

YOUR EYES

Your eyes are your bread winners. Take care of them. If you would stop and think what it would mean to be deprived of your eye-sight, how utterly helpless you would be, you wouldn't abuse your eyes in the least but would take the greatest care of them always.

The moment you feel that anything is wrong, if your sight is blurred, if you feel dizzy, if your eyes tire easily, you should not lose a minute in having them examined. By being prompt in attending to your eyes at the first sign of trouble you will be able to have the defect speedily and permanently cured.

Big Show Promised Soon.

Final arrangements have been completed for the appearance of Milton Schuster and the Graces of the Musical Comedy in this city. The dates are October 5th, 6th, and 7th. The local engagement will be at the Keith theatre. A scale of prices never before approached for smallness considering the size, merit and reputation of the attraction, will prevail during the entire stay of the company here. In explaining the extremely moderate scale the proprietors of the attraction declare that "Big Shows at Little Prices" is at present the dollar making byword in the amusement business.

The fact that the company remains in the city several days means an elimination of sixty-five per cent of the advertising and railroad charges attendant on the usual one night stand attraction. This fact alone enables the management to offer the usual dollar and a half stand at a radical cut. The Princess Roulette will be the first of the graces to be offered. On succeeding nights "The Maid of Mexico" and "The Girl from Brighton."

A trainload of French reservists, which were assembled at points on the Pacific coast passed through this morning. These men were more advanced in age than those who passed through a couple of weeks ago.

Miss Edna Allen, waitress at the Palace Cafe, is reported quite sick at her home in this city. She is improving, however, and will be able to return to work in a short time.
