28th day of November 1913, at 2 o'clock, p. m., at the east front door of the court house in North Platte, Lincoln county, Nebraska, sell at public auction to the highest bidder for cash to satisfy said decree, interest and costs, the following described property to-wit: Lot six (6) in Block Forty-one (41) of the original town now city of North Platte, Lincoln county, Nebraska. Dated North Platte, Neb., October 27th, 1913. A. J. SALSBERY, Sheriff.

Buick Ranks First in Economy.

Thursday afternoon at 6 o'clock a 1914 B25 Buick touring car left Lincoln for North Platte. The distance was 303 miles. Four gallons of gasoline were added at Grand Island and upon arriving at North Platte 6 1/2 gallons filled the tank to overflowing. This is considered a remarkable mileage record, 25.8 miles to a gallon being the average for the entire distance, which covered miles of dusty roads and fresh grades. The car was driven straight through without a stop and arrived at North Platte at 6 a. m. Friday. The average speed maintained elapsed time was 25 1/2 miles per hour. The engine run perfectly cool and not an ounce of water was added during the entire trip and 1 1/2 quarts of cylinder oil were used. We believe this is a record between the points mentioned in every way.

This was a common stock car, such as we are selling every day and it only goes to show what a wonderfully refined engine the Buick Company is producing.
