### Associated Charities Need Funds.

The need for additional funds by the Associated Charities is very urgent. The storm which has resulted in such an unusual fall of snow has greatly increased the calls for assistance. Shoes are very badly needed and the supply on hand is exhausted. One woman called for shoes and when her case was investigated it was found that she had nothing to wear but an old pair of felt slippers which were badly worn. There are a number of cases of children with shoes so badly worn that their feet are practically exposed. A good many shoes have been donated but it so often happens that the shoes which are donated will not fit the ones who need them and the society must have funds with which to purchase them.

There are also a great many emergency calls for fuel and provisions. These emergency calls must be met immediately in order to tide the families over until their cases can be brought to the attention of the county poormaster and the necessary steps taken to relieve their distress. The next thirty days are going to be particularly hard for a good many families as their slender store of provisions is becoming exhausted and it is impossible for them to obtain work until spring work opens up in April. The need is very great and very pressing and it is hoped that the citizens will respond at once as generously as possible. Donations may be made to Miss Kramph at the First National Bank or to any other member of the executive committee.

### Westphal Is Dismissed

In the justice court of P. H. Sullivan the case against F. J. Westphal, charged with obtaining money under false pretenses was yesterday dismissed from the docket. The case was to have come up for hearing yesterday but was dismissed upon Westphal paying up the amount money he had obtained.

Westphal was arrested some time ago at Maxwell charged with passing a worthless check on G. C. Huffer, claiming to have money in the bank where he was not known. He was caught while attempting to get out of the country.

Muslin underwear of all descriptions shown at The Leader.

### Nellie Roberts Will be Adopted

In county court Wednesday Judge French decided that Mr. and Mrs. Charles Clayton were unfit people to have the custody of Mrs. Clayton's seven year old daughter, Nellie Roberts, and took her away to adopt her to some responsible party. She will be adopted by her half-brother, O. R. Roberts of the Kimball vicinity.

In the petition it was alleged that Nellie Roberts was being allowed to grow up in crime and that she ought to be given a better chance. It was also alleged that her mother and stepfather were not able to properly care for her. The little girl was once given to Mrs. Ritner but was later taken back by the parents. She was also given to Mrs. A. J. Salisbury at one time.

Nellie Roberts will be remembered as the little girl who was called to testify in the case against Roy Roberts and would not go on the stand. The defense expected to use her as one of their chief witnesses but the court refused to let her testify on account of her tender years.

### Many Laborers Out of Work

Within the past few days as the result of the recent storm it has been forcibly thrust upon the people the fact that many people within the city are out of work and are in absolute destitute circumstances. It is especially noticeable in the evening when one walks along the street by their being accosted by able bodied men on nearly every corner who are asking for "only a nickle or a dime" with which to buy food.

Postmaster E. S. Davis announced that in his employment agency which he operates free he has a large number of names of people who want work but very few names of people who want help. The recent snows made work for a few days in the way of shoveling off the sidewalks but it did not last long enough to help out to any great extent and with the number of hungry men on the streets there was only a small job for each one.
