Notice.

Dr. G. H. Mathews has moved his office from the north side barn to the Palace livery on Front street in charge of George Wickham. Calls answered day or night, phone Bk 482 or Barn No. 25.

Miss Kramph Speaks On Playground Work.

In an interview in regard to the progress of the playground work Miss Anna Kramph, who is chairman of the committee that is working, stated that they will soon know in regard to the work for this summer. She has been in communication for some time with Harry Smith of Negaunee, Mich., and states that he will probably be here this summer to take charge of the children's work.

Mr. Smith is a son of Mr. and Mrs. J. I. Smith of this city and formerly lived here. He graduated from the school here and took a year of physical culture, a year of medicine and a year in the university of Chicago and is well qualified as a playground worker. He has charge of the playground work at Negaunee and has a good offer to return there next year. His work here will probably be only for the summer.

The playground work is largely misunderstood by many people who seem to have the idea that it is only strenuous athletics for boys. The work, however, consists of many different exercises comprising the folk dances, different games and drills. At other places a play ground festival is given each year and it is of such nature that all pupils of the grade schools can participate. The pupils are divided in classes and the stunts vary from the winding of the May poles to the heavy athletics and some acrobatic events.

At Chicago this year over three thousand children took part in the festival. At Omaha a large number of children took part and it was witnessed by several thousand people. At Beatrice the regular May festival, as it is called there, was witnessed last year by over three thousand people coming from all parts of the county and this year the festival is to be held on the new athletic field and they expect five thousand people.

The committee began work yesterday raising a subscription to carry on the work here this summer. Bruce Brown has charge of raising the big subscriptions and the ladies have the small subscriptions and they will accept any amount. They hope to make this a regular feature of the school soon and carry it on in the summer as well.

Miss Kramph reported that the playground work was widely discussed at the recent meeting of Charities and Correction at Omaha and that it was the general concept of opinion among those workers among children that this was one great factor in keeping the child out of mischief as well as affording him wholesome pastime. It tends to develop a spirit of fairness as well as to develop the bodies and with the co-operation of North Platte people this can be added to the schools here and become a factor of making North Platte the Third city.

Robber Arrested on Train.

A young man by name of Roy Fales was arrested on a train Saturday evening by Night Officer Jones upon information received from Sheriff McDaniel of Sidney. He was arrested on the charge of robbery. It is alleged that he robbed a baker in Sidney of \$80, and when arrested he had that much on his person. Frazier received a telegram from McDaniel Friday informing him that the young man was headed this way and asking him to be on the lookout. He watched the trains Friday evening and all day Saturday and caught the man Saturday evening. When arrested he gave his name as Wilson and denied being the man, but the description tallied with his personal appearance and he later acknowledged that he was the man. Sheriff McDaniel arrived Sunday from Sidney and took the young man back with him.

Carl Fredrick, a laborer in the local yards, was run over by a hand car Saturday and had his arms, legs and head quite badly injured. He was riding to work on the hand car and fell off in front while it was running. The car ran over his body and bruised and lacerated his left knee and his left elbow and hand. His right hand was also smashed and he sustained a bad cut on the back of his head. He will be laid up for several days.

Three furnished rooms for rent. Inquire 414 West Third street.

The Bridgeport Blade interviewed a Burlington official (superintendent or section foreman not stated) who said: "We have a force of men right now tearing down buildings and clearing the right of way for the Burlington tracks through North Platte." Nothing like going away from home to learn the news.

Graduation books for graduation at Rincker Book & Drug Co. 31-4

Macey's Alfalfa Seed. The "egg yellow" kind. See sample at Derryberry & Forbes.

The Boston Salvage Sale

At The Leader

Started Saturday, May 9th, and is now in full blast. The entire stock is now on sale at a saving of from

25 to 33 1/3 Percent

Judging from the crowd present at the opening of the sale Saturday, and the liberal manner in which they have purchased is strong evidence that the public appreciates the values we are offering at this big store. This sale will not last forever; we will soon announce when it will close. At the present time the stock is complete and we advise all to take advantage of this opportunity to save money in the purchase of up-to-date merchandise. Look for the signs and banners which marks the place where the big sale is in progress.

Yours for Great Bargains.

THE LEADER.

Unknown Parties

Borrow Automobile

Some unknown parties borrowed the automobile of Henry Clark, a rural carrier out of this city, Saturday afternoon and the car was not found until Sunday morning. Mr. Clark had left the car in front of a local garage and during his absence it disappeared. He thought that it must have been stolen and no trace of the car could be found that evening, although he searched for it until after midnight. Sunday morning it was found near the stock yards where it had been left presumably by some joy riders.

The car when found was unburnt and from all appearances the parties merely were hungering for a car ride. Mr. Clark announces that he will attempt to find out who the party or parties are and that he will bring them to justice if they are apprehended.

Notice.

Notice is hereby given that any person caught stealing dirt off the land belonging to the Nebraska, Wyoming & Western Railroad Company will be prosecuted, and a reward of \$5.00 will be paid for evidence that will assist in a conviction of any person hereafter caught hauling dirt off said premises. O. E. Elder, Agent.

Mother's Day was widely observed Sunday in all the churches of the city and the sermons and song service in both the Sunday schools and churches were upon the subject of Motherhood. President Wilson issued a proclamation Saturday setting apart the second Sunday of May to be observed as Mothers' Day all over the nation. This idea was introduced into the congress by Ex-senator Elmer Jacob Burkett of Nebraska and at the time he was laughed to scorn by many of his colleagues. The measure passed the house some time ago and went through the senate Saturday.

The case of the A. A. Schatz Co. vs. the Plattsmouth Business college was up for hearing yesterday in the county court and was continued until June 22nd. The case is a suit for \$46.30 alleged to be due for rent and electric light bills and S. P. Randall and C. H. Berhorst are named as defendants. The plaintiff alleges that the defendants are attempting to convert their property here into money and thus put it beyond the power of the plaintiff's collecting the money.

Attorney Albert Muldoon left Friday evening for Hastings to attend the term of district court. He will appear in a case for the Stanton Lumber company.

Automatic Refrigerator
