TWENTY-NINTH YEAR.

NORTH PLATTE, NEB., MARCH 3, 1914.

No. 12

Notice.

I have just returned from the eastern markets where I spent three weeks time purchasing spring and summer stock for The Leader. I take pleasure in saying in my past twenty-two years of business career in North Platte I never purchased such a beautiful line of merchandise as I did for this season.

In our dress goods and silks department from one dollar a yard up there are no two patterns alike. The same we can say of our ladies' ready-to-wear department. Goods are now arriving daily and I will make my announcement in due time for our spring opening. Call in and see the latest creations for spring and summer 1914.

The committee that was appointed in December to procure data on a municipal light plant for North Platte will appear before the city council at their meeting this evening and submit their report. At the time they were appointed they were given ninety days in which to get the data and during that time they have received reports from several private and municipal plants as to the cost of construction, operation and maintenance and also as to the profit in the city's owning such a plant. The report will give the statistics of these plants and also an estimate on the plant that would adequately meet the needs of this city.
