## Cadet Encampment to be at Gothenburg.

Arrangements have been made for the cadet encampment of the high school boys to be held this year at the same place it has been held for the past seven years. The citizens of that city have already extended a cordial invitation to the high school boys to camp there and they have accepted. The boys will leave here on the morning of May 22d, and will spend five days in camp, returning in time for the graduation exercises.

Principal C. G. McGrew, who is commandant of the company, will accompany them and while they are away they will live in regular camp style. About forty-five boys are expected to go and they are anticipating a fine time. The equipment has been ordered from Fremont to be shipped to Gothenburg. The boys will hold a rifle practice there and they will also hold some sham battles. These two features will be the main part of the routine.

Following are the instructors that have been engaged for the Junior Normal: Supt. Wilson Tout, principal; Supt. Arthur Nichols of Gibbon, Supt. J. A. True of Cozad, Supt. Frank Smith of Brady, Miss Thea Hansen of North Platte, Principal Roy Gates of Blair, Supt. T. E. E. Monroe of Shelton, County Superintendent Cleo R. Chappell will be registrar. The classes will be held in the high school building and the tuition fee for the entire term is \$2. A number of people have also inquired in regard to enrolling and a large number is expected.

Hugo Loubeque.....Francis Ford  
Gen'l Sumpter Love.....E. M. Keller  
Lieut. Gibson.....Harry Schuman  
The Cracksman Butler.....Ernest Shields  
The Aviator.....Eddie Boland

### SYNOPSIS

In the opening drama Lucille takes a hazardous trip in a hydroplane in an attempt to save the honor of her father and her lover. Loubeque and Love, Lucille's father, were cadets in West Point and both loved the same woman. Loubeque was expelled from school for theft and Love was the principal witness against him and thus wins the women.

Loubeque then educates himself in an attempt to avenge himself. He becomes an international spy as he knows this will give him his opportunity when Love gets into office.

After many years Love is stationed in Manila, where he lives with his only daughter, who is engaged to marry Lieut. Gibson. Loubeque has hired Love's butler to play the part of cracksman for him. Lucille takes the telephone down one morning in time to hear Loubeque and the butler in conversation about some valuable papers that have been stolen and blamed on Gibson. Loubeque is leaving on a ship and Lucille attempts to reach this ship by hydroplane and secure the papers and thus save the honor of her father and her lover.

### SERIES NO. 2

In the second series Lucille make a sensational landing on board the ship from the hydroplane. Loubeque then notices for the first time he is followed by Lucille's resemblance to her mother, his first love. Loubeque then sends out a wireless message telling that Love is a traitor, and that he sold the papers. He then destroys the wireless apparatus and in so doing is seriously injured. Lucille volunteers to nurse him and they are soon friends, but she cannot find the papers. A fire breaks out and Loubeque accidentally reveals the hiding place of the papers and Lucille gets them during the excitement. Loubeque discovers the loss and suspects Lucille but she gets away before he can intercept her. The boat she is in capsizes and she floats ashore on a piece of the wreckage where she regains consciousness. She only to find herself a castaway on one of the South Sea Islands. Here the second series closes.

## Detectives Have Fight With Thugs

Union Pacific Detectives McComb and Wiedman returned yesterday morning from Paxton where they had been on official business. They brought with them four men whom they arrested after a hard fight in a box car. The men refuse to give their names and claim to have come from the coal fields in Colorado where they were thrown out of work on account of the recent labor troubles.

When arrested the men were hiding in a box car in the Union Pacific yards at Paxton. Considerable merchandise has been missed from cars at that place and the detectives went up to investigate the matter. They were working in the yards about midnight and discovered a car on which the seal had been broken. Several boxes of merchandise were scattered around and the men heard voices in the car. After a short deliberation they decided to rush the car and were confronted by four men who at once began a fusillade of bottles and other missiles. After a hard fight in which the detectives were obliged to club their guns, they succeeded in overpowering the men and brought them to this city where they were lodged in jail. The men are hard-lookers, especially two of them, and they will be held here pending an investigation.

### Hearing of Henry Geise

The hearing of Henry Geise before the state board of pardons was held yesterday afternoon at Maxwell and was attended by a large number of friends Mr. Geise. The hearing was conducted by John Yeiser, president of the state board of pardons and the afternoon was spent with examining witnesses and taking affidavits. After the hearing Mr. Yeiser came to this city to get evidence for and against Mr. Geise to decide whether or no he should return to the penitentiary to serve out his sentence from which he is out on parole.

Mr. Yeiser will get what information he can from here and any one still has the privilege of submitting affidavits and evidence for or against Mr. Geise. Judge Grant and Attorney William Beatty appeared at the hearing for Mr. Geise and Attorney J. G. Beeler appeared for the state.

### Conditions Serious

Says General Hall

A letter received here yesterday by Oren E. Garrison from Adjutant General P. L. Hall announces that the conditions of affairs at Mexico are much more serious than the newspapers are picturing, according to the department of war. He asked that the company be organized here by Saturday in order that they may be given a place in the new Sixth regiment. Eight companies have already been mustered into the regiment and several other towns are attempting to get a place. He also instructed that the company here be ready for mobilization at any time the call should come. He stated that the orders he received were entirely confidential and that the department was attempting to avoid war and to keep down any undue enthusiasm among the citizens.

Thirty-five men have already mustered into the company here, but fifty-eight are required before the company can muster into the regiment. C. C. Kalleum of Gothenburg was in the city last evening in conference with the local men and announced that he could get a number of men from that place to muster in with the North Platte company. As soon as the men are mustered in a recruiting officer will be sent here to prepare them for mobilization.

The baseball game which was to have been played this afternoon between the North Platte and Cozad high school teams has been called off by the Cozad manager. From now on there will probably be no athletic events between these two aggregations. The trouble arose over the contesting of Husband as pitcher, the Cozad men classing him as a professional. One of their best pitchers is a professional and was disqualified last fall in football and they were seemingly afflicted with a case of pedatitis frigiditis in contemplating going against Husband without their star.

Speaking of the Domestic Vacuum Cleaner, Miller & Paine, the well known Lincoln department store owner says: "We consider the Domestic the best value we have found in a hand operated vacuum cleaner. Its sturdy construction, ease of operation and general efficiency appeals to our customers. It has given perfect satisfaction." The Domestic cleaner is sold by Mrs. M. V. Mitchell, Phone Red 104. 28-3

The Lincoln county Women's Suffrage society will hold a meeting Monday evening, May 4th, in the library building for the purpose of drafting a resolution to be sent to Washington, D. C., to be read at the meeting May 9th of the national convention. A good attendance is desired at this meeting as there is other important business to be transacted. A program has been prepared for this meeting and an interesting time is anticipated. A good crowd attended the play "The Miller's Daughter" that was given Wednesday at Sutherland by the local homestead of American Yeomen. The house was packed despite the inclement weather and the local people were accorded a fine reception and were invited to return at a later date.

## Rebekah Meeting Largely Attended

The annual Rebekah district meeting that was held here yesterday was largely attended by the local members and by delegates from the other towns in the district. About one hundred and twenty-five delegates from other towns attended and a fine meeting was reported. The day was spent with two programs of addresses and musical numbers by the Rebekahs and dinner and supper were served to the delegates at the hall.

In the evening the program was given by the I. O. O. F. and it was very good. Dean J. J. Bowker delivered a fine address and a good musical program was also rendered. The Patriarchs Militant appeared in uniform and had charge of the presentation of the jewels. Twenty-five year jewels were presented to three candidates.

THOS. A. EDISON'S  
GENUINE TALKING PICTURES  
TRUE TO LIFE IN VOICE AND ACTION

The first local demonstration of the new Edison Kinestophone will be given at the Keith Theatre, May 4 and 5. The performance will show the device is everything that has been said of it, the sounds coming from the mouths of the actors in perfect harmony with the movement of the lips and the accompanying gestures, and with such distinctness that the words can be heard in every corner of the theatre. You must see these talking machines to believe them and to know that the old master, Thomas A. Edison, has scored one more, and scored heavily too. There are no two ways about it—the talking picture must be seen to be appreciated.
