BYNOPSIS.

Mark Truitt, encouraged by his sweet heart, Unity Martin, leaves Bethel, hi hative town, to seek his fortune. Simon Truitt tells Mark that it long has been heart, Unity Martin, leaves Bethel, his native town, to seek his fortune. Simon Truit tells Mark that it long has been his dream to see a steel plant at Bethel and asks the son to return and build one if he ever gets rich. Mark applies to Thomas Henley, head of the Quinby Iron works, for a job and is sent to the construction gang. His success in that work wins him a place as helper to Roman Andzreizski, open-hearth furnaceman. He becomes a boarder in Roman's home and assists Piotr. Roman's son, in his studies. Kazia, an adopted daughter, shows her gratitude in such a manner as to arouse Mark is interest in her. Heavy work in the intense heat of the furnace causes Mark to collapse and Kazia cares for him. Later Roman also succumbs and Mark gets his job. Roman resents this and tells Mark to find another boarding place. Five years elapse during which Mark has advanced to the foremanship, while his labor-saving devices have made him invaluable to the company. In the meantime Kazia has married one Jim Whiting. Mark meats with an accident which dooms him to be a cripple for life. He returns to Bethel intending to stay there. He finds Unity about to marry another man and wins her back. Unity arges him to return to his work in the city. Mark rises rapidly to wealth and power in the steel business, but the so-dial ambitions of his wife make their married life unhappy. The big steel interests are secretly anxious to get hold of stock in the Iroquois Iron company, supposed to be worthless. Timothy Woodhouse seeks financial assistance from Mark and the boy show that he is still bitter dgainst Mark. Mark finds Roxia, who is divorced and is now a hospital nurse, paring for Roman who is near death. Mark is advised by his physician to stop taking drugs and take a long rest.

"It did," he answered. "But you didn't invite it. You weren't the sort of girl that needed to invite it-you aren't that sort of woman now!" Eyes, no less than tongue, were eloquent of his admiration; but she was looking away. "But most women wouldn't be so ready to forgive. They would remember only hurt vanity. I'm at your feet for your charity. I've seen little of it in my life."

'Have you looked for it?" "No. Nor had it. Nor valued it-

until now." 'And now?"

"Why now I-need it."

Somehow the confession, an unconsidered remark that, however, had the ring of sincerity impulsive sayings are apt to have, seemed to establish even more firmly their intimacy. It nerved him to his next remark.

"Kazia, don't you think you could tell me what has happened to you during all these years?

You'll be disappointed," she began abruptly, "because there isn't much and it's commonplace enough. I married Jim and lived with him a year. Then I left him. Not because he wasn't kind-he was, in his rough way. But he was shiftless and he drank too much. He had no ambition and-I wasn't happy with him, so I left him, though I knew it hurt him."

"A woman can do that," he interrupted quickly.

'Some women do it, you mean, I've always been ashamed, though I never went back to him. Later, I got a di-I went to live with Uncle Roman, but Piotr, who had hated Jim, made it so unpleasant I had to leave. He hated me, too, I think."

"Or loved you, in Piotr's peculiar fashion. But go on."

"After a while I found work in a tobacco factory, rolling cigars. Not the kind you smoke, but cheap vile things. It-it wasn't nice."

"I've heard of those holes," he muttered. "You there-why-"

"I was one of many," she went on. "In two years I was sick and in the hospital, a heavenly place where there was ventilation and nothing to do and good things to est. I used to pray I'd never get well.

"There isn't much more. I didn't have to leave the hospital. One of the internes took an interest. He had influence and helped me to register as a nurse. I've a knack for surgical work, and since I passed my examination I've always had cases. For the rest, I'm not educated. I've merely read a little, here and there, as I've had time.

"That's all and not what you seemed to expect. Just cruel selfishness in the beginning and a little luck afterward. Which is not the success you worship."

"But I see more than that. I read between the lines." Long afterward, recailing this scene, he remembered her quick questioning glance, but then he gave it no thought. "I see the courage to make a fight, the will to rise and being equal to the opportunity when it came. And I've heard that the really charitable are never so to themselves."

"Oh, if you will-" She broke off with a shrug. 'Let us talk of some-

thing else."

When at length he broke the silence, his voice was a caress. "I wouldn't have you different. What you've lost is nothing compared with what you've gained."

She turned her heard slowly toward him. For a long minute their eyes held. Then with one accord they looked away. Not the heart of a boy of twenty could have beaten more

It is. You're too ill to work, but seems not too ill to go driving in the park with striking looking women." With an effort he kept his voice cold. "And you object, is that it?"

"I do." "Very well. You've registered your protest. Is that all?"

"No, it is not." She leaned sharply forward, forgetting to pose and to smile, the delicate prettiness of face eclipsed by a cloud of vixenish temper. "It is not. I have some selfrespect and regard for our position, if you haven't. Do you suppose a husband means nothing to me but a

"If you refer to Mrs. Whiting," hebegan at last steadily, "you will please use more respectful terms."

"You would have me. She answered with a contemptuous shrug, "I will do nothing so silly. You ask too much."

"Ah! You're franker than I thought you could be. I'm glad you're frank." He rose, looking curiously down at her. "If you look back, you'll find I've never asked you anything until now. I've been content to take-at least, I've taken-only what it suited your whims to give me. And you've given

"From another weman that might be a crushing retort. I've given you very little. But, as it happens, it's been all you wanted. You wouldn't take, you never wanted, the only worth while thing I had to give." He paused again, his manner hardening. "However, all that is ended. I go away tomorrow morning. I don't think I shall ever see you again.'

Even then he might have relented, if she had given him excuse. But she gave him no excuse.

"You're asking for a divorce?"

"I suppose," she sneered, "you want to marry that woman, your mistress." He held himself under rigid selfcontrol. "She isn't my mistress, though I love her. She was the girl I gave up years ago out of loyalty to

There was nothing lovely about Unity Truitt just then.

"And now you want to renew the broken romance. Very pretty! But," she laughed in vindictive pleasure in her fancied ability to thwart his desire, "you shan't have her. I don't choose to be a divorced woman. And I know you can't get a divorce without my consent."

"I think you will consent," he said quietly.

"I will not. I don't choose-" "The choice is with you, of course. But you must understand it. You're through with me in any case. But if you consent to the divorce, I'll make a settlement that will satisfy you. If not, I will make only the allowance I think you've earned."

She went pale at that, the one threat which could reach her. "Why," she gasped, "you couldn't do that. Even you couldn't be so brutal-'

"Choose." "But you couldn't, You-I must have time to think-'

"You must choose now." He was inflexible.

She sat transfixed, beginning to comprehend the reality of his purpose. Her confidence suddenly melted. Fear shone in her eyes. She rose, and with a piteous pleading gesture, too frightened to be conscious of her hypocrisy, she went to him.

"Why, Mark-Mark, dear! You can't mean that. You couldn't cast me off like this. Why, we're husband and wife and-I know I haven't been fair to you, but I can't let you go. Let me make up this last year to you. Let us go away, as you say, and begin over. We can be happy-

Bond Though Free. The Truitt divorce sensation had reached and passed its height.

One day, when the decree was scarcely two weeks old, a man alighted have recognized him. He was still thin and the cane had not been dishealthily bronzed and the limp was far less noticeable than at any time since the accident.

Six months he had spent in the northern wilderness, living in the open, sleeping under the stars, with no company but his own thoughts and a taciturn half-breed Indian. But they had not been lonely months, nor did he think them wasted. For they had brought him to what he was pleased

to call a new birth. The first news of the Truitts' separation had evoked scant interest from the gossips. But as the time set for the trial approached it began to be whispered about that more than the ment lay behind the affair. The whis- | mistakes? . . per became an audible chorus. It was a dull season in a year when no important election impended, there was a dearth of spicy news; the newspapers avidly seized this chance to give flavor to their columns. From some source, which might have been identified as Unity's lawyer, reporters were furnished material for innumerable suggestive rumors. Vague but deftly worded innuendoes of Truitt's cruel treatment of his wife appeared, of his sly profligacy, of the one strikingly handsome woman who had captivated his fancy and whom it was supposed he would marry after the divorce. From Truitt, who had completely disappeared, came no denial. His flight and silence were taken as an admis-

sion of guilt. At the trial, to be sure, the testimony was a distinct disappointment. "Is it absurd for a man to ask his It proved merely commonplace desertion and touched but lightly on only one short-lived period of dissipation during which Truitt, at certain midnight suppers, had shared with other men the more or less interesting company of sundry nameless women. The public, deprived of the scandal for which its mouth had been watering, decided that Mrs. Truitt had been overly magnanimous in thus sparing her husband and let its heated imagination supply the lacking details. Truitt entered no defense and a decree was quickly handed down. Mrs. Truitt at once sailed for Europe.

He hailed a cab and gave the name of a club that to cabby brought visions of a liberal tip. In a few minutes | Truitt. There are things on both sides the destination was reached and the of your fence I don't approve. But

At that morrent a woman, whom he recognized as one of Unity's familiars, approached. He lifted his hat and bowed. She looked squarely at him and passed on without greeting. Red surged into his cheeks.

"Cut!" he muttered. "I suppose Unity's given her version of our smash-up. Unity would."

He paid his fare and entered the portals from which no rich man had ever been excluded. At the desk a well dressed and usually very polite young clerk so far forgot himself as to look his amazement. "Mr. Truitt! I supposed you were

out of town. I thought-" He stopped in confusion, remembering that it was no part of his business to think. "You

"I thought you were out of town," stammered the clerk.

"I was, And now I'm back," Mark answered dryly. "So I think I'll ar-

from the desk, to come face to face with a man whom he had used to like and who, he had reason to believe, had not been without interest in him.

"Why, hello, Baker!" Mark held out a friendly hand, with a genial smile that was part of his new resolve. Baker took the hand, but released it quickly. "Ah! How are you, Truitt?" "Bully. Just back from a long stay in the woods. Dine here with me to-

night, won't you?" "Thanks, no. I'm probably not dining here. Excuse me. Some men I

must see-Baker broke hastily away, passed a few words with a nearby group and went out, The ruse was obvious. Mark, feeling as though he had received a blow in the face, stared after the retreating figure. The genial smile faded. Then he went to the rooms he had engaged. Passing the group that had helped out Baker's ruse, he was conscious of their furtive curious

glances. Arrived in his rooms, his first act was to have back newspaper files sent up to him. For two hours he read from an incoming express train. He how, while he was winning back health did not look like a roue or the villain in the wilderness and planning a life of a famous scandal; he himself did of amity with his fellows, his name not know that he had been heralded | had been bandled about on the tongues in such a role, His doctor would hardly of slander and gossip. As he read in the light of what had just happened the amazing accumulation of suggested carded, but he was clear-eyed and filth, only here and there brushing the outer edges of fact, utter bewilderment filled him. Shirley's brief communication, making mention of "some talk," received at the edge of the wilderness, had not prepared him for this.

"It's all a pack of dirty lies," he cried. "How could these men, who've seen me go in and out every day, believe it? What rotters they must be themselves to be able to believe it! By God! I'll-" He stopped, with a sudden feeling of dismay. "Whywhy, I can do nothing."

He was helpless. "Then I am not free! She has put a mark on me that a lifetime can't rub usual stale story of domestic disagree- out. Must we pay forever for our

One evening, when his residence at the club had continued about three weeks, the affair came to a climax. He was entering the grill for dinner. At the sound of his name from a nearby group of diners, he halted involuntarily.

His coffee and cigar had just been brought when Baker crossed the room and stood by his table. "Truitt-" he began uncertainly.

"Well?" Mark's upward glance was not welcoming. "May I sit down for a minute?"

"Aren't you afraid of catching the plague?" "I'm more afraid of being kicked for

my impertinence." "I understand," said Mark grimly, 'I'm a pretty tough customer, but I

wasn't a speaking part." "All right." Mark lighted his sigar.

"You've done your duty." "But this is a little more than duty. I-" Baker hesitated. "Oh, hang it all! Some things become so painful only plain speech serves. You don't need to be told of the stories going around. Lately it's occurred to me that you've been letting us take them at face, without trying to contradict them. That's the thing I'd do myself -if I were in the right. But it can be carried to extremes. Have I your permission to say that the stories arelet us say, overdrawn?"

"You have not. Life's too short to enter into a contest with rumor."

"But your silence--' "Is my affair," Mark answered gruffly, rising. "You may say to your meticulous friend that I'm about to

resign from this club." Baker, too, rose, looking at Mark keenly.

"Oh, come, Truitt," he began, 'that's-

But Mark cut him short. "At least it will save him and his sort the necessity of setting a precedent that would decimate the club. Good eve-

ning. Henley, who had been out of the city when Mark returned, came back soon after the latter took up his residence in the hotel. Mark approached him with the inward shrinking that preceded every new meeting just then.

"You've picked up physically," Henley remarked after a cool handshake. "Six months in the woods accounts for that."

"I'd think, if it was doing you so much good, you'd have stayed."

"In other words?" "In other words," said Henley, "why

did you come back now?" Mark laughed hollowly. "I didn't know I'd become a notorious character."

"How, in heaven's name," Henley exclaimed, "did you let yourself get caught in a divorce court scandal? I'd have thought that you, of all men, if you had to play the fool, would at least have used finesse."

So even Henley believed the rumors! "At any rate, no one but myself is hurt.'

"That's not true. Every one who had anything to do with you is more or less hurt. The company is reflected on. I," Henley concluded with an air that declared the indictment to be complete and unanswerable, "I am besmirched, because we're known to be in so many things together."

"That," Mark returned coldly, "can be easily cured. We can wind up our affairs. And I'm ready to resign from the company."

"You can't cure the fact that we

have been together. And you can't resign. Are you going to add to the scandal by marrying that woman?"

"What woman?" Mark's voice was cool and steady. "The one that turned your head and

your wife was smart enough to dis-"You've heard names, then?" "No," growled Henley. "She's as mysterious as the rest of your di-

"As mythical, you mean," Mark answered in a voice that did not betray

his relief. "There was no woman." "What! You mean these stories aren't true?" "You'd seen me almost every day for

years. You might have guessed that." "But last year-those wemen-" "An experiment in idiocy-nothing worse. There were no women, except

at arm's length."

Henley surveyed him keenly. "Then, how did these stories get out? But you needn't answer. I can guess. A woman is never clever except when she's up to mischlef. "However," he went on, "this puts

a different face on the matter. As you say, I might have guessed the truth." This, for Henley, was abject apology. Mark shook his head, "My resignation holds just the same." "Are you going to let a little talk

drive you out?" Henley demanded. "It isn't that. I had decided before I knew of it, I'm tired of the scramble. I want-peace." Mark laughed discordantly. "And I'm getting it with a

vengeance." "As much as you'll ever get it," Henley returned promptly. "I know what you want. Who doesn't? Some time or other every man wants, or thinks he wants, peace. And if we had it, we'd want to die. I told you diners was saying. "A club's a club once before-things are. Accept them, fit yourself to them, forget theories that lead nowhere. But Henley the philosopher had done. He resumed his usual crisp

"Moreover, you can't resign. The new agreement with the men comes up next year and the Quinby company faces the fight of its existence. We'll need every good head we've got. And if that isn't enough, your withdrawal would leave me to fight Quinby alone. And-I made you, don't forget that. You've got what you wanted out of the company and me. You can't drop out easily now and shirk the responsibilities."

"You say, can't?"

"I say, can't. You've got a sense of obligation, haven't you?" "If I have," said Mark grimly, "it's the last proof that I am a misfit."
