Lawn Fertilizer.

A splendid fertilizer for lawns, recommended by the Department of Agriculture is composed of the following:

Sodium Nitrate 4 parts
Powd. Blood Albumen 8 parts
Mix with 40 gallons of water or mix dry and sprinkle over 400 square feet of lawn.

While these salts are the principal ingredients that enrich the soil that manure is composed of, yet the fact is the cost is less than one-third. Perfectly sanitary. Without dandelions and grub worms, is alone a good reason why it should be used in preference to manure.
