GREAT SALE OF HIGH GRADE SHOES

In order to reduce our stock, we are going to put on a shoe sale the like of which North Platte has never before witnessed. Everything goes—all we ask is the price it costs to lay the shoes down in North Platte—and some short lines will be closed out at the mere cost of raw material contained in the shoes. Anticipate your future wants and buy all the shoes at this sale you can possibly use, because the more you buy, the more you save. Space will permit the listing of all the bargains—but a few are those as mentioned below.

The "Better Schools" Banquet
That North Platte is fully alive to the needs of greater and better accommodations for its rapidly increasing school population, was evident last evening by the attendance and enthusiasm at the "Better Schools" banquet given under the auspices of the Chamber of Commerce in the basement of the Episcopal church. In this gathering of 175 people, fully one-fourth of whom were ladies, was represented the clergy, the physician, the lawyer, the merchant, the teacher, the mechanic, and the laborer—truly a representative body of North Platte people, and each interested in the intellectual, the moral and the physical welfare of our boys and girls.

Following a splendidly prepared and served supper furnished by the ladies of the Episcopal church, President Seeberger of the Chamber of Commerce as toastmaster, stated the object of the meeting, that of better schools, and that the different phases of the subject would be treated by a number of speakers. This program was well arranged and completely covered the points of weakness existing in the North Platte schools today. John J. Halligan spoke of the duty of the public toward the schools, Miss Annie Kramph on the boys and girls of this generation, Mrs. Jos. Roddy presented the need of domestic science and Mrs. M. H. Axtell the advantages of vocational training. Supt. Tout gave a resume of the increase in the school attendance and the crowded conditions of the present buildings, and with absolutely no accommodations for the increase of the next and following years, O. E. Elder spoke of the financial condition of the district, Dr. T. J. Kerr's subject was physical development, and A. F. Streitz gave the view of the board of education on general school conditions. Following these addresses short talks were made by Mr. Shuman, Attorney Wilcox, Rev. Fr. McDaid, Rev. Barton, Butler Buchanan, T. G. Patterson, County Supt. Gantt and Rev. Christy.

The meeting unanimously adopted a resolution introduced by Mr. Patterson to the effect that those present endorse any action that the board of education might take in enlarging and bettering school conditions.

Mrs. J. J. Halligan will entertain at a hospital this afternoon. These afternoon gatherings have resulted in an accumulation of about fifty dollars for the Good Samaritan hospital.

"Count" Louis Crable, who for the past several months has been connected with the orchestras of the moving picture theatres in this city, left last evening for North Platte, where he has accepted a position in a movie show house. The Count is one of the most able and all-round musicians in this portion of the state, his trap work being of the highest description and there is no question but that he will make good in the Lincoln county capitol.—Grand Island Independent, March 11th.

Five additional laborers came out from Omaha Friday for this section. Understand that the force will be increased to twelve men for this summer. The road bed is in real good condition for a dirt surface and this increase would seem to indicate that it is to be kept at its best. To some it would appear that something extra was being prepared and the possibility that joint trackage with the Burlington between Northport and North Platte would be entered in is not beyond the possibility.—Lisco Tribune.

To the Housewife
Madam, if your husband is like most men he expects you to look after the health of yourself and children. Coughs and colds are the most common of the minor ailments and are most likely to lead to serious diseases. A child is much more likely to contract diphtheria or scarlet fever when it has a cold. If you will inquire into the merits of the various remedies that are recommended for coughs and colds, you will find that Chamberlain's Cough Remedy stands high in the estimation of people who use it. It is prompt and effective, pleasant and safe to take, which are qualities especially to be desired when a medicine is intended for children. For sale by all dealers.
