A general meeting of the Twentieth Century club will be held at the high school auditorium next Tuesday evening. The musical department will furnish a musical program, and in order to have a piano the meeting is held at the auditorium instead of the public library.

The Literary Department of the Twentieth Century Club met Tuesday afternoon at the home of Mrs. W. W. Cummings on East 5th. As the afternoon program was along the musical line, the members of the Music Department were guests and Mrs. Cram, of the Department, responded with a piano solo, A magazine clipping. The History of American Music was read by Mrs. Buchanan. Short descriptions of operas were read, Carmen by Mrs. Shuman, Faust by Mrs. Bacon, Parsifal by Mrs. Malmstein, Il Trovatore by Mrs. Flowers, Bohemian Girl by Mrs. VanDoran. Especially interesting was the paper read by Mrs. Crook, Famous Hymns. The closing number was a piano solo by Mrs. Shuman. Mrs. Malmsten appointed Mrs. Cummings as chairman of this department during her absence from the city. The department meets in two weeks at the home of Mrs. Irving VanDoran, 902 W. 2nd.

Plumbers Before Council.
 At the meeting of the city council Tuesday evening, committee of the plumbers of the city appeared before the council and asked that an ordinance be passed allowing the men with plumbers' licenses to work as drain layers. The ordinance now requires that they hold both a plumber's and a drain layer's license in order to work at both trades. Complaints were also registered that some men were working without licenses and the committee asked that an ordinance be passed to compel men to hold a license and to prohibit their working on another man's license. The committee that submitted the petition was Charles Boyle, F. W. Hanson, Joseph Fillion, Sam Smith and A. E. Green. The matter was referred to the ordinance committee and they were ordered to report at the next meeting with an ordinance covering the difficulty.

The firemen appeared before the council and asked in what capacity the mayor was acting when he appointed the fire chief to take the place of Charles Bowman who resigned last week. They objected to the appointment of Mr. Jones on account of his not being an active member of the organization. The mayor gave his reasons, stating that the chief reason was on account of the dissension that had arisen in the fire department when they attempted to reorganize and that the man whom they had elected was not satisfactory to all the firemen. The matter was left until the next meeting of the council.

The report of the police magistrate was then received and ordinance describing the city limits was read to the council. After allowing the bills and hearing a report from the water commissioner regarding the condition of the roof at the pumping station the council adjourned.

The Reason.
 Why we write more fire, lightning and tornado insurance in Lincoln Co., than all other agents combined is because we write it right, in good companies who do not scale honest losses but tell us to pay them.

Two Send Inquiries For Lost Relatives.

Chief of Police Frazier received two inquiries this week for relatives that were lost. The first was from Mrs. Mary A. Washburn of Medicine, Ohio, inquiring about her brother who is supposed to have been here. The brother was last heard of in 1876 when he was twelve years old and at that time was sick in Denver. It was later learned that he was located here and the police were notified to search for him. His name is H. E. Parker, but it is thought that he may be going under an assumed name. Mrs. Washburn thinks also that her other relatives are attempting to keep his identity covered on account of an estate in Germany.

The other inquiry comes from Chief of Police A. E. Bargman of Rockford, Ill., inquiring for a young lady by name of Ethel Wortman who was last heard from in this city. She is described as 29 years old, 5 feet 7 inches tall and weighs about 145 pounds. When last heard from she was selling Paris Model Patterns in this city. Mr. Frazier announces that she left here July 10 last for Rock Springs, Wyo.
