Delays at the Keith Next Week

In presenting "The Red Lily" the Deloy Company have tried to reach the acme of light comedy. The scene is laid in a hot house and has to do with a rare flower—The Red Lily. The surroundings and costumes blend into a very pretty color scheme and the comedy is interspersed with new and catchy song numbers.

Miss Deloy's solos are a feature of this bill and her duet with Mr. Geo. Berig would be an asset to any performance. The comedy is very ably carried through by Robert Bleber and Eddie Deloy, who has a host of friends wherever he has shown, and is conceded to be the best versatile comedian now playing in the middle west. The chorus with the Deloys is ad-

mitted to be one of the best trained of small choruses as they sing as well as dance. The Red Lily is shown in connection with two reels of pictures each show lasting one hour and thirty minutes.

Tabloid means—condensed—cut down, so those who attend the Keith during the week can very readily see what an abundance of good clean comedy and song can be used in an hour performance and still have a complete production.

This extra attraction has been engaged by Mr. Garman at an enormous expense and with the three complete changes of program a week should play to standing room only.

Show starts at 7:45 and 9:00. Prices 15 and 25 cents.

An Engine And A Policy.

can do much to relieve one's anxiety in case of a fire, but it is a question if the policy is not the more powerful. It is a good thing to have, in any case, for the fire is liable to wipe out everything before the engines arrive. Suppose you let me write you out a policy in a reliable company? It will take a load off your mind for future days.
