Fire destroyed the residence of Wm. Robb, living south of Sutherland Tuesday afternoon, also several stacks of hay belonging to A. K. McIntire and burned across about fifty acres of hay land belonging to Del Titterton before enough help could be gathered to extinguish it. It is thought some campers let their fire get away from them when a strong wind came up, and as the Robb home was in its path and no one at home, it was burned completely down.—Hershey Times.

Si Brown, accompanied by Joe Mahaffey and Mr. Kirk, autoed yesterday afternoon to three miles east of the town of Bignell, where latter gentleman purchased a quantity of hay. While Bignell is now composed of two stores, a blacksmith shop, two or three dwellings, it was evident from the talk that the citizens are living in hope and patiently waiting to hear the whistle of B & M engines.

A boy passing the corner of Front and Locust streets a few days ago narrowly averted having his head crushed by a kick from a horse that was tied to a wagon near the sidewalk. Frequently farmers unhitch their horses from the wagon and tie them to a wheel. This gives the animal an opportunity to back up to the sidewalk edge, and if the horses happen to be vicious the passer-by runs the risk of being kicked.

Wednesday forenoon about 10 o'clock the fire company was called out to 123 west Eleventh street to put out a fire that was threatening the destruction of John Sluts and when he attempted to thaw out a frozen pipe near the cross line tank, the oil ignited and the machine was soon on fire. Before the blaze could be extinguished a small lead pipe or two had melted off and the front seat so badly damaged that it will necessitate being replaced with a new one.

Richie Ugai Married.
Richie Ugai, the well known proprietor of the Palace Cafe, who had been visiting in Japan, will arrive home the latter part of next week. He is returning via New York, and on his trip has encircled the globe.

The interesting feature about Richie's trip is that while in Japan he was married to a young lady of that country, who will accompany him home.

The Cost of Base Ball.
The Kearney base ball association held a meeting Tuesday evening to straighten up its financial affairs, but in reporting the meeting the Hub says: President Kibler had a typewritten statement of the receipts and expenditures of the association for the past base ball season, showing a deficit of \$3,100. As an offset there is a guaranty of forty-six persons pledging fifty dollars each to cover a deficit. Of this several hundred dollars have been collected, leaving a balance uncollected on the guaranty amounting to \$1,830. Many of the guarantors represented in this sum are reluctant to pay, but the association is under the necessity of insisting on payment and collecting all amounts pledged that are collectible. It will be seen from these figures that even after the guaranty is all collected into the treasury there will still remain an overlap of eight or nine hundred dollars.

Notice to Water Consumers
All water consumers who have installed meters in tiles or other receptacles should protect them in some manner from danger of freezing. If a cover is made of boards just small enough to go through opening in the iron meter cover and placed just above the meter and the space above filled in with bags of leaves or hay in sacks to top of tile and the iron meter cover placed on this and an inch or two of manure thrown over the iron cover there will be little danger from frost. See that pipes do not touch tile at the sides and that meter does not touch the ground at the bottom. Meters will not be read again until January 1, 1914, and at that time meter readers will see that meter coverings are replaced as they were before. Those who have meters in basements or under houses should see that no windows near them are broken and that no drafts blow upon the meters as from experience in neighboring cities more meters installed in basements freeze than those installed in tiles.

Evening subjects: What is a Christian?, The Fact and Folly of Sin, Sin alienated Man from God, God bridged the abyss of Man's Sin, Jesus Christ the Key to Salvation. These sermons will be right to the point and the general public is invited to attend any or all of them. Friday evening those having birthdays during the month of October will give a Halloween party at the church. Everyone invited. Lunch will be served. A Marvelous Escape.
"My little boy had a marvelous escape," writes P. F. Bastians of Prince Albert, Cape of Good Hope. "It occurred in the middle of the night. He got a very severe attack of croup. He luck would have it, I had a large bottle of Chamberlain's Cough Remedy in the house. After following the directions for an hour and twenty minutes he was through all danger." Sold by all dealers

Labor Commissioner Will File.
State Labor Commissioner Charles W. Pool, who drew No. 65 in the government land lottery, intends to select a claim either in Grant or McPherson counties where he is at liberty to take 640 acres, or in Cherry county where he may select a quarter section. Like most others who draw government land, Mr. Pool intends to start a town on his land, be elected mayor and perhaps run for governor on the democratic ticket. Mr. Pool can run for governor from his home in the Sixth district, as well as he can from his home in Tecumseh, but he has not yet made the announcement that he intends to be a candidate for either governor or congressman.—Lincoln Journal.

A splendid presentation of "Madame X" was given at the Keith last evening to a good sized audience. The play abounds in strong emotional situations and these were well taken by Miss DeLane. Mr. Trousdale, the leading man, appeared here before in "The Man on the Box."

Avoid Sedative Cough Medicines.
If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicines that contain opium, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedative. For sale by all dealers.
