Republican Candidates En Tour.

Practically all the republican candidates for state offices are making a tour of the state in automobiles and holding meetings in the various towns visited. The party is scheduled to arrive in North Platte on Wednesday evening of next week at seven o'clock, and will hold a meeting at eight, at which addresses will be made by R. B. Howell, candidate for governor, and others. Thursday morning they will leave for the west, and will speak at Hershey at 9 a. m., at Sutherland at 10 o'clock and at Paxton one hour later.

MILLINERY DISPLAY

A beautiful line of Fisk's Pattern and Tailored Hats will be on display Friday, Saturday and Monday, Sep. 18th, 19th and 21st, at Howe & Maloney's. Remember the dates, three days only. Come early and get choice selections. This will be a chance to get very choice millinery at exceedingly low prices. MRS. EDW. BURKE.

Horrible Accident Near Tryon

Dr. W. J. Redfield was called twenty miles north of Tryon yesterday at noon to attend a man named Nickerson, who had a leg mangled in a threshing machine, but the injured man died before he reached him. Nickerson attempted to walk over the machine while it was in motion and when he stepped on the casing over the cylinder the board broke and his right leg was caught in the rapidly revolving cylinder, crushing it to a pulp as far up as the knee. He lived but a few hours.

Ask For Police Protection.

At the meeting of the city council Tuesday evening a petition signed by forty-three residents of the Fourth ward was presented, asking that a night policeman be employed to patrol that ward. Recent burglaries and other depredations committed in that section have more or less alarmed the residents, hence the request for police protection. The matter was referred to the finance committee who will report whether the general fund will stand an additional expenditure of sixty-five dollars a month. The Fourth ward people are unquestionably entitled to the protection they ask, and the council will no doubt make some arrangement to safeguard their property.

Don't forget the big Millinery Sale at Howe & Maloney's.

Vincent Fitzpatrick entertained a number of friends last evening at a birthday party at his rooms at the Hinman house. A pleasant evening was reported by those present.

County Treasurer Albert N. Durbin, A. B. Hoagland and Clinton York were visiting in the Brady neighborhood yesterday on business.

RAILROAD NOTES

Increase Working Hours

Beginning next Monday the Union Pacific shops will go on a nine-hour day for five days in the week and a half day Saturday. For some time past the men have been working but forty hours per week; under the new order they will work fifty hours per week. This increase of ten hours per week will make quite a difference in the size of the mechanics' checks.

Eight new engines of the heavy Pacific type—superheated—have been assigned to North Platte, four on runs west and four east. The first of these are expected to arrive in a week or two.

Though freight traffic is unusually heavy, the company has not yet been required to place in service any of the engines stored in the old round house. Among those stored are five that have lately been received from the Omaha shops after undergoing a general overhauling, including new fire boxes.

The number of cars passing through the yards for the first seventeen days of September show an increase of several thousand compared with the same period last year.

Stock shipments over the branch are very heavy. Thirty cars came down the early part of the week, a big string are due today and a special trainload will arrive tomorrow evening.

So far this month the Union Pacific has handled 1,000 more cars of grain than it did in the same period in September last year.

Howard Hurst, of Lodge Polo, was struck by the engine pulling a fruit train Monday night and sustained a fracture of both legs below the knees and a fracture of the left arm at the elbow. He was taken to Omaha for treatment.

Stoves cleaned, repaired and erected. Now is the time to order your stove repairs. McGovern, Stove Repairer, 511 Locust, Phone Red 260. 66-6

The new flouring mill commenced operation the first of the week and has ground up some old and new wheat into flour. They will put out but one straight grade of flour "The Blue Diamond." Everything is working shipshape and the proprietors, the Eshelman Bros., will be filling orders in the very near future both in Hershey and from the outside territory. We opine the new business venture will be a success as it is as fine a mill as there is in this part of the state.—Hershey Times

Bold Daylight Robbery

An unknown man entered the York feed store yesterday morning about ten-thirty and committed one of the most daring robberies that has ever been pulled off in this city. He succeeded in getting away with about twenty-five dollars in change but failed to see a pocketbook containing a number of bills that was lying in the drawer. Up to the present time no arrests have been made.

Mr. York was away from the store less than three minutes and found upon his return that the robbery had been committed. As he left the building he noticed, as he remembered after the robbery, a strange man standing near his store watching operations on the new Bratt building. The man had been standing there for half an hour or more and he thought nothing of it.

During Mr. York's absence the man stepped into the store and went to the money drawer and jerked it down as he could, not work the combination. The robbery was discovered as soon as Mr. York returned and the officers were set on the hunt of the man who is described as being of medium build and wearing a black hat and a dark suit.

Mr. and Mrs. Elmer Owens mourn the death of their infant child that was born the early part of the week, the little one having passed away last night.

One Wagon Load of Sweet Clover

Seed Sells for over \$1,000.00

Probably the most valuable wagon load of products of the land ever marketed in North Platte came in Tuesday. It was a four horse wagon load of sweet clover seed that weighed out a little over one hundred bushels, the selling price of which was ten dollars per bushel and the value of the one wagon load was a little over one thousand dollars.

This wagon load was part of a carload shipped this week by Leyboldt & Wickstrom, of Hershey, and was cut on land south of the city.

CITY AND COUNTY NEWS

Mrs. F. H. Barber left yesterday for Lewellen to visit friends and attend the county fair.

Mr. and Mrs. H. F. Wright returned Wednesday from a few days' visit with friends at Grand Island.

Mrs. F. T. Redmond and Mrs. Mose McFarland returned last night from Lewellen, where they attended the Garden county fair.

I have for sale a number of pieces of household furniture. Call between 4 and 7 p. m., 294 west First street. George E. French. 68-2

J. W. Snyder, of Kansas City, Mo., was visiting friends in this city for a few days this week. Mr. Snyder was a resident of North Platte in the years 1866-67-68 and was one of the earliest settlers in this country after the war. He served in the Fifth U. S. cavalry during the war and returned here immediately after its close. He is now making his first visit here in forty-six years.

J. W. Shores, who has been in Brady the past ten days buying hay for a Kansas City firm, has shipped out thirty-five cars of hay during that time. Mr. Shores says the firm he represents will ship over three hundred cars of hay from Lincoln county this fall.—Brady Vindicator.

Nels Nelson, who lives nine miles north of Brady, reports that he husked ten acres of corn that averaged forty-five bushels to the acre. He lives in the Wild Horse valley and he says there are a number of fields in the valley that will do equally as well.

Acute Indigestion.

"I was annoyed for over a year by attacks of acute indigestion, followed by constipation," writes Mrs. M. J. Gallagher, Geneva, N. Y. "I tried everything that was recommended to me for this complaint but nothing did me good until about four months ago I saw Chamberlain's Tablets advertised and procured a bottle of them from our druggist. I soon realized that I had gotten the right thing for they helped me at once. Since taking two bottles of them I can eat heartily without and bad effects." Sold by all dealers.

North Platte has Consumed Fifteen

Cars of Peaches so far this Season

Last Wednesday a carload of Colorado peaches was received by T. M. Cohagen the distributing agent, the fifteenth car load received this season. When you consider that there are 1200 cases—or their equivalent in baskets—in a car, you have a total of 18,000 cases. When you ponder over these figures you will at once conclude that the people of North Platte and surrounding country are fond of this fruit. The early shipments of peaches came from California, then followed the Idaho crop, and those now arriving come from Colorado.

In addition to the carload of peaches, Mr. Cohagen received the same day a carload of Colorado apples and a carload of Michigan grapes. This is the third carload of grapes so far this season, and the season is just starting. A car contains 3200 baskets.
