## Join Dixon's South Bend Watch Club And Buy on Easy Terms for Less Money

An easy convenient plan of buying a Good Watch

THE South Bend WATCH

**Design**—Bridge model of latest design.  
**Plates**—Genuine nickel—not brass nickel plated as in many makes—insuring an even expansion and contraction in changes of temperature.  
**Jewels**—Selected ruby and sapphire jewels throughout—harder and not so easy to chip or break as the garnet jewels generally used.  
**Escapement**—Double roller—this overcomes all danger of overbanking which would stop the watch.  
**Steel Escape Wheel**—Harder than the brass commonly used.  
**Lever Set**—Protects you against accidental moving of the hands.  
**Regulator**—A patent micrometer nut and screw—no danger of back lash.  
**Balance Wheel**—Compensating—automatically adjusts itself to changes in temperature, etc.  
**Hair Spring**—Hoguet—the very best made.  
**Adjustment**—Temperature isochronism and three positions—Very closely rated under each one of these adjustments.  
**Finish**—Very highly and beautifully finished throughout. Gold lettering.

**\$3 Down  
\$1 per  
Week**  
At the lowest  
cash price

You can get a fine high grade South Bend Watch on easy payments. And yet pay no more than the regular cash price if you take a membership in our South Bend Watch Club.

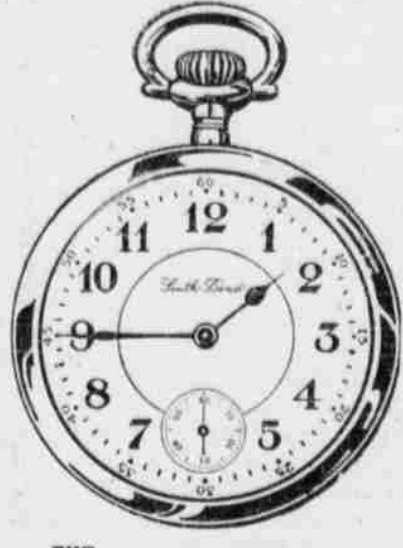

You see on this co-operative club we sell twenty-five watches at one time, and give the club members the benefit of a quality price. The actual saving to you in buying a high-grade watch on this co-operative, easy payment club plan is \$2.50 to \$5.

In fact you are buying this watch on easy terms at the very lowest cash price for which the same grade of watch can be bought anywhere by anyone.

Naturally this offer will be withdrawn when our club is completed and it will be to your interest to investigate our plan immediately.

We invite you to come in and examine the watches as you can then see for yourself what an unusual offer we are making.

**Wear the Watch While You Pay.**

THE South Bend WATCH

You have the privilege of selecting your case from a large assortment of artistically engraved cases of different designs, or you can have plain or Roman finish if you desire.

The case is guaranteed for 20 years and we give you a certificate stating how much gold there is in the back of the case. The case is built especially for the movement, thus insuring greater accuracy.

### WHAT WE WILL DO FOR YOU

We agree to adjust the watch to your person and guarantee its keeping accurate time as long as it is not abused in any way. The manufacturers stand back of us in making this guarantee.

If the watch does not give you accurate service, we will give you a new watch in exchange.

E. T. Tramp and sons are now driving a new Buick "six" which was purchased last week, the former car having been sold last winter to a party living at Oshkosh.

The stork visited the home of Dr. and Mrs. Crook Saturday night and deposited a girl. The advent of this girl occurred on the birth anniversary of their daughter Eloise.

Bishop Beecher, of Hastings, was in the city Sunday and had charge of the services at the Episcopal church. He confirmed a large class of candidates at the Sunday evening service.

A Registered Poll Angus Bull for sale, Thomas E. Donohue, R. F. D. 3, North Platte, Neb.

Major Lily, better known as Pawnee Bill, left yesterday morning for Omaha with his company. He spent a few days in this city visiting friends. He was formerly in partnership with Col. Cody.

While in Omaha last week Earl Hamilton, living on the former Otten farm, shipped in eighty head of young cattle. These, together with a bunch he purchased several weeks ago, will be pastured in the hills this summer.

Mr. and Mrs. Butler Buchanan, who had been spending several months at San Diego, Cal., arrived home Friday night in midst of the dust storm, which seemed natural. Mr. Buchanan says business is quiet on the Pacific coast; people who have money are holding it back from investment. In San Diego, which has a population of 90,000, rents are excessively high, this being due to the high taxes resulting from successive bond issues.

The meeting to be held this evening for the purpose of forming a public playgrounds association should attract a large attendance. Public playgrounds are now conceded, after a watchful experience in towns and cities where established, to be a wonderful help not only to the physical but to the moral upbuilding of children. The proposed organization in this city already has the backing of the several church brotherhoods and the Chamber of Commerce, and is deserving of the united push-force of every grown resident of the town. We trust our citizens will make it a point to attend this important meeting.

### Will be Wedded Tomorrow.

The wedding of Miss Alice Wilcox and Walter O'Connor will occur tomorrow morning at 6:30 at the Wilcox residence. About thirty guests will be present at the ceremony, and following a wedding breakfast the couple will leave on an eastern wedding trip which will extend as far as Ohio, where a day or two will be spent with Lucile Wilcox, who is attending school.

### Sprague Pleads Guilty.

Joseph Sprague, who appeared in the county court last week on the charge of fornication, appeared before Judge H. M. Grimes in chamber session of district court Saturday afternoon and entered a plea of guilty. He received sentence of \$50 fine and three months in the county jail. The maximum sentence for this offense is six months in jail or \$100 fine or both.

Sprague pleaded not guilty last week in the county court, but evidence was so strong against him that he was bound over to the district court. The case could not have been tried until December. The maximum sentence being six months in jail he changed his plea rather than lay in jail seven months. After his jail sentence is served out he will stand committed until the fine is paid.

The woman, Mrs. Myrtle Gowins, who was arrested with Sprague was not prosecuted, the case having been dismissed before the county court.

After several attempts to secure a satisfactory water for ice-making, Hawley & Lowe have been successful, this strata having been found at a depth of about 145 feet. The water comes from the same strata found on the Moody place several blocks east, and is free of alkaline and has less solids than either the city water or other water that comes from a greater depth. During the winter Hawley & Lowe made a number of improvements to their plant, and it is now running very smoothly and turning out a superior quality of ice. They are now fitting up three refrigerating rooms which will be leased by local parties, and this fall expect to construct a 1000-ton warehouse for ice storage. With this latter addition it will be possible to keep the plant in operation in winter as well as summer.
