Mrs. Gilfoyl Passes Away

A telegram received in town Wednesday announced the death of Mrs. Henry Gilfoyl at Long Beach, Cal., at six o'clock that morning. North Platte friends knew that Mrs. Gilfoyl had been in a critical condition for several weeks and to them the message was a confirmation of their fear. For several years Mrs. Gilfoyl had been a sufferer from physical ailments and with her daughter had spent much of that time in California. During the last year she suffered severely from gall stone, and later other complications set in which made her recovery doubtful. Several months ago she went to California hoping to secure relief, but she began to decline and three weeks ago the daughter advised the father to come to them. He immediately responded to the call and was a constant attendant until the spirit took its flight. The telegram stated that the body would be cremated.

Mrs. Gilfoyl was the daughter of Mr. and Mrs. Arundale, who were among the early homesteaders in the north part of the county. The family moved to North Platte over twenty years ago, and for a time Mr. Arundale was janitor at the court house. Shortly after moving here the daughter, now deceased, was married to Mr. Gilfoyl, who is a passenger conductor between North Platte and Cheyenne.

Mrs. Gilfoyl was one of our best known and most highly respected residents, and her death was received with regret by all. To the stricken husband, daughter and mother sympathy is extended.

Thrilling Runaway Near Dickens

What might have been a serious runaway occurred last Wednesday near Dickens when Mrs. C. A. Porter started to go to a hayfield in a buggy with her baby. She got out to open the gate and lead the team through, leaving the baby in the buggy. While she was closing the gate the team started to run and they ran about a mile across the prairie.

Mrs. Porter started in pursuit, expecting every minute to find the baby thrown out of the buggy. However, she soon came upon the buggy with the team standing near, broken loose from the rig. The baby was sitting on the ground near and had not been hurt in the least. The pole of the buggy had come down and run into the ground which stopped it suddenly and threw the child out. The horses had broken loose, but as soon as they found themselves loose they had stopped. Mrs. Porter's joy was manifest when she found her child safe and unharmed.

Notice to Advo Customers.

We are starting to take orders for Advo goods to be delivered in November. We will see all our last year's customers and sell them what they wish, but the condition of the canned goods market is such that we will not sell any more goods at present prices than we have wholesale contracts for. We do not urge our customers to buy more than they can use but believe that you will see higher prices for this grade of goods through the coming year.

New Heating Plant.

A new heating plant is being installed in the Keith theatre building. The plant heretofore in service being insufficient to keep the building comfortable during the colder weather of the winter season. At the time the plant was placed, it was guaranteed to create the proper temperature, but in this it failed and from time to time Mr. Neville made additions to and changes in the radiation. However, failing to get the desired results, he concluded to throw out the old plant and install a new and larger boiler and also increase the radiation. It is believed that the new plant will keep the building warm in the most severe weather.

Christians Hold Annual Picnic.

The Christian Sunday school held their annual picnic yesterday at Birdwood and a large number went out and spent the day in the grove. They left yesterday morning in two special cars attached to the rear of the branch train. Their cars were decorated with banners and they went prepared to enjoy a jolly time. About a hundred or more members of the school attended. They took along enough lunch for dinner and supper and they returned last evening on the branch train.

Children's Eyes.

It is not at all uncommon to consider a child stupid, blame him for lack of interest in his studies, or even to punish him for outbursts of temper, when defective vision is the only cause. Medical inspection of school children has shown that 15 per cent are suffering from bad eyesight, undiscovered until the school doctor calls it to the attention of the parents.—Woman's Home Companion.

Spoiled His Appetite.

"Every bit of food on this table," said the serving lady to Lamson as he sat down to eat at the church supper. "was cooked by your wife."
"Oh, I don't mind," rejoined Lamson faintly. "I'm not a bit hungry, anyway!"—New York Times.

Russia's Forests.

Russia has 464,500,000 acres of forest. That is to say, more than one-third of the whole country is covered by trees, and there are four acres of forest to every inhabitant.

Local and Personal

Miss Gladys Lapp of Great Falls, Mont., is visiting in the city for a few days at the E. T. Tramp home.

John Frederici, who was injured in a fall from a bridge at Lisco ten days ago, returned to work yesterday.

C. L. Patterson, head of the U. P. secret service, spent yesterday in town visiting friends and transacting business.

The girls of the Episcopal church will hold an exchange in the window of the North Platte Furniture & Hardware Co. Saturday.

Col. Wm. Beatty, of Brady, arrived in the city yesterday morning and spent the day here talking politics and looking after business.

H. E. Callender of the Callender & Son store, left yesterday morning for Keystone to spend a few days looking after business interests.

A score or more men held a beef-steak supper at the Country Club Wednesday evening, which was prepared and served in such a manner as to call forth many complimentary remarks.

Mrs. Frank Hoxie, who has been spending the summer on the ranch north of Ogallala, was in town Wednesday making preparations to re-occupy her home during the fall and winter.

Mr. and Mrs. C. S. Clinton are expected to arrive home tomorrow from Oakland, California, where they have been visiting their daughter, Mrs. Arthur McNamara. Mrs. Clinton visited there all summer and Mr. Clinton has been there for several weeks.

W. T. Beery of Grand Island, master mechanic for this division of the Union Pacific, passed through the city Wednesday morning in his private car enroute to Denver. From there he will go to Yellowstone Park where he will spend several weeks on a vacation.

New Suits and Coats are arriving at Wilcox Department Store.

Charles Maupin left Tuesday evening for Omaha where he was taken to a hospital for treatment by Dr. Jonas. He fell some time ago and struck his shin on a board and trouble later developed that may prove serious. He thinks that the bone was chipped as several pieces of bone seem to be loose in his leg.

The Boyd Burrows show closed their three days' engagement here Wednesday evening with a presentation of "The Girl and the Artist" to a good sized audience. Despite the threatening weather they enjoyed good audiences all during their engagement here. They carry a bar-l that plays good music and the band gave two concerts daily for the three days. The troupe left yesterday morning for Hersey where they will finish the week.

It is probable that the Episcopal people will postpone until next year the proposed improvements to the church property. The bids for the work were much higher than anticipated, and greatly exceeded the estimates made by the architect. As business conditions are rather quiet and money rather scarce, the officials of the church are inclined to believe that it would be best to delay improvements until 1915.

The Catholic Girls' club met Tuesday at the home of Miss Jessamine Flynn to hold a business meeting. At the meeting they decided to hold a big fair some time during October. Several entertainment features have been decided upon and they will furnish much fun for the public. One of the features of the fair will be the raffling of a beautiful bed spread which Father McDavid brought back from Ireland. The spread is a very valuable one and Father McDavid at one time refused three hundred dollars for it. It will be put on display soon in the windows of the Howe & Maloney store.

A newspaper coming into your home is such an intimate part of your daily life that you should choose it as you would a friend. First, you want one in which you have explicit confidence. Even with a friend you are more watchful in matters in which he has a self-interest. Why not more so in the case of a newspaper? The State Journal is the one state paper that does not have some sort of personal interest in political affairs, its owners and publishers not being office holders or office-seekers. Why not choose such a paper? Just to show you how different the Journal is, it will be mailed from now until January 1, 1915, for only a dollar, including the Sunday Journal. This is the great reduction just for a trial and the paper will stop when the time is up. Send in your order today and the paper will start at once. Address State Journal, Lincoln, Nebraska.
