Thief Floods Cellar.

Monday evening when Mr. and Mrs. Federhoo returned to their home from the picture show they found their cellar about half full of water and the water running full capacity from the pipe. Investigation showed that the silcock had been stolen from the connections where the pipe enters the cellar and that the water had been running into the cellar all evening. The nozzle on the lawn hose was also missing. The motive for the theft is unknown as the property stolen was of little value. Considerable damage was done in the cellar to the coal and the vegetables, but much more would have been done in the course of a few hours more. The water was turned off and the cellar drained and as it is built of cement walls and floor, it was damaged very little.

Just Between Ourselves and The Lamppost

By MOSS.

THIS is a little heart to heart talk. It's meant for the business men of this territory, for those who advertise and for those who ought to.

Friend, you must make your customers buy from you MENTALLY before they purchase in ACTUALITY.

You must arouse and interest the mind before you can reach the pocketbook. Thought precedes action.

Make the FAMILY CIRCLE a SHOPPING CENTER. First go after the money spent mentally by the fireside. Get your selling story ready for the psychological buying moment. Make it as effective as you know how. Give it a PUNCH. Make every feature a VITAL FACT. List the DETAILS. The people want to know all you have to say. Tell the WHOLE story. Hammer your persuasion home. The results then lie between your competitor and yourself.

Remember, this newspaper takes you into the homes of the BUYING class of people. You can tell your story where it will do the most good. Tell it the WINNING way. We'll help you put ZING into your copy if you want us to.

Micawber Wouldn't Shine as a Gymnast, Would He?

By MOSS.

YOU remember how Mr. Micawber, in Dickens' story, was always waiting for something to turn up. Said he to David Copperfield: "You are no stranger to the fact that there have been periods of my life when it has been requisite that I should pause until certain expected events should turn up, when it has been necessary that I should fall back before making what I trust I shall not be accused of presumption in terming—a spring. The present is one of those momentous stages in the life of man. You find me fallen back for a spring, and I have every reason to believe that a vigorous leap will shortly be the result."

Some Micawbers sit back in similar utter self complacency waiting to leap upon the golden opportunities that their more alert neighbors really pounce upon in the advertising columns of this paper.

DON'T be a MICAWBER. Act PROMPTLY when you see bargains advertised here. Really LEAP upon them. You'll be surprised to find how much it PAYS. THOUSANDS OF OTHERS DO.

The Greatest of Modern Time Savers—The Newspapers

By MOSS.

YOUR grandmother used to do her buying with much more difficulty than you do now.

She had to inspect nearly everything personally. She took more time than you could possibly afford to waste. Times have changed.

EFFICIENT BUYING is now simplified through ADVERTISING. You go direct to the point.

Newspaper advertising is the SHORT CUT to economical buying. It's a TIME SAVER and a DOLLAR SAVER. It aids you SPECIFICALLY and QUICKLY, more so than any other form of advertising.

Newspaper advertising hits the nail on the head. It holds the attention of thousands. Its results are IMMEDIATE, POSITIVE and SURE.

We want you actually to realize what newspaper advertising does for you. Don't you think you ought to be glad that you are living in this wonderful age of NEWSPAPER CONVENIENCE?
