Sentiment is at a white heat in the eastern part of the state. If any town or county wants to be represented in this unprecedented parade, they should see that cars go with their pennants. Everyone is invited to enter the parade. Mrs. W. E. Barkley, 1827 E. St., Lincoln will see that your car is entered. Let us see that Lincoln county and North Platte is represented. Lincoln county will be the only county in the state left out without a doubt, if we fail in this.

AMUSEMENTS FOR COUNTY FAIR WEEK

PAINTS FIREWORKS, THE MOST WONDERFUL EVER SEEN IN NORTH PLATTE

Hiram and Samantha Will Amuse the People with Comedy Acts that are New and Laugh Producers.

The committee appointed to provide amusement for the visitors to town during the county fair and fall festival have secured a number of features that are certain to please. Chief among these are the Paint fireworks which will be displayed tomorrow and Thursday evening at the corner of Dewey and A streets on the site on which the late chautauqua was held. This pyrotechnic display will be the most extensive ever seen in North Platte, and will be entirely different from the customary display. The set pieces, portraying different subjects, are particularly brilliant and will be well worth the attendance of people residing with 50 miles or more of North Platte. The cost of these works are three times greater than any exhibit heretofore made in North Platte. The representative of the Paint company arrived today and is getting things in readiness for the first display tomorrow evening. The exhibition will start at eight o'clock each evening.

Another feature is Hiram and Samantha in comedy acts, something different from anything heretofore produced in North Platte. These exhibitions will occur twice daily, today, Wednesday and Thursday on Dewey street. The first performance will be held at 10:30 a. m., the second some time during the afternoon.

Arrangements have been made for two ball games between the North Platte team and the teams from Ogallala and Cozad. The latter team will play tomorrow and Ogallala Thursday. A game was expected with Hershey today, but it was cancelled by Hershey.

Some local stunts are being prepared for tomorrow and Thursday, the nature of which has not yet been divulged by the committee.

For the amusement of the young folks, a merry-go-round is located on Fourth street south of the Elks' building.

The Court House We Didn't Get.
C. C. Hupper, of the Vienna Cafe, has had on exhibition for a few days past a model of "the court house we didn't get." The structure, which is about 2x3 feet is a very smooth example of designing and handiwork. The building, symmetrical in its architectural lines, is surmounted by a dome made of a gilded watermelon, the exterior is fancifully created of grass and vegetable seeds, the different colored seeds representing the trimmings. The building is surrounded by a lawn made by coloring sawdust a dark green, the walks are made with wheat grains, and interspersed on the lawn are trees and beds of brilliant flowers. The building is lighted with small electric lamps. Mr. Hupper has been asked to exhibit the building at the county fair and he will probably do so. It is as clever a piece of handiwork as we have seen in years.
