FINE PROGRAM PREPARED FOR DR. ANNA SHAW'S LECTURE

The local suffrage society have been busy getting ready a nice program for Sunday afternoon when Dr. Anna Howard Shaw will lecture at the Keith theatre on the subject of woman suffrage. The program will consist of congregational singing of the nation's songs and special music.

Dr. Shaw will arrive in the city at about two o'clock and will spend only a few hours here. She is enroute returning to the east from her western trip and was able to stop over here only a short time. Many are expected at the meeting Sunday afternoon at 2:30 as the speaker is one of national repute and the subject one that interests everyone, whether for or against the movement. Many have already asked regarding getting seats reserved, but no reservations will be made other than for those who take part.

A chorus under the direction of Mr. Ridenour, who is conducting the singing at the Christian church during the meetings, will be in evidence and the well-known male quartette, composed of Messrs. Brown, Shaefer, Mitchell and Yost, will also give some numbers. An original suffrage song composed by Mr. Ridenour will be sung at this meeting.

CHAMBER OF COMMERCE TO BOOST LINCOLN COUNTY

At a meeting of the board of directors of the Chamber of Commerce last evening Mr. Goodman appeared before that body and presented the matter of getting out a booster pamphlet advertising North Platte and Lincoln county. The idea is to get out a folder that can be put in a letter and mailed out to those who inquire for information.

After some discussion of the matter it was voted to appoint a committee to look after this work and decide on what was needed. Also to write the text for the pamphlet. Mr. Goodman was appointed chairman of this committee and the other members will be appointed later.

Miss Anna Kramph, president of the Associated Charities, appeared before the body and asked that some action be taken regarding a secretary for that organization. She stated that they would be unable to hire one this winter as it would take all the funds to pay one and asked that the secretary of the Chamber of Commerce act as secretary to keep the records and do some routine work. It was voted by the members present that the secretary of the Chamber of Commerce be appointed to act as secretary of this organization and that the board of executives of the Associated Charities be informed of it. Some routine matters were attended to and the meeting adjourned.

W. A. Skinner, of the North Platte laundry returned the fore part of the week from Omaha where he went to purchase a new sixty-horse power boiler for the laundry, the old one being too small to handle the work. While there he visited William Adair, who is now confined in the Wise Memorial hospital. Mr. Adair is slowly recovering from his injuries sustained last spring near Big Springs, but it will be some time before he can leave the hospital. He is now under the care of Dr. D. T. Quigley, who recently went to Omaha. Mr. Adair has been to Chicago where he consulted specialists regarding his hip and they announced that it is healing nicely and that in time he would be able to walk all right.

The North Platte Public Library Board desires to sell an oak case, about 4x5x10 ft., fitted with drawers, 5 1/2 x 6 1/2 inches. This case is in excellent condition and may be seen at the library. Bids for its purchase made to the secretary of the Board, Miss A. C. Kramph.

WAR SUMMARY

The fate of the Belgian army is the striking feature of the day's war news. The fall of Antwerp before the German guns is gravely threatened. Advices from neutral sources confirm heretofore disputed German claims that they have broken through the outer circle of fortifications, crossed the river Nethe and brought their big guns within range of the city proper.

The Belgian government has been transferred to Ostend, the populace is fleeing into Holland and flags of mercy are flying from the steeples of churches to indicate that these structures, if spared, will not be utilized in defense.

It is believed that the bombardment of Antwerp began yesterday after a demand for the surrender of the city had been refused.

Little change on the battle line in the north of France is indicated in yesterday's statement of the French war office. It says that on the French left wing the Germans have made no progress, while at certain points they have moved back. On the right wing there is no change. The situation on the center remains much the same. Violent attacks in the Woivre district have been repulsed. According to the statement, the Russian offensive continues along the front of east Prussia.

A wireless dispatch from Berlin says papers there report that the British and Japanese attacks upon Tsing-Tau have been repulsed.

Tokio announces officially that the German fire from Tsing-Tau is slackening.

The report that Emperor William has removed General Von Moltke as chief of the general staff is proven untrue by reports from neutral quarters.

A German aeroplane visited Paris, dropping two bombs, one of which wounded three persons.

Vienna claims that the Russians have been driven out of Hungary. The Russian ambassador at Rome replies that the Russians occupy one-fifth of Hungary, as well as seven-eighths of Galicia.

Final hearing on the estate of the late Perry R. Spencer was held yesterday in the county court.

The executive board of the Associated Charities will hold a meeting this evening in the basement of the library building.
