Former Resident Killed.

Word was received here Tuesday announcing the death of W. SHRDLU announcing that E. E. Linebaugh, a former resident of this city, was killed by a train at Detour, Utah, Friday, November 6th. Linebaugh was trainmaster for the Rio Grande road with headquarters at Salt Lake City. He was out on the line and was riding on the front engine of a double header. When they ran into Detour he got off of the engine and when he alighted he lost his footing and fell and the tank of the second engine struck him on the head, fracturing his skull. He was picked up and a physician was called and announced that he had been killed instantly.

Mr. Linebaugh was dispatcher in the local offices for nearly two years and is well known to many residents of this city. He left here in February, 1912 for Salt Lake City where he was made trainmaster for the D. & R. G.

STRICKLER EXPLAINS CHRISTIAN SCIENCE

LARGE AUDIENCE GREETED THE LECTURER AT THE KEITH TUESDAY EVENING

Sickness and Disease Result of Error and When Error of Belief is Destroyed, the Disease Disappears.

Virgil O. Strickler, of New York, member of the Board of Lectureship of the Mother Church, the First Church of Christ Scientist, of Boston, delivered a free lecture on Christian Science Tuesday evening to an audience that practically filled the lower floor of the Keith theatre. By request, Mayor Evans introduced the speaker in a neat manner, and for about an hour Mr. Strickler held the close attention of his audience. In part he said:

It is undeniable that Christian Science has healed many sick people and has brought about the regeneration of many who were the victims of sin. Among its membership are those who have been healed of intemperance, of so-called chronic and organic diseases as well as the maladies that were acute or functional. It has healed others of sorrow, fear, unhappiness and similar diseased mental conditions that often cause more suffering and distress than physical disorders. In every case of Christian Science

healing, whether the disease was chronic or acute, physical or mental, the cure was brought about without the use of hypnotism, mental suggestion, drugs or any material means and entirely through the application of the spiritual and meta-physical teachings of Christian Science.

The healing of the sick, however, is not the primary purpose of Christian Science. According to the teachings of this Science all sickness and disease result from error and false belief, which are summarized as sin, and when the error of belief is destroyed by the truth which Christian Science imparts, the disease disappears. Christian Science, therefore, teaches that the cause of all disease and sin is mental, and not physical, and that both sin and disease may be cured by one and the same process, namely, by the substitution of spiritual truth in the place of error and false belief in the human consciousness.

It is recorded in the eighth Chapter of the Gospel of John that upon one occasion Jesus turned to a group of his followers who were standing near to him and said to them, "Ye shall know all the truth and the truth shall make you free." In all the Bible there is no statement of greater importance to mankind than this utterance of the Master. It prescribes the remedy for every human ill. Knowledge of a thing must come through the mental and not through the physical, hence, according to the word of Jesus, mankind will be delivered from sin, disease and death not by doctoring the

physical, but by filling the mental with truth.

Christian Science shows that it is the effect produced by truth operating in the human mentality, destroying superstition, false and vicious beliefs that must and will some day emancipate mankind from bondage to sin, disease and death.

There must be ultimate truth somewhere, and when it is apprehended by the human mind it will emancipate those who apprehend it from bondage to evil. Christian Science asserts that ultimate truth concerning God and Man and their relationship is revealed by the Scriptures, and may be gained by every person when the Scriptures are rightly interpreted.

Some day all mankind will recognize the immeasurable service that Mrs. Eddy has rendered to humanity by her discovery of Christian Science and the establishment of the Christian Science movement. Through her teaching she has elevated religious understanding from a theoretical to a practical basis. She has taught the world that it is the mission of religion to heal people of sickness, sorrow, unhappiness and fear, as well as to destroy sin, and has so clearly defined the process by means of which these results may be accomplished as to make it possible for every one to prove it for himself and thereby to heal himself and others. Christian Science is applied Christianity just as truly as engineering is applied mathematics. There is no mystery about it, and when one does his work correctly,

according to its rule, healing and regeneration must follow.

In the Bible (John xx:17) we read that Jesus said to Mary, "Go to my brethren, and say unto them, I ascend unto my Father, and your Father; and to my God and your God." Also in 1 John iii:2, "Beloved, now are we the sons of God, and it does not yet appear that when he shall appear, we shall be like him; for we shall see him as he is." St. Paul also wrote (Romans 8:16, 17), "The Spirit itself beareth witness with our spirit, that we are one children of God; and if children then heirs; heirs of God, and joint heirs with Christ."

Christian Science demonstrates the truth of these inspired statements. It makes available as a present right and possibility man's inheritance as the son and heir of God by showing that the real man created by God is spiritual and not material; that his life, continuity, intelligence and harmony are in spirit and not in matter; that all of his qualities and attributes are derived from Spirit, and every function of the real man is governed by the divine Mind. Man, therefore, expresses the divine nature, and hence he is the image of God, and such is perfect and immortal. The material man is not the likeness of God, for matter can not be the image of Spirit. He is the false concept of man, and the sin, disease and death involved in this false concept will disappear as false mortal beliefs are dissolved by truth. The material be-

lief must give place to the spiritual fact in every case.

Out of the amplitude of her own spiritual understanding Mrs. Eddy has translated into human language the truth about God and man, and their relationship; has revealed a perfect divine principle that governs mankind, and has proven that the truth taught by Jesus is scientific, and may be demonstrated today as of old to deliver the sinner, sorrowing and suffering from their oppressors, to set all mankind free from bondage to evil, and to establish the kingdom of God on earth.
