Farmers' Institute at Maxwell

The officers of the Maxwell Farmers' Institute invite the readers of this paper to attend their institute to be held November 10th and 11th. A good program has been arranged and speakers of note will be on hand to interest and instruct on important topics of the farm and the home. J. F. Coupe, a farm demonstrator in his home county of Thurston, will be with us and speak on "Live Stock Management," and give instruction in stock judging on Monday, and will also give an address in the evening. Tuesday Mr. Shirley, of Central City, a practical poultryman will be with us, also Miss Aural Scott, a university product (but formerly a product of a Boone county sand hill farm and school house) will speak on house economics.

There will be sessions afternoon and evening of both days, and stock judging and demonstration both forenoon. Liberal awards are offered for both live stock and produce. On Monday bring your dinner along and spread it with us and enjoy the day.

Tuesday a dinner and supper will be served by the Baptist ladies' aid society and chicken pie will predominate.

In the forenoon of the 11th an auction sale will be held, and a chance af-

forded to dispose of any excess stock by any exhibitor. This should afford a chance for the buyer or seller of breeding stock to get together.

A general invitation to all is extended. Come, bring your stock or produce and help make the 1913 institute one long to be remembered.

S. S. REYNOLDS, Sec.

Pat Lonergan operated his picture show Sunday evening contrary to the city ordinance, and yesterday an information was filed against him by Chief of Police Frazier. When Mr. Lonergan first opened his show house Sunday evening, the officers requested him to close, but this he declined to do. The case will be heard before Magistrate Walker.

Weather Forecast—Fair tonight and Wednesday, warmer tonight. Moderate, variable winds. Highest temperature yesterday 50; a year ago 54. Lowest temperature last night 27; a year ago 33.

The city is making a big improvement on south Dewey street by filling in the low places with dirt. When packed it will make the popular thoroughfare the best in the city.

Edward Maloney, of Council Bluffs, arrived this morning to transact business and visit friends several days.

INSURANCE

The best and cheapest fire and life insurance is written by Bratt & Goodman.

Bank Deposits Reach \$1,637,678.

If bank deposits are an indication of the prosperity of a community, then we must conclude that the residents of Lincoln county are a prosperous people. Last month the comptroller of the currency and the state banking board united in making a call for statements from the national and state banks showing their conditions on October 21st. This enables The Tribune to present the deposits in each of the eleven banks on that particular day, and the total reaches the sum of \$1,637,678.43. This is equivalent to one hundred dollars for each man, woman and child in the county. These deposits, in the face of a poor crop year, certainly make a fine showing for Lincoln county.

The deposits in each of the banks follow.

First National Bank, North Platte	\$517,734.32
McDonald State Bank, North Platte	326,625.67
Platte Valley State Bank, North Platte	168,376.54

Traveling Man Dies.

F. D. Yoder, whose home is in Kansas City, and who travels for a stock food company, died at the Timmerman Hotel last night of uraemic poisoning after an illness of less than two days. Mr. Yoder had been making his trips through the country by automobile, and about a month ago had an accident in which he injured his back. This injury effected his kidneys, and from these disordered organs the poisoning arose. He arrived in town Friday and the following day complained of not feeling well. Sunday he became worse and physicians were called yesterday, but the poison had so filled his system that no relief could be given him. He sank into unconsciousness during the afternoon and passed away last night.

The parents of the deceased will arrive this afternoon to take charge of the remains.

M. M. Johnson, formerly of this city, who recently moved his family to North Dakota, returned the latter part of last week and will be employed for the Union Pacific.

When James Babbitt severed his connection with the Union Pacific last Friday afternoon after over forty-five years of continuous service, he was presented with a purse of over one hundred dollars by his friends in the shops as a testimonial of the esteem in which he is held by them. This testimonial was so unexpected by Mr. Babbitt, that he was visibly effected, and his thanks to his friends were certainly sincere. Chas. Pass escorted Mr. Babbitt from the shops amid the hearty farewells of his shopmates.

Two men coming from the north in an auto Saturday were stopped at the Locust street railroad crossing by Flagman Buggott, when he discovered the front part of their machine on fire. One of the men became frightened and made his getaway, but the other assisted by the flagman procured a pail of water and killed the blaze. A leaky pipe and hot cylinder caused the incident.

Ball Situation in Kearney.

The Kearney Hub of yesterday said: In Kearney the base ball situation is in doubt. A considerable number who joined in the season guaranty do not want to pay, though all will probably have to do so, and some of the guarantors are knocking hard on staking the team for another season. The fact that Kearney won the championship very handsomely in 1913 does not appear to cut much figure. Unless the tune changes there will not be a league team in Kearney next season, and we will be relegated (baseballically speaking) to the prominent ranks of the has-beens.

Money back guarantee behind each sack of Occident Flour Sold.

Once tried always used

Why We Can Guarantee OCCIDENT FLOUR

INQUIRE the price of Occident Flour. You will find it costs a few cents more per sack than ordinary flour.

That really means little to you if you are satisfied—as you are sure to be with Occident. But it means everything to the millers.

This little difference in price is what enables them to lift the standard of Occident Flour out of the ordinary to "highest grade in the world"—from wheat to package.

It enables them to buy only the finest wheat—direct from farmers—

To maintain great elevators in the wheat belt of North Dakota, where they cure and age their own wheat.

To maintain laboratories where every day's run of wheat and flour is rigidly tested—where they prove absolutely that Occident Flour is the best in the world—for food values, cleanness and baking qualities—

To buy better sacks to protect Occident Flour in shipping and handling. (\$25,000 more are spent every year for the fine, firm Occident sacks, than would be spent for the ordinary kind.)

The Difference Shows In Your Baking

The first cost of Occident Flour is a few cents more—you get the results in your baking.

Try it—you'll say with us it is worth many times the difference. Your Money Back if Occident Is Not the Best Flour You Ever Used.

Go to your grocer and get a sack of Occident Flour. Use it for your next baking—and as many more as you please. If, then, you are not convinced that Occident Flour is the best you ever used—gives surer and better results with all your baked stuff—go back and tell your grocer. He is authorized to refund, without argument, the full purchase price of any package of Occident which you do not find satisfactory.

Isn't that the broadest guarantee, the fairest offer you ever read?

It is for you to make use of today—if you please. You cannot know too soon why and how Occident Flour is better than any other.
