C. G. Anderson, employed at the round house, was severely burned about the face Wednesday morning and he will be laid off for several days with the accident. He was working on a boiler and when he turned on the injector the frost plug flew out letting the scalding steam at about 210 degrees into his face. Both eyes were severely scalded and he is obliged to have both covered. He was brought to a company physician and had his injuries attended.

William Adair is Hurt by Automobile

William Adair, proprietor of the North Platte steam laundry, was seriously injured Wednesday evening in an automobile accident seven miles west of Big Springs. Three men were riding in the car and one of them who was riding in the back seat escaped without injury. The driver of the car was severely injured about the shoulders.

Mr. Adair left here Wednesday afternoon with a man who is proprietor of a hotel and a garage in Cheyenne and they were to drive through to Cheyenne in a new seven-passenger Cole car which the other man had recently purchased. A mechanic, who works in the Cheyenne garage, was with them and rode in the back seat. He cautioned the driver several times about driving so fast.

They made the trip to Big Springs in good time and without any mishaps and stopped there for supper. About seven miles past Big Springs when they came to the bottom of a large hill they struck a sink hole and the car turned a complete somersault forward. It landed upright but was completely demolished. The men were all thrown from the car and Mr. Adair was pinned underneath it. He was dug out and it was discovered that his left hip was dislocated and the leg was drawn up about six inches shorter than the other one. He also sustained a bad gash on his head and his skull was slightly fractured. He was taken to the Big Springs hotel and his injuries were attended and he will probably be confined there for several weeks unless the doctor will permit his removal here.

The driver had his left shoulder badly dislocated and the bone of it was driven into his chest, fracturing several ribs. He is also confined to the hotel under medical treatment.

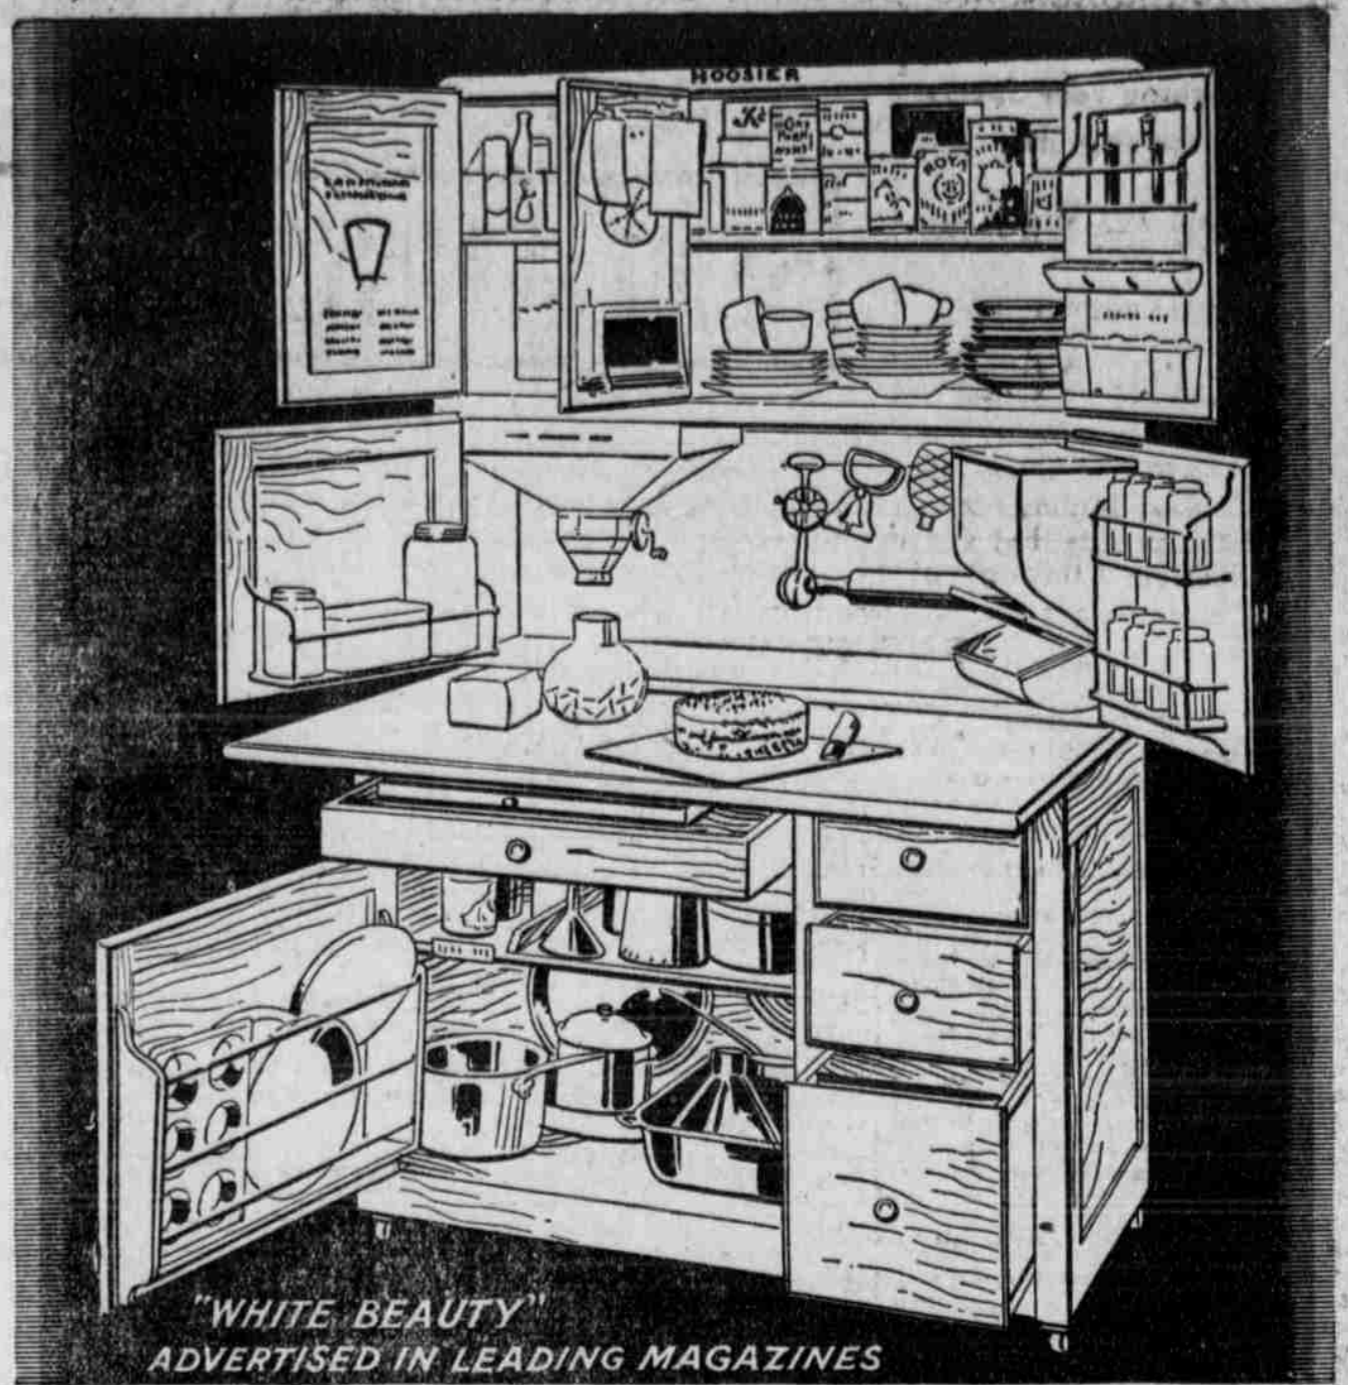

W. A. Skinner of this city was called at about midnight Wednesday and left on No. 3 for that place to look after Mr. Adair. He stated yesterday that Mr. Adair was severely injured and was suffering much pain. His hip which was dislocated by the accident is much worse than a bad break according to the doctor and there is a possibility of its leaving him a cripple. It has been set and the ankle is tied to the ankle of the other leg to keep it in place. He is completely swathed in bandages.

The young people of the Baptist church were delightfully entertained Wednesday evening on the lawn of Fred Louden, residing on south Chestnut street. Miss Mildred Burgner entertained them and all present report a pleasant evening. The regular business meeting was held in the early part of the evening and this was followed by games and other social diversions, after which nice refreshments were served.

Official Notice to End Sale! We can put NEW HOOSIERS in your home for \$1 ONLY while this sale lasts.

THE IMMEDIATE CLOSING of this sale may be caused tomorrow by the number of women who enroll on this Hoosier Plan. If all the women who need Hoosiers should come tomorrow, our allotment would be taken before night and the sale would close. This has happened in many similar sales throughout the country. On the other hand, if women delay, the sale may last all week. This too has happened. Which now is best for you—to delay and take the chances of missing this opportunity or to come down tomorrow and find out about this cabinet so you can decide before it is too late?

It cannot take you ten minutes to decide, once for all, whether you intend to purchase now or later—And you are deciding, remember, whether or not you will save miles of unnecessary steps you now take.

But unless you at once decide, you may decide too late to own this greatest of all Hoosier cabinets on this liberal Hoosier Plan. 700,000 women already have Hoosiers. Thousands are buying this new Hoosier every week. You should without fail grasp your opportunity and see this cabinet tomorrow.

The Hoosier Plan is Simply This:

1. \$1 puts any Hoosier you select in your Home.
2. \$1 weekly quickly pays for it.
3. The Low Cash Price fixed by the Factory prevails strictly.
4. The Sale is under direct supervision of the Hoosier Company.
5. No interest. No extra fees.
6. Your money back if you are not delighted with your Hoosier.

What Possible Reason can remain to deprive you of the use of this Hoosier? Only the small number of Hoosiers left and the certainty that more women will come than we can supply. Every day we have enrolled more women on the Hoosier plan than we expected. There are fewer cabinets left for tomorrow than we have sold in one day. These few undoubtedly would be taken without this ad, but we make this final announcement to keep our promise to advise you of the last day.

We Now Have Kept Our Promise to You

Please remember, if you come too late, that we have told you every day of the progress of this sale, and that we now warn you of the final date in time for you to still enroll if you act early tomorrow.

U. P. Railroad Asks to Raise Assessments

A petition was filed Tuesday afternoon with the board of county commissioners the prayer of which is that the county board cite all property owners in Lincoln county to appear before them while they sit as a board of equalization and show cause, if any, why the tax valuation of property should not be raised to correspond with the valuation placed on the Union Pacific property in Lincoln county.

At the same time William G. Betty, representing the railroad company, filed with the board certain data which he had secured from the records of the county clerk giving all transfers of real estate in the county represented by warranty deeds for the last five years, which deeds purport to cite the selling value of land that has been transferred in the county. He had also looked up and secured the assessed valuation of the land and compared it with the average assessed valuation of these same lands.

This data shows a ratio in the land values as shown by the transfers and the assessed valuation of about \$17.80 and \$7.50, which would tend, they claim, to show that the property of the railroad company is assessed about one-third higher than private property in this county.

The board took the petition and the data under consideration and rendered the opinion that it was physically impossible to comply with the prayer of the petition and to cite all property owners to appear and show cause why the tax valuation should not be raised. It is presumed that the Union Pacific is laying a basis for a mandamus proceedings, or similar action, against the county board to compel them to comply with the prayer of the petition, at which time they will attempt to show to the court the inequality that exists between the assessed valuation of private property and that of railroad property. If such suit is filed, it is prob-

able that it will go direct to the supreme court of the state to secure the writ of mandamus.

At the same time that this petition was filed here, similar ones were filed in Keith, Deuel and Cheyenne counties, counties located in this part of the state. Mr. Beatty, who compiled the data for this, has seen in this part of the state for several months past. He came here in March, presumably to correct the tax payments of the company and compute what taxes, if any, had been left unpaid or had been overpaid. The company, it seems by this action, hopes to lower their taxes here by means of raising the valuation of the other property and in this way bringing about a smaller levy.

Mr. and Mrs. W. P. Snyder and children left Tuesday evening for Lincoln to spend a few days visiting friends. Mr. Snyder will also meet with the other two members of the committee from the chamber of commerce and extend the invitation to the postmasters to meet here next year.
