North Platte in Motion Pictures.

Dr. Condra, of the state university, spent yesterday in and around North Platte taking pictures of scenes to be represented in the picture show films exhibited by the state of Nebraska. These films are to be exhibited in all the larger towns of the state as well as in other states and at the Panama exposition next year. They are produced as an educational as well as an advertising feature and are intended to show the resources of Nebraska. Many subjects are shown in detail. For instance, the sugar industry starts at the plowing of the ground, the thinning and spacing of the beets, the harvesting, shipment to the factory, and the various processes which the beets go through before they finally emerge as sugar. Poultry raising, butter making, stock growing, and many other subjects—some twenty in all—are shown in detail in the 20,000 feet of films.

While here yesterday Dr. Condra took a number of views at the experimental sub-station, views of the Union Pacific ice house, and many views of the section surrounding the city.

In the evening Dr. Condra met a number of business men at the Elks home, and told of the object of his work. He also announced that these motion pictures would be produced in North Platte some time in May if it was so desired. To secure these pictures it will be necessary for the citizens to secure the Keith theatre and also furnish entertainment for the men employed in producing the pictures.

H. B. Fredrickson, a member of the General Consul for the Lincoln highway association, stopped in the city for a short time yesterday enroute to his Omaha home from San Francisco where he has been organizing the association. He was formerly state counsel, but has been out working as general of the state associations.

The West End sewing bee of the Lutheran church will be entertained Wednesday afternoon at the home of Mrs. T. V. Austin on West Fourth street.

Street Commissioner Salisbury has had several teams at work for a week hauling away the rubbish deposited in the alleys. This work is one of considerable magnitude and will require another week. If the clean-up outfit has not yet reached "four" alley it will soon; don't think you have been overlooked.

Ralph Barney, of Kearney, well known to North Platte young people by reason of his frequent visits here, was married at Indianapolis, Ind., Sunday afternoon to Miss Bethline West. Following the ceremony the couple left on a trip to Philadelphia and New York, and will be at home at Kearney after May 1st. The wedding came as a surprise to Kearney people.

Extra Engine Men Transferred Here

The official bulletin announcing the transfer of the extra engineers and firemen on the Second district from Grand Island to this city was received here yesterday. The bulletin was sent out from headquarters and the change will take place immediately.

This change will effect at least seventeen men and cause them to move from Grand Island to this city. It will also bring considerable more shop work here from the Second district.

The men on the extra list running on the Second district were transferred from this city to Grand Island thirteen years ago when the strike came on. That necessarily took quite an amount of the shop work from here, as the engines are repaired at the layover point. A number of the railroad men and some of the business men of this city have been trying for several years to have this made the layover point but only succeeded yesterday.

The Study Club was delightfully entertained last evening at the home of Mrs. L. Walker with two parlor talks, one by Bishop Beecher and one by Prof. Henri Deschamps. Each member invited a guest and about thirty were present. Both the talks were much enjoyed by all present and were along interesting lines. Bishop Beecher gave a talk along the prison reform and quoted from the prison reform congress which he attended in New York City in 1910. Prof. Deschamps' talk was upon Anthropology. After the addresses the guests were served with a nice two-course luncheon.

State Veterinarian Kigin has been making a trip through the west part of the state examining the condition of cattle. On the ranch of the Platte Valley land and cattle company at Gothenburg he will inspect 800 head that have been shipped in from Colorado, and at the Holcomb ranch he will examine 300 head that come through from Mexico. Both parties insist that their cattle are healthy and are protesting the inspection.

Miss Faye Carpenter of the Maxwell vicinity, was in the city yesterday visiting friends and announced that her school on Jack Morrow Flats closed last week. On the last day of school a number of the pupils were taken sick and an epidemic of scarlet fever is now reported in that neighborhood.

Miss Herrod Weds Michael McFadden

Promptly at 8:00 o'clock this morning the wedding of Miss Aneline Herrod and Michael McFadden was solemnized at the Catholic church in the presence of the immediate families of the two contracting parties and a few close friends. Father McFadden officiated at the wedding and gave a wedding sermon.

The couple came to the altar to the strains of Mendelssohn's wedding march played by Miss Evangeline Herrod and they were attended by Miss Catherine Herrod, sister to the bride, and Simon Brogan. After the ceremony a sumptuous wedding breakfast was served at the home of the bride's parents Mr. and Mrs. John Herrod, to fifty guests. The young couple received many nice gifts.

The bride is one of North Platte's most charming young ladies and grew up here. She graduated from the local schools and then took a year in Nazareth convent in Concordia, Kans. She was attired in a tango colored suit with hat to match and carried no flowers. The bridesmaid wore a blue tailored suit with hat to match.

The groom is a prosperous young ranchman of the Paxton vicinity and is well known and respected there. They will make their home on a ranch in the Paxton vicinity. They left this noon for Omaha and eastern points where they will visit for a few weeks before going on the ranch. Their many friends extend good wishes for a happy future.

Rev. C. B. Harman went to Omaha yesterday to attend a meeting of the Advisory Board of Home Missions, of which he is a member. He expects to return Wednesday.

On the Verge of War.

Huerta having refused to salute the American flag as demanded, President Wilson at a joint session of congress yesterday asked for approval to "use the armed forces of the United States in such ways and to such extent as may be necessary to obtain from General Huerta and his adherents the fullest recognition of the rights and dignity of the United States." A resolution granting the president this power passed the house and a bill authorizing an appropriation of fifty millions was introduced. The resolution came before the senate for action at 9:45 last night, and though the result is not known at this writing it is probable the resolution also passed that branch of congress.

American merchant vessels have been ordered out of Vera Cruz harbor by direction of the President and Americans have been warned to leave Mexico for their own safety. A number of battleships are on the way to Tampico and Vera Cruz to augment the war vessels already there.

Should Huerta make no overtures to avert war, the first actions taken by the United States would be the seizure of the ports of Vera Cruz and Tampico the seizure of Mexican war vessels in these waters; and the seizure of the railroad from Vera Cruz to the Mexican capital. Then would follow the sending of troops into Mexico and the investment of Mexico City.

The ground is getting rather dry on top, and a rain would materially benefit winter wheat which in some sections is beginning to show the need of moisture. Last week's rains extended east as far as Paxton, and more or less moisture fell east of us.

L. G. Ging, late operator at Egbert, committed suicide at home Sunday evening. He had been transferred from Egbert to Omaha last week.

Jury Says Not Guilty.

The case of the state of Nebraska vs. Ira Law, charging him with assault and battery, was up for hearing yesterday afternoon before Judge Grant. A jury of five men was called and after the evidence was taken they returned in a short time with a verdict of not guilty. Milton Raney was the complaining witness.

Both men live in the vicinity of Wallace and in the complaint it is charged that on April 11th the defendant assaulted the plaintiff with a knife or some other sharp instrument with the intent to do great bodily harm. The trouble arose over some stock that was being pastured out. The evidence brought out the plaintiff struck the defendant and provoked the assault and that the defendant acted only in self defense.

The jury was composed of I. A. Gilbert, Julius Hahler, W. H. Diener, G. S. Huffman and John Griffith.
