"The Girl and the Tramp."

Fun of the real uproarious kind pre-dominates in Carlos Inskeep's laugh-inducing comedy success, "The Girl and the Tramp" which comes to the Keith Nov. 10th, but there are other things besides. The play tells an absorbing heart story of a supposed wrong to a loving husband, which happily, comes out all right in the end. Then, too, there are a host of startlingly dramatic situations, the explosion of a real automobile, etc. Briefly, it is a performance that should certainly be seen by everyone who enjoys a clean comedy drama. Prices are 75c, 50c and 25c.

Occident Flour Week

November 1 to November 8 at LIERK-SANDALL CO'S STORE

Money back guarantee behind each sack of Occident Flour Sold. Once tried always used

Why We Can Guarantee OCCIDENT FLOUR

INQUIRE the price of Occident Flour. You will find it costs a few cents more per sack than ordinary flour.

That really means little to you if you are satisfied—as you are sure to be with Occident.

But it means everything to the millers.

This little difference in price is what enables them to lift the standard of Occident Flour out of the ordinary to "highest grade in the world"—from wheat to package.

It enables them to buy only the finest wheat—direct from farmers—

To maintain great elevators in the wheat belt of North Dakota, where they cure and age their own wheat.

To maintain laboratories where every day's run of wheat and flour is rigidly tested—where they prove absolutely that Occident Flour is the best in the world—for food values, cleanliness and baking qualities—

To buy better sacks to protect Occident Flour in shipping and handling. (\$25,000 more are spent every year for the fine, firm Occident sacks, than would be spent for the ordinary kind.)

The Difference Shows In Your Baking

The first cost of Occident Flour is a few cents more—you get the results in your baking.

Try it—you'll say with us it is worth many times the difference. Your Money Back if Occident Is Not the Best Flour You Ever Used.

Go to your grocer and get a sack of Occident Flour. Use it for your next baking—and as many more as you please. If, then, you are not convinced that Occident Flour is the best you ever used—gives surer and better results—with all your baked stuff—go back and tell your grocer. He is authorized to refund, without argument, the full purchase price of any package of Occident which you do not find satisfactory.

Isn't that the broadest guarantee, the fairest offer you ever read?

It is for you to make use of today—if you please. You cannot know too soon why and how Occident Flour is better than any other.
