Only Room for Three More in Dixon's South Bend Watch Club

"The South Bend" Watch

Designs—Bridge model of latest design.
Plates—Genuine nickel—no brass nickel plated as in many makes—insuring an even expansion and contraction in changes of temperature.
Jewels—Selected ruby and sapphire jewels throughout—are harder and not so easy to chip or break as the garnet jewels generally used.
Escapement—Double Roller—this overcomes all danger of over banking which would stop the watch.
Steel Escape Wheel—Harder than the brass commonly used.
Lever Set—Protects you against accidental moving of the hand.
Regulator—A patent micrometer nut and screw—no danger of back lash.
Balance Wheel—Compensating—automatically adjusts itself to changes in temperature, etc.
Hair Spring—Breguet—the very best made.
Adjustments—Temperature isochronism and three positions. Very closely rated under each one of these adjustments.
Finish—Very highly and beautifully finished throughout. Gold lettering.

At the Lowest Cash Price

When I have secured three more members, my South Bend Watch Club will be closed—

And after this club is completed I cannot sell you a watch on the Club terms at the regular cash price.

It is the Club Plan of buying which enables me to give you such a low price.

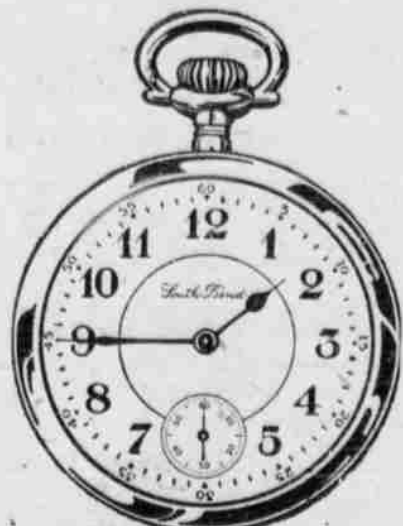

It costs me no more to sell 25 watches on this Club Plan than it would to sell one watch—and I give you the benefit of the saving.

It certainly is the ideal way of buying a good watch.

The first to answer this ad will have the best chance of getting in the Club—

And to insure your getting a membership you had better call at the store immediately or phone your reservation.

Wear the Watch While You Pay

"The South Bend" Watch

You have the privilege of selecting your case from a large assortment of artistically engraved cases of different designs, or you can have plain or Roman finish if you desire.

The case is guaranteed for 20 years and we give you a certificate stating how much gold there is in the back of the case. The case is built especially for the movement, thus insuring greater accuracy.

WHAT WE WILL DO FOR YOU

We agree to adjust the watch to your person and guarantee its keeping accurate time as long as it is not abused in any way. The manufacturers stand back of us making this guarantee.

If the watch does not give you accurate service, we will give you a new watch in exchange.

Club will be closed Saturday Night, 9 O'Clock

At a meeting of the directors of the Chamber of Commerce Wednesday evening A. V. Wortman was elected secretary of that organization, succeeding M. E. Crosby, who resigned. Mr. Wortman will assume his duties next Monday, but for the present at least will continue to do more or less local reporting for The Tribune.

Mrs. F. D. Westedfeld entertained yesterday afternoon at a post-nuptial shower in honor of Mrs. Oscar Sandall, nee Miss Tillie Huxoli, at her home on East Eighth street. Over fifty ladies were present and a delightful afternoon was enjoyed with various social diversions. At the close of the afternoon a nice luncheon was served. Mrs. Sandall was a recipient of many nice gifts.

If you have not already procured one of Temple's hail insurance policies do not delay longer. Phone the office.

Miss Marie McCabe arrived home Wednesday evening from Notre Dame college and she will spend the summer vacation here. For the first time the tennis championship of Notre Dame college will be brought west of the Mississippi river. Miss McCabe made a striking record in tennis and easily won over all the other contestants in the tennis tournament. The Chicago Record-Herald gave a lengthy account of her victory and cited the fact that the title has never before been taken west of the Mississippi.

Charged With Cattle Stealing.

Harry Cunningham and Robert Langley were brought to this city yesterday from Kearney by Sheriff Andrews charged with the theft of two cows from Hoyt Hart of the Paxton vicinity. Two cows were stolen from Mr. Hart on Wednesday and were sold in Paxton for \$72. Also two unknown men were seen to drive into Sutherland in a livery rig and buy tickets for Crookston, Minn. Sheriff Salisbury was notified of the theft and of the two unknown men boarding the train and he notified the Kearney officers to search the trains.

Sheriff Andrews apprehended the men on a night train into Kearney Wednesday evening and took them into custody and brought them here yesterday morning. They were lodged in the city jail and Sheriff Beal, of Ogallala, arrived this morning and returned with them. From the talk of the two men it seems that they will plead guilty.

Henry Geise Parole Revoked.

A report on the investigation recently held at Maxwell of the Henry Geise parole case was received yesterday. The Pardon Board after reviewing at length the different sides of the case, revoked the parole of Mr. Geise because of the way in which it was secured and not from any facts brought out at the investigation, and the board not wishing to send the defendant back to the penitentiary, gives him permission to move to another county or go to Germany, he having stated at the investigation that he had leased his place for five years and had no interests to hold him here. The board recommended the above thinking it was not policy for he and his accusers to remain in the same locality, and the other parties could not be asked to leave as they have never been accused of theft and have always been a good reputation.—Brady Vindicator.

Bignell Will Celebrate

An old settlers picnic and Fourth of July celebration will be held at the Stevens grove on July Fourth. There will be horse races, foot races, wrestling and boxing matches, broncho riding and sports of all kinds with a ball game and an open air dance in the evening. Good speaking before noon and a basket dinner. Plenty of refreshments of all kinds. Everybody come.

Robert Loudon has accepted a position for the summer driving the express wagon.

City Council Meets.

Very little of interest was taken up at the council meeting Tuesday evening. An ordinance providing for the building of sewers in lateral district K was taken up and was read three times and put on its final passage. Street Commissioner W. B. Salisbury appeared before the board and complained that many were putting in tile drains in the ditches and they were not getting the grade from the city engineer and that they paid little attention to the grade, often causing the water to back up and leave a constant cess pool. The council advised him to make these people take out their drains and put them in under the supervision of the city engineer.

The matter of building sidewalks was taken up and complaints were brought in by some property owners that hitching posts were placed where their walks should be and that they would not build their walks until the posts were removed on account of the horses that were tied there destroying the walks. Commissioner Salisbury also complained that many people had trimmed their trees and left the brush lying where it had fallen and that for this reason some of the weeds could not properly be cut. The council advised that all persons should remove the brush to allow for the cutting of the weeds. The mowers will be started soon to cut down all the weeds along the walks.

Saxon Car on Lincoln Highway.

M. J. Croker and Fred Wilkins arrived in the city last evening in a Saxon car enroute from New York City to San Francisco by the Lincoln Highway. The Saxon is to be the first car to make the official trip across the continent via the Lincoln Highway and the two young men are making a nice trip. A delegation of several cars from this city met them on the state farm road and piloted them into the city and they spent the night here.

Mayor Mitchell, of New York City, was the official starter of the trip and the two young men started on their trip of 3,889 miles. The schedule calls for an average speed of twenty miles per hour and an average daily drive of one hundred and twenty-five miles and they have run so far on schedule. The young men will pass through five hundred forty towns and they are receiving fine receptions in all these towns by the auto clubs or other organizations. The Saxon is one of the smallest and cheapest cars made, but it is making a run equal to the large, high-priced cars.

Mrs. Maude E. Scott Asks Divorce.

Suit was filed Tuesday in the district clerk's office by Mrs. Maude E. Scott against Glenn Scott asking for a decree of divorce on the grounds of extreme cruelty and non-support. She also filed an application for temporary alimony and that application was taken up in the district court and the temporary alimony granted to the extent of \$20 a month.

In her complaint Mrs. Scott states that that they were married at Beaver City, Neb., June 16, 1908. Application for divorce was filed just six years from that date. She states that they have two children, Randolph, aged 5 and Glenn aged 2. She asks the custody of the children, alleging that Mr. Scott is unfit for the custody of them and stating that she can care for them with the aid of her parents. She also asks reasonable alimony and other relief as may be deemed equitable.

Mr. Scott filed an objection Wednesday alleging that the charges made against him are false. That he works for the Union Pacific Company on a night job and that the day the complaint was filed he turned over to the plaintiff \$40 out of a cheque for \$69, reserving only \$5 for his personal expenses for the month and using the rest to pay bills. Attorneys Beeler & Crosby appear for the plaintiff and Muldoon & Gibbs for the defendant.

The Chamber of Commerce has appointed a committee to provide entertainment for the McCook commercial club, which will come to this city by autos next Tuesday evening. The visitors will have a band, which will give a concert on the streets at eight o'clock, and following this a smoker will be given the McCook boosters at the Elks' home. A pilot will be sent to Maywood to escort the cars to the city, and a number of cars will meet the party five or six miles east of town and act as an escort.

Mrs. J. B. Redfield left yesterday for Kansas to attend the marriage ceremony of a sister.

Four Divorces Granted.

Four divorces were granted in the district court at the equity term. They were granted to Nettie L. Laughlin from James Laughlin, Marie H. Decker from Milo Decker, Addie E. Smith from George G. Smith and Florence L. Tillotson from Henry E. Tillotson. All of them were on the grounds of extreme cruelty and non-support.

The district court session closed yesterday morning, only a three day session being held. Several other minor equity cases were heard and a number were left over until later. The next term of court, aside from the chamber sessions, will be held in December and the jury will be called for that term. There are already several criminal cases and other jury cases to be heard at that time.

Railroad Officials Arrive.

G. G. Holcomb, A. H. Scribner and W. N. Beatty, all of Omaha, representing the Union Pacific company, arrived in the city yesterday to procure data for their appearance before the county commissioners today. The county board will sit as a board of equalization and they will hear the complaints of these men in regard to the petition they filed asking that all land owners be cited to appear and show cause why the tax assessments should not be raised. According to the ruling of the supreme court the writ of mandamus for which the company applied must be taken from the district court and application for same may be made at any time. Mr. Beatty announced some time ago that they intend fighting this to a finish and after being downed by the supreme court and remanded to the district court they will undoubtedly take up the matter there.

For County Commissioner.

I hereby announce myself as a candidate for the republican nomination for county commissioner from the Second district, subject to the decision of the voters of the primary election.

E. H. SPRINGER, Brady, Nebr.

The Chautauqua program yesterday was very good both in the afternoon and in the evening. In the afternoon the Browne-Enlow company gave a pleasing prelude and this was followed by a good lecture by Stewart J. Long. In the evening the Browne-Enlow company again gave the prelude and the great Laurant gave his evening of magic and proved himself an excellent entertainer. His tricks in magic were exceptional and were better for being original. He is one of the cleverest magicians on the circuit. The Browne-Enlow company is composed of artists and Mr. Tack pleased the audience very much with his flute selections. Miss Enlow on the violin and Mr. Browne on the piano also proved themselves artists.

Sherwood Woodhurst is suffering from a wound in his foot as the result of stepping on a rusty nail. He has been employed on the rip-track in the local shops.

W. W. Burr, of Washington, D. C., was visiting friends in the city this week. He was formerly connected with the state experimental sub-station here.

Dr. Larson, of Los Angeles, was in the city this week visiting Jerry Bowen. He was returning to his home from Omaha where he visited relatives.

Korean Justice.

The Korean judge dispenses justice in the open, and by etiquette only the judge can sit. Every one else must stand, excepting the prisoner and his friends, who are forced to remain in a humble kneeling position with bowed heads. Until quite recently these trials were always very one sided and shockingly unjust, states the Wide World Magazine. When a man was brought to a judge it was taken for granted he was guilty, and if he did not confess he was tortured and made to do so. Witnesses, too, were openly bribed. In fact, giving evidence for or against an accused person meant a living to a portion of the community, and these witnesses naturally favored those who paid best. Punishments varied. If the prisoners were too full and the condemned could not pay a fine they were often given a chance to escape or disappeared by some means. Though these things are of the past, Korean judges, like those of China, possess a poor idea of the sense of justice.

He Could Not Understand It

Most people think Jones is a "crank." We think he is properly particular. He is particularly particular about his collars and yet he is honest and fair. He came in Monday and said "What new stunt have you got on your collar work? My tie slips through this last lot as if they were greased and the fit and finish is simply great." Then we showed him this new machine—the Prosperity Collar Moulder which we have recently installed.

It Moulds the Collar Under Steam Pressure.

No Gas, No Friction, No Sharp Edges.

Step in and see it or phone us to call for a bundle so you can be as pleased as Jones. Do it now!
