Mr. and Mrs. Isaac Watts and daughter of Corning, Iowa, who had been guests at the R. C. Langford home for three weeks, left for their home Wednesday evening.

Peter Gunderson of the Sutherland vicinity stopped in the city yesterday for a visit with friends here. He is en route home from Norway where he made an extended visit with his mother and other relatives and friends.

Mrs. Harry Dixon and daughter, Miss Harriet left Wednesday evening for Lake Minnetonka, Minn., where they will spend a month on an outing. The trip is for the benefit of Miss Dixon's health.

Mrs. W. W. Keene returned Tuesday evening from Omaha where she spent several days visiting relatives and friends.

W. J. Bell, living on the Birdwood, was down Tuesday to transact business and incidentally to attend the ball game. Mr. Bell put out four hundred acres of crops, but unfortunately a hail storm a couple of weeks ago destroyed 220 acres of wheat and oats. He has, however, 180 acres of corn that at present is in good condition but will soon need rain.

The arrangements have been made by the committee in charge of the music for the union services for the choir music that will be given at each Sunday night service during July and up to the first Sunday in August. One choir will have charge of the special music each evening and each is asked to give two special selections. The choirs this month are: July 12th, Methodist; July 19th, Episcopal; July 26th, Baptist; August 2, Presbyterian.

The case of the state vs. Jonathan Higgins for hauling a dead carcass on another man's land was tried before the county court Wednesday. Harry P. Stevens of Bignell, was the complaining witness. The evidence was taken and each man claimed that the hog had belonged to the other man and the court took the case under advisement. Judge Grant went to Bignell Wednesday evening and dug up the carcass to identify it and find to whom it had belonged.

Seventeen Elks indulged in a steak fry at the country club Wednesday evening. Fred Redmond, one of our most noted epicurians, says the steak was the finest he had ever eaten. Following the fry an hour or two was spent in song and merrymaking.

North Platte and Ogallala will battle for supremacy on the local ball diamond Sunday afternoon. The team from up the line is said to be quite strong, and an interesting game may be expected.

From there he will go to Gordon where he will initiate a large class this evening and he will go from that place to Rushville where he will organize a new homestead tomorrow evening.

A Greek laborer by name of Nick Makius was badly bruised on Tuesday evening when he fell from the top of a freight car near the ice house platform. He was walking along the top of the car and in some way his foot slipped, letting him fall to the ground. He was not seriously hurt but he was bruised up so that he will be obliged to lay off for several days.

James Diener returned this week from Philadelphia where he went some time ago to claim an estate that was left to him by his mother at the time of her death several years ago. He reports that he had a fine time and he spent some time in the east looking over the places of interest. He went to Philadelphia from Des Moines where he accompanied the Yeomen drill team.

Boost for the home ball team at the Pat Friday and Saturday evenings.

C. C. Hupfer, proprietor of the Vienna Cafe, and William Harcourt, of the Harcourt & Jensen store, motored to Hershey Tuesday evening to look over the town with its new electric lights. They report that our neighboring village is taking on the aspect of a city and that the new lights have added greatly to its appearance. The Hershey people deserve much commendation for building a municipal plant.

Severe Attack of Colic Cured
E. E. Cross, who travels in Virginia and other southern states, was taken suddenly and severely ill with colic. At the first store he came to the merchant recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. Two doses of it cured him. No one should leave home on a journey without a bottle of this preparation. For sale by all dealers.

Graduated Dues for the Chamber of Commerce

The board of Directors of the Chamber of Commerce met last evening at the library building for the purpose of taking up several matters of interest. After some discussion of different questions the matter of membership dues was taken up and it was voted that a committee of three appointed to draft an amendment to the by-laws and work out a graduated scale of membership dues and report at the next meeting. The maximum for the membership dues will be fifty cents per month and they will grade down within the reach of all.

By this method it is hoped that many more people can be interested in the chamber of commerce work and that more members will take part. There is no reason why there should not be five hundred members, comprising men in every business in this city and the clerks. In this way a greater interest would be aroused and much more would be done. C. O. Weingand, M. E. Crosby and C. F. Temple were appointed on the committee.

The matter of raising the publicity fund was also taken up and it was the opinion of those present that this should be looked after at once and they will get busy as soon as possible. The chamber will need considerable money for different projects now on foot, among them the county fair, and so far only a few have subscribed to the fund for this year.

The matter of the fall festival was taken up and a committee of five was appointed to look after this and decide what kind of amusement will be afforded for the festival. On this committee was appointed W. R. Maloney, E. J. Vanderhoof, C. O. Weingand, C. C. Hupfer and Harry Porter.

The board also decided to display the exhibits of the county fair showing the products of Lincoln county in some conspicuous place in the city to attract visitors to our city. O. H. Thoelecke was appointed as a committee of one to have charge of the display and it is the intention of the chamber that this be on display for the entire year. They also expressed the opinion that the city council should be asked to keep out any carnival company that may wish to come into the city at any time and especially during the county fair and fall festival.

To Let Contract Soon
T. C. Patterson received word this week from the Lincoln Highway association announcing that State Engineer D. D. Price had informed them that he was working on the plans and specifications for the new bridge to be built east of this city and that he hoped to be ready to let the contract within sixty days. Mr. Price has a personal interest in the bridge here as it is the only one of its size on the proposed Lincoln Highway through Nebraska. He will hurry matters as much as possible so as to get the work started this fall.

The employees of the Wilcox Dept. store, together with the wives of those married, held a picnic at Sioux Lookout Tuesday evening. There were fourteen in the party and they had a jolly time.

The fire department was called out at two o'clock this morning to extinguish flames that threatened to consume a baggage car. This car with others was being turned on the wye when sparks ignited the woodwork in the vestibule. The cars were hurried to town, the department called and the flames extinguished but not until the woodwork inside and out had been scorched and charred.

Masons Hold Banquet
Platte Valley lodge No. 32 A. F. & A. M. held a banquet Wednesday evening at the Masonic hall in honor of M. W. Grand Master Thomas E. Davis and Grand Custodian Robt. E. French who were visiting in the city that evening. About sixty-five were present and a fine time was enjoyed.

The banquet was served at seven o'clock in the evening and it was followed by degree work. The first degree was conferred upon Carl Runer of the Hershey vicinity. This was followed by speaking and both visiting men gave nice addresses. After the speaking a smoker was held and the remainder of the evening was spent in conversation.

New Business Building

Julius Pizer will let the contract in a few days for the erection of a brick building 44x80 feet, two stories, on his lots on Locust street between Front and Sixth. The building will be modern in all details and attractive in appearance. The ground floor will be for store rooms and the upper for offices or a rooming house; however, Mr. Pizer will arrange the whole building to suit any tenant. This building, in conjunction with the Pratt building on the lot north, for which ground has been broken, will make a nice showing on Locust street and will probably induce other owners of vacant lots on that street to erect buildings.

Baskins Files for Judge

The latest candidate for county judge office is Leslie Baskins, the young attorney, who graduated a year ago and has since been practicing in this city, which is the place of his birth. He is a young man of sterling qualities, a close student and popular here in town where he is well known. There are now four candidates for the county judgeship nomination, Mr. Baskins, Geo. E. French, P. H. Sullivan and Robert Beatty of Brady. The contest, therefore, promises to be interesting.

Samelson Will Open Store

Harry Samelson, former salesman for Weingand and later with Harcourt & Jensen, has rented the rooms over Huffman's cigar store and will open a furnishing store for men. He will take orders for hand tailored suits, having secured the agency for one of the best known made-to-order suit tailors in the country. He will also handle made-to-order shirts and underwear.

Entertain at 500

Mesdames E. F. Seeburger, Geo. A. Austin, J. B. Hayes and J. A. Schatz were hostesses at a 500 party held at the Seeburger home Wednesday afternoon. The function was complimentary to Mrs. Donald Goodwill, and quite a few of the fifty present were girlhood friends of the honor guest. Garden flowers were lavishly used in decorating the rooms which contained the eleven tables. Light refreshments were served at the close of the games, the hostesses being assisted by Misses Ida Otenstein, Hannah Kellher, Edith Holland and Edwina Kellher.
