Edward Heinzley Dies on Track

Robert Heinzley, who resides at the home of his sister, Mrs. Thomas Moore, 714 west Second street, received word yesterday morning announcing the death of his son, Edward, which occurred Friday night or Saturday on the Burlington right-of-way near Louisville, Nebraska.

The body was found Saturday morning by the section hands and the coroner was called to hold an inquest, but upon arriving he found the body in such condition that he decided an inquest was unnecessary. There were no traces of violence and he appeared to have died a natural death.

He had been known there as Edward Banker, but a search of the body resulted in the finding of letters revealing his identity. The letters also informed the authorities of his relatives' residence.

The father of the deceased has been searching for his son for the past four years and had not heard from him in all that time. When last heard of here, he was located at Denver. He was a resident of North Platte about twenty years ago when a boy twenty years of age and was employed in the shops here.

Henry Sageser, night engineer at the city pumping station, is quarantined this week on account of two of his children being down with scarlet fever.

The funeral of the late J. T. Dolson was held yesterday afternoon at two o'clock from the home of W. S. Dolson, brother of the deceased. Father McDaid officiated and interment was in the Catholic cemetery. A large number attended and the floral offerings were numerous and beautiful. The funeral was arranged for Saturday morning but the body did not arrive until late and it was postponed.

Teachers Hold Annual Meeting.

The annual city teachers' meeting was held Saturday at the central school building and was attended by all the teachers of the city. The meeting was for a social good time, to bring the teachers in closer touch with one another, and also for educational purposes.

The program for the day consisted of several scientific papers by the teachers of the different schools and also talks of travel by a few of the teachers who have traveled through different places of interest. These talks were illustrated with post cards and pictures of different scenes from California, Yellowstone park and Denmark.

A double quartette, made up of teachers from the different schools, furnished music for the occasion. A combination chafing dish luncheon and indoor picnic dinner was served by the lady teachers.

Consider Change of Schedule.

Claude Stockham, of Omaha, traveling passenger agent for the Union Pacific company, was in the city last week to investigate the advisability of changing the leaving time of the North River branch train from 8:00 to 9:30. At present the train arrives in the city late in the evening and leaves at 8:00 the next morning, and this does not give the people who come to North Platte time to shop. If the change is made, the people from up the line can come into town in the evening and do their shopping the next morning in time to get home that day. The Chamber of Commerce took the matter up some time ago and recommended the change, but it met with some opposition among a few of the residents in the outlying towns on account of mail delivery. The change, however, will not make any material difference in the delivery of the mail.

Emily Bronte's Looks.

A discussion as to the personal appearance of Emily Bronte reveals the remarkable fact that no one knows anything about it since there is no authentic portrait in existence. When Charlotte Bronte first saw George Henry Lewes she said that he was wonderfully like her sister Emily, but this is unfortunate for Emily since Lewes was very much like a baboon. Possibly the comparison was due to a sisterly candor that so seldom errs on the side of mercy. Thanks to photography, the historian of the future will not be in doubt as to the appearance of celebrities of the present generation, but he is likely to have his own opinion as to those worth knowing about—Argonaut.

"Suburb."

When did the word "suburb" first find its way into the language? It is used in a recently discovered fourteenth ordinance of the city guild of carpenters providing that the members should attend the funeral of any one of the fraternity resident within the city "or in the suburbs." The natural inference is that even then it was part of the everyday talk of the citizens.—Pall Mall Gazette.

Good Substitute.

"Why have you not come to my bridge party as you promised?" telephoned the irate hostess. "You are breaking up one table." "I am sick," was the reply. "That's an old excuse." "Really, I'm sick. I have a trained nurse." "Well, you should have sent a substitute. Ask the nurse if she plays."—Kansas City Journal.

An Inducement.

Wife—I wish, Harry, dear, you'd get me a nice clock for my room. Hub—But I am really very short and can't afford. Wife (interrupting)—If you will I'll set it back two hours the evening you go to the club.—Boston Transcript.

Hope.

"There is no sweeter suffering than hope." So runs an old German proverb, melancholy text for hearts that bitter disappointment has cured and to whom all hope is but memory.

An Alarming Tale.

Mr. Staylate—The other night I heard a story that gave me such a start. Miss Muchbored—I wish I knew it.—Woman's Home Companion.

The Attraction.

Ella—Did the bride smile as she walked down the aisle? Mai—I don't know; I was watching her hat.—Kansas City Star.

Railroad Notes

Four Kansas Pacific passenger trains were derailed via North Platte during the snow blockade in Denver.

Engineer Calhoun went to Omaha Sunday night where he will transact business and visit friends for a few days.

John Kramer, a First district fireman, was killed at Grand Island Saturday night when two engines collided near the depot.

Carl Brodbeck has resigned his position in District Foreman McGraw's office and has associated himself with the force in his father's meat market.

W. A. Champ, who had charge of an emigrant car on an east bound freight, fell between the cars at Silver Creek Saturday morning and had both legs cut off.

George Weinberger resumed work in the car repair gang last week after being out over two years, and yesterday Pat McEvoy returned to work in the same department.

E. L. Davis, who has been employed as claim adjuster for the Union Pacific company, has resigned his position and will go on his farm in Missouri. His resignation will take effect December 15.

Some idea of the snowfall in eastern Wyoming can be gained from the fact that last Saturday it required five engines to pull two cars through the drifts that formed at points between Archer and Cheyenne.

Messrs. DeRolf, Fredrickson and Heldenbrand, who went to Lincoln as witnesses in the Chirikas damage suit, returned Saturday morning. As the case was settled before coming to trial the boys did not get a chance to get into the witness box.

Fred Oulmette has sent in his application to return to work as a boiler-maker in the shops and as soon as the document returns from Omaha he will begin his duties after an absence of over two years. It is said that others contemplate making application for re-instatement.

Since the Gibbon cut-off has been placed in service it has increased business through North Platte to the extent of two trains per day on an average. Brakeman Ceo had his face cut and bruised Sunday night when an engine, near which he was standing, blew out a cylinder head.

The new round house has been supplied with a half dozen lathes, drills and other machines of the latest pattern, and several more have been ordered. All these machines are driven by individual electric motors, doing away with overhead shafts, pulleys and belts, and thus lessening the hazard of accidents to employees.

A frame building that was used by the construction engineers has been moved to a site adjacent to the new round house and will be used as a locker room for the engineers and fireman. This will only be temporary, as it is the intention to erect a brick building for this purpose. In drawing plans for the new round house provisions for these new lockers seemed to have been overlooked. Lockers for the round house employees are located in the wash room.

Will Breternitz left today for Sidney where he has purchased a bakery. For eighteen years Mr. Breternitz followed the vocation of baker in this and other cities, and is an expert in the business. He is a clean-cut, industrious man, honest and conscientious, and we cheerfully recommend him to people of Sidney. We lose a good citizen and they gain one.

On Thursday afternoon, December 18, the Methodist aid will hold a sale of aprons and fancy work, and Japanese handpainted pictures and linens at the church. Many Hear Essert On National Peril.

Dr. T. H. Essert, international lecturer for the Anti-White-Slave association of America, spoke Sunday afternoon at the M. E. church to a congregation of about one hundred and fifty men. His subject was "A National Peril," and he handled it in a very able manner. The lecture was one of the best ever heard in North Platte and he dealt with the question in such plain but chaste language that it was interesting to all.

The devotional service, preceding the lecture, was conducted by Rev. J. L. Barton of the Baptist church. After the devotional service, Rev. Cram introduced the speaker and he spoke for an hour and a half, bringing out facts and statistics to prove his statements and showing the extent of the peril that is threatening the nations of the world.

At the close of the lecture, Dr. Essert gave opportunity for members to join the national organization and over one half of the men present responded. The membership entitles them to membership in a local organization, should one be consummated, and also pays their subscription to The Invoice, a yearly magazine put out by the National organization.

In the evening, the mass meeting was held at the Presbyterian church and was largely attended. Dr. Essert spoke at this service on the subject, "The Blackest Crime in History." At the close of the service a number responded to the invitation to join the National organization.

Last evening, Dr. Essert spoke at the Presbyterian church on the subject: "The Sacredness of Parenthood," a service especially for the fathers and mothers. A large audience attended and the lecture was very good. This afternoon at three o'clock he will speak to women only at the Presbyterian church

on the subject: "The Scarlet Man." All ladies clubs and societies are urged to be present. This evening the service will be at the Presbyterian church for everyone, and the subject will be "The Passing of the Double Standard."

These addresses are given under the auspices of the ministerial association of North Platte and are for everybody. Dr. Essert is under the National Anti-White Slave association and will take no collection. If enough interest is shown, a local organization will be consummated. This will be taken up this evening and decided upon.

Rev. Shaw, of Canyon City, Colo., who was to have spoken Sunday afternoon to the women, was suddenly called home on account of sickness in his family and could not be here to fill his engagement.

Wait! Wait! Wait!

"What for?" "You want your overcoat now?" "Weather waits for no man." "No man (in a hurry) waits for a tailor."

There are more laborers out of employment in North Platte this winter than has ever before been known. This condition arises from the fact that during the past year many men have moved their families in from adjoining towns and not a few have come in from the country, having been attracted here by the demand for labor during the spring and early summer when much building was in progress. Now that the building season has drawn to a close, there is a decrease in the demand for labor and idle men result.

Pete O'Dean and Charles and Art McKane, of Hershey, were given a hearing Saturday afternoon before Judge Grant on the charge of using profane and vile language to Landford Vaughn of the Hershey hotel. They were fined \$5 and costs, which O'Dean paid, but the other two were unable to pay and were remanded to the county jail to lay out their sentence. Mr. Vaughn appeared against them.

Mr. Eckleman, of Lincoln, is visiting in the city with his daughter Miss Eckleman, one of the instructors in the North Platte School of Music.

Dr. T. Yaman, of Cozad, was in the city Saturday to operate on Miss Bertha Jessie at a local hospital.

Missionary W. W. Scott is very ill at his rooms in the Bratt building. Dr. Lucas is attending him.

Men's Meeting.

A meeting of the men of the Presbyterian church will be held tomorrow evening in the pastor's study at the church at 7 o'clock.

California Woman Seriously Alarmed.

"A short time ago I contracted a severe cold which settled on my lungs and caused me a great deal of annoyance. I would have had coughing spells and my lungs were so sore and inflamed I began to be seriously alarmed. A friend recommended Chamberlain's Cough Remedy, saying she had used it for years. I bought a bottle and it relieved my cough the first night, and in a week I was rid of the cold and soreness of my lungs," writes Miss Marie Gerber, Sawtelle, Cal. For sale by all dealers.
