Bridge Contract Let To Lincoln Company.

The contract for the building of the new state aid bridge across the Platte river near Sutherland was let Tuesday afternoon by the county commissioners to the Lincoln Structural Company. The bid was \$36,345 and was the lowest of seven bids.

The bridge will be built under the new law of the state aid bridge fund and half of the expense will be borne by the state. A special tax is made every year for this purpose and the bridges are built by the county's paying half of the expense and the state half. This bridge will add greatly to travel facilities in this part of the county.

The bridge will be built of cement arches and a large fill will be put in at the approach. The location is on the North Platte river north of Sutherland.

Other companies who submitted bids are Omaha Structural Steel Works, J. L. Mullen of Lincoln, Midland Bridge Company of Kansas City, Central Construction Company of Colorado Springs, Monarch Engineering Company of Falls City and Gould Construction Company of Davenport, Ia.

Mr. Perrigo Speaks On Plans of Future

R. B. Perrigo, general manager of the Union company of Omaha stated to a reporter Wednesday evening that they would get to work at once on the building of the new electric and gas plant.

"The people cannot expect that they will have gas in a week or in a month," said Mr. Perrigo. "It may be a year as there is still much to be done. The plans are only drawn up in the rough and there is still a lot of work on them."

"We feel very kindly toward the people of North Platte and think we are to be congratulated for the way they have treated us. We think also that they are to congratulate themselves, as they have now proven that the boosters can get together on a proposition for the city's good. We do not have hoofs or horns or a forked tail and we intend to give them one of the best plants in the state. As to the quality of gas, it will be of the same quality that we have elsewhere and will be of the best."

When asked in regard to the Birdwood proposition Mr. Perrigo stated that they would have to wait awhile. "That," he said, "is entirely another proposition from the plant here. It will probably be two or three years before we can get to work on that, but we will start on it as soon as possible."

The new plant will be located on the same block where the plant now stands. The electric light plant will face the east on Pine street. The gas generator plant will be located about where the building now stands and the tanks will be on the northwest corner of the block.

Mr. Perrigo left Wednesday for his home in Omaha. He stated that he would come back here often and that he hoped to get better acquainted with the people of North Platte.

The Easter Ball.

After six weeks of "sackcloth and ashes," socially speaking, the amusement loving people of this city, and especially those who delight to dance, are promised an evening of pleasure Monday next when the annual ball of the fire department will be held at the Lloyd. This function will, as usual, be nicely conducted, the committees having carefully planned everything so that the attendants will have the greatest possible degree of enjoyment. Stamp's orchestra will furnish the music, and preceding the dance will be given several concert numbers. Handsome souvenir cards will be presented to each attendant, these taking the place of regular dance programs which will be done away with and the dances called. This method is much more popular.

The net proceeds of the dance will be devoted to the purchase of equipment for the firemen's quarters, and every male citizen should financially help out the boys.

For Easter.

The choir of the Methodist church will give an Easter cantata, "The Conquering King," by Wilson, Sunday morning at the time of the regular church service. The number is a very pleasing one with many pretty solos and choruses. One chorus of female voices is exceptionally pretty. The soloists are: Sopranos, Miss Esther Antonides and Mrs. Y. A. Hinman; contraltos, Miss Elizabeth Hinman and Mrs. D. A. Besack; tenors, E. H. Kendall, D. J. Antonides and Dan W. Besack, Jr.; basses, L. F. Owens and D. W. Besack, Sr. Mrs. B. A. Cram, pianist. The public is cordially invited.

A new school district, No. 129, was formed Wednesday afternoon by Co. Supt. Chappell by the division of district 109. District No. 100 formerly contained forty-six sections and was one of the largest districts in the county. It is located north of Sutherland next to the McPherson county line. The new district comprises twenty-seven sections of the south part of the old district, leaving only nineteen in the old district. A new school will be constructed this summer and school will open in the new district for the fall term.

Do you realize how important your insurance policy is after the loss? You don't think much of it when it is taken out. In fact some people don't seem to know who has written their insurance, or how much they have. Do they know this after the fire or loss? What satisfaction it is to know that Temple has written the policy.

Mrs. Ruby Handley and a man giving his name as Perry Wilson were arrested Tuesday night by Officer Freiberg on the charge of disorderly conduct. They appeared before Police Judge Walker Wednesday and Wilson was fined \$5.00 and costs which he paid. Mrs. Handley was given twenty-four hours to get out of town. She is the woman who was the complaining witness in the case of the state against "Dusty" Rhodes. Wilson is a barber in this city.

Word has been received here announcing that Scotty Dye, second baseman of the North Platte independent team of last year, has signed up to play in the Northern league. He did not announce his position or with what he would play. Scotty is now visiting his wife's parents in Beatrice. He expects to leave for practice about April 15th.
