#### Lutherans Making Campaign

The men of the Lutheran Brotherhood committee are planning to launch the general canvass among their own people for the funds for the new church which they are bent on building within the next four years. They are making the subscriptions to cover four years to be paid in that time at the convenience of the contributors. They are also wise in their decision not to recommend the starting of the building nor even the securing of the plans until the money is in sight. Thus the congregation need fear no burdensome debt.

Circular letters are being sent out today to every one to be solicited. On Monday evening a meeting of the committee is called at the parish house to complete arrangements for the above canvass to be made next week.
