SPANISH WAR VETERANS WILL HOLD BIG "FEED"

Harry E. Brown camp No. 11, Department of Nebraska United Spanish War Veterans will hold their first semi-annual supper Monday evening, October 19th, at eight o'clock at the I. O. O. F. hall. To this affair all the members of the G. A. R. post and ladies are invited and all the veterans of the Spanish-American war who live here whether they are members of the local camp or not. The feed will be army style beans.

The local camp intends to make this a regular affair and in this way get many more of the veterans interested so that they will join the local camp. They have been steadily growing since their organization and they now have thirty-six names on the charter. The charter for the camp will be sent in soon and in the meantime they will make a strong campaign for new members. They expect to have a membership of fifty or more in the near future as there have been many inquiries from veterans living in different parts of the county. The veterans from the surrounding country and from the neighboring towns are especially invited to this supper Monday evening. Each is entitled to bring a lady.

Will Organize Poultry Association

A dozen or more poultry growers of this city met last evening and after canvassing the situation decided to issue a call for a meeting on October 30th for the purpose of organizing the Lincoln County Poultry Association. At the meeting last evening the names of one hundred and five residents of the county who have flocks of thoroughbred chickens were obtained, and these, as well as others, will be invited to attend the organization meeting.

Poultry raising in Lincoln county is becoming an important item in the products of the county and the object of the proposed association is to further the growth of the industry as well as to improve the flocks and obtain greater revenue from the increased production of eggs.

A petition is in circulation asking that the commissioners form a voting precinct of this immediate territory so that a proposition to build another bridge across the south river south of town can be voted on.—Sutherland Free Lance.

Passed Worthless Checks.

A man giving his name as Dan Morrison was arrested yesterday afternoon near the Zimmerman farm seven miles southwest of here by Sheriff A. J. Salisbury on the charge of obtaining money under false pretenses. The man passed worthless paper on Jake Walters of the Wallace vicinity and then started to walk here from that place. The checks were drawn on the Fullerton state bank and it was discovered that there was no such bank in existence. The man passed the papers Wednesday and suddenly disappeared. As soon as it was found that they were worthless the officers here were notified and men from there started in pursuit. The man was tracked nearly to the valley where they lost the trail. He had evaded all the farm houses enroute and had been seen by scarcely anyone. Yesterday afternoon he was seen by two farmers and they telephoned to this city and Sheriff Salisbury left immediately and took him near the Zimmerman farm. He was brought here and placed in the county jail and he will probably get a hearing this afternoon.

Morrison had been staying around Wallace for several days and claimed to be a jeweler. He also claimed to possess talent in many other lines. When arrested he had no money with him.

Mr. and Mrs. P. H. Bath, of Laramie, were guests of Mr. and Mrs. Oliver Moady yesterday while enroute home from a trip to Germany. They landed in that country in July and remained there until about the first of October, and therefore saw and felt some of the effects of the war. Mr. Bath says that by reason of the war business in all parts of Germany is in bad condition and it seemed as though the whole country and its entire population was in mourning—in fact the shops display mourning goods ahead of all others. When the war broke out Mr. Bath was without identification papers showing that he was a citizen of the United States and he suffered more or less inconvenience until he secured the necessary papers from an American consul. At the time he personally applied for these there were fully 5,000 United States citizens at the consulate on the same mission.
