### SPANISH WAR VETS ORGANIZE TOMORROW

About thirty-eight men will be mustered in tomorrow evening in the United Spanish War Veterans' organization which will be launched in this city. The meeting will be held at the weather bureau office and Deputy Commander Geo. H. Nelson of Geneva will be here to muster the men in.

There are about twenty veterans in this city who will be mustered in and a number from nearby towns have signified their intention of going in with the organization here. Five men from Ogallala have been heard from and they will be down. Some will come from Gothenburg and others from the towns in the county.

Judge J. S. Hoagland called on a committee from the Spanish War veterans yesterday and extended an invitation for them to meet with the G. A. R. Saturday evening at the I. O. O. F. hall. The company will be formed at the weather bureau office and they will march to the hall where a reception will be held. At the hall music will be furnished by the fife and drum corps and there will also be some speaking. Following this they are planning to give a parade up Dewey street of the Spanish War veterans and the G. A. R. members.

The company here will be composed of soldiers and sailors who saw service during the time from 1898 to 1902. They comprise regular soldiers, volunteers, sailors and one of the Torrey Rough Riders. The men here served in companies all the way from California to Massachusetts. All who saw service during these years are eligible and it is hoped that any who have not been called upon will volunteer to enter the company.

### Play Grounds For All

A large number of grown-up people and high school students visited the playground last week and they are cordially invited to do so again. The playground is not all for the small children as many seem to think, but for the entire community. It was in the playgrounds of Chicago that Sidney Hatch, Carelson, and Kennedy, the three great distance runners received their start. All of the track men of the I. A. C. and the C. A. A. of Chicago train in the public playgrounds of that great city. The seven Olympic athletes from that city did practically all their training for their world events in these children play centers. Much the same opportunity is offered the high school students here in our city playground.

Tuck your track suit under your arm and take a stroll down there some evening. Take a turn at the jumps or a spin on the track, it is for you. Foot ball season will soon be here and as in the past, a bunch of soft material will bulge out for the first practice and it will take a couple of weeks to get the soda-water-fat worked off. Be wise and get hardened up before the coach calls on you to hit the line. The first prize standards of the badge test is for the high school students, if you think they are easy take a peep at the cards. 100 yard dash 13 seconds running broad jump 15 feet; running high jump 4 feet 4 inches; climbing bar 12 times; three standing jumps, 22 feet. If you equal these records you get a gold playground badge. The longer you delay testing your strength the less strength you bring to the test. Do something.

### Arrested for House Breaking

A seventeen-year-old boy was arrested Wednesday afternoon by the local officers on the charge of house breaking. Some time during the circus performance in the afternoon the Decker house on west Second street was robbed of several articles. The officers were at once notified and they apprehended the boy in the vicinity of the stock yards.

The house was robbed of two suits of clothes, two pairs of shoes, a pair of gloves and a suit case. When the boy was caught he had them and the property was identified. Charges were brought against him yesterday by Sheriff Salisbury and he will be given a hearing today.

The boy refuses to give his name, but states that he is from California and that he has been following the circus for some time. He will give no particulars about himself, not even the town from which he comes.

### The Theatrical Season

Manager Garman of the Keith theatre, announces that the theatrical season will open August 24th with the presentation of a comic opera, the contract for which was signed this week. The bookings for 1914-15 season are not so far, very heavy, but the attractions which have been booked are all of the better class. Other bookings will be made through an arrangement which Manager Garman has made whereby North Platte becomes one of the towns on what is known as the Salt Lake circuit; the major part of the attractions appearing in that circuit playing here. By getting on this circuit North Platte will be assured a number of strong plays which could not otherwise have been secured.

### Mutual Building & Loan Association

Assets May 1st, 1914, \$613,998.75  
To supply the demand for approved loans this association will issue a limited amount of its paid up stock. This stock pays six per cent interest. Interest paid semi-annually. No better or safer investment can be found for idle money.

A large crowd from out of the city attended the circus Wednesday afternoon. People from all over the county came in wagons, buggies, carriages, and automobiles, and some on the trains. In the one block on Fourth street between Dewey and Locust street, thirty-five automobiles (mostly Fords) were stacked in during the afternoon performance. Many came in to see the parade and in the streets from the school house to the depot off Dewey street there were one hundred thirty-two automobiles arranged to see the parade.

Mrs. Gus Peterson, of Raton, N. M., is the guest of her sister, Mrs. Gus Anderson, while en route home from a trip to Los Angeles. Mrs. Peterson is known to many North Platte people, having visited here several times in years past.

### RAILROAD NOTES

Sam Grace, of Omaha, visited friends in town Wednesday and conferred with members of the local machinists' union.

During the past two weeks the car repair gang at this terminal has repaired 175 grain cars, which have been shipped west.

Conductor Fred Letts was in Omaha the early part of the week as a member of a committee asking that passenger runs west be assigned instead of pooled.

The death of Conductor Andy Walsh gives Conductor McFarland a main line run and places extra Passenger Conductor Bretznitz on the branch run.

Arthur McCabe, employed in the car repair gang, went to Omaha yesterday to have an injured eye attended. A few days ago a hot cinder lodged in the eye, and as it was becoming more irritated all the time he wisely concluded to consult an oculist.

Only two of the passenger runs west are assigned, but efforts are now being made to have all the runs assigned. Ten of the fifteen crews favor the proposition, the opposition coming from the younger conductors who through an assignment would fall heir to the less desirable runs.

A Chicago dispatch dated Wednesday said: "Mediation between ninety-eight western railroads and their 55,000 engineers and firemen over wages and working conditions has taken a more hopeful turn, it was said today. The federal board of mediation and conciliation has obtained consent to continue negotiations during the week and expects to get the approval of the employees to arbitrate."

Bread and butter will no longer be served free with meat orders on western railroad dining cars. An order issued Saturday, in which all western railroad lines have joined, gives the "high cost of living" a boost. The order applies to bread and butter. Commencing Tuesday and for generations to come an order of bread and butter on a railroad dining car will cost the consumer 10 cents straight. Water alone remains on the free list.

### EVENTS IN SOCIETY

Tomorrow forenoon Mrs. W. H. Mungler, Jr. will entertain the Saturday bridge club together with several invited guests.

A score or more ladies were pleasantly entertained yesterday afternoon by Mrs. Isaac Dillon and Mrs. L. W. Walker at the home of the latter. The function was a Kensington with Mrs. Donald Goodwill as the honor guest.

The Tellicems, the young ladies' class of the Episcopal church, were delightfully entertained Tuesday evening at the home of Miss Lucille McFarland. The evening was spent with social converse and various diversions and nice refreshments were served.

Mrs. W. H. C. Woodhurst entertained Tuesday at luncheon for Miss Hazel Clark of Omaha and Mrs. Curtis Baylor and Miss Martha Smet of Cuba, Ill. The house was tastefully decorated for the occasion and a nice three-course luncheon was enjoyed.

Mrs. J. H. Posey entertained Tuesday afternoon from three until five in honor of Mrs. Stutts, of Yale, Ill., and Mrs. Cal Lowell, of Omaha. Twenty ladies were present and a pleasant afternoon was enjoyed with 500. During the afternoon fruit punch was served and at the close nice refreshments were served to the guests.

Mrs. C. M. Reynolds and Mrs. M. Keith Neville entertained at auction bridge last evening complimentary to Mrs. Donald Goodwill. Thirty-two ladies were present, and they entered into the game with much interest and the evening was greatly enjoyed by all.

Mrs. M. E. Scott entertained at her home on west Third street Wednesday afternoon from two until six in favor of Mrs. Curtis Baylor and Miss Martha Scott who are visiting here from Cuba, Ill. About one hundred guests were invited and a pleasant afternoon was enjoyed. The house was tastefully decorated with garden flowers and was very pretty. The guests of honor received the guests in the reception hall and Mrs. H. M. Grimes and Mrs. W. F. Crook assisted in the library and directed them to the dining room.

Misses Dorothy Hinman, Nannie Iddings, Florence Wilcox and Lucille McFarland served the refreshments to the guests. During the afternoon Mrs. Hatch and Miss Esther Antonides gave some vocal numbers and Miss Ida Ottenstein rendered some instrumental numbers.

### Strayed Cattle

Strayed or stolen from my place six miles north of Dickens, Neb., about July 22, one yearling steer, one yearling heifer, branded 4 (four) on left hip; two cows branded seven-four on neck on left hip. A liberal reward will be paid for any information leading to recovery of same.  
W. L. FRISTO,  
Dickens, Neb.

John Harshfield and other north side taxpayers have petitioned the county commissioners to divide Birdwood precinct, making "Hilsdale" precinct out of the west portion. It is claimed that too many miles are traversed at present going to and from the voting place.—Sutherland Free Lance.

### Cured of Indigestion.

Mrs. Sadie P. Clawson, Indiana, Pa., was bothered with indigestion. "My stomach pained me night and day," she writes. "I would feel bloated and have headache and belching after eating. I also suffered from constipation. My daughter had used Chamberlain's Tablets and they did her so much good that she gave me a few doses of them and insisted upon my trying them. They helped me as nothing else has done." For sale by all dealers.

## A Matter of Judgment

Deacon Jones' goat was king of Jonesville until the railroad came. He had butted everything into immediate flight, from the yellow dog to the tax collector. The day the first express came tearing in at thirty miles an hour, the goat met the engine "half-way." As the deacon stood thoughtfully amid a "shower of goat remnants" a friend said: "Well, deacon, what do you think of your goat now?" "Oh," said the deacon, "I admire his courage but damn his judgment."

The man who reasons that all lumber is alike because it LOOKS alike, has several more things coming. There is a difference in lumber—a big difference, as you can readily see by comparing our fine grades with others. We refuse to accept anything from the manufacturers that is below our high standard of quality, and when it comes to lumber, shingles, plaster, cement, etc., there's not another yard in these parts can give you the values that we can.

Show your good judgment anyway, by seeing us before buying.

## KEEP COOL

You are probably wishing for a cool spot off in the mountains or on some stream or lake, away from this summer heat. Why not enjoy a cool, refreshing vacation at home? You can easily do this by investing a small part of the expense of a trip in an electric fan. It will not only cool you this summer, but next summer and many summers.

WORK, EAT, SLEEP in the cool, refreshing, invigorating breeze of an Electric Fan.

## After The Fire

It is useless to ask questions how it happened. Nine times out of ten it happens unexpectedly and in unexpected places, mostly through accident or carelessness. The best provision against fire is a policy of insurance in one of our reliable Companies. This protects you from property loss, and the cost is so small as to be scarcely worth consideration. If uninsured, talk it over with me.

## U. S. and European Telephone Service

With only 6% of the world's population, the United States has more telephone wire in use than all the rest of the world.

Here are some interesting figures regarding the telephone wire in use in some of the leading countries:

Country	Population	Miles of Telephone Wire	% of Total Telephone Wire in World.
United States ..	96,299,000	20,248,326	60.88
Germany .....	66,640,000	4,175,782	12.56
Great Britain ...	46,122,000	2,300,000	7.09
France .....	39,602,000	1,060,052	3.19
Austria .....	29,056,000	321,646	.97
Sweden .....	5,604,000	279,312	.84

Efficient service and the lowest rates in the world are the reasons why America, with only 6% of the population, has more than 60% of all the world's telephones.
