

RED PEP'S PHILOSOPHY

Our Aim

To conduct our business honestly and efficiently, and with such sincerity of purposes that OUR HOUSE will continue to be known as one of sterling worth and integrity. Where people may obtain their desired wants and be gratified with the BEST at the lowest possible price. Knowing they will be served with painstaking care, receiving their full worth for every dollar.

"Actions speak louder than words—but look out for the echo."

Notice to the Public

It is my belief that all citizens of North Platte are proud of our city, and that we are desirous of having all things done and kept in an orderly manner as possible.

Believing this I make the following requests concerning owners and drivers of cars or other vehicles. Every driver should never fail to turn to the right when passing cars or rigs of any sort. Never turn to the left but always to the right. It is important to observe this rule and complaints have been offered that several drivers are not doing this.

In stopping your cars on the main streets of the town, always stop on the right side of the street. Head your car toward the curb at about a 45 degree angle, and it will always be easy to back out onto the main street when you wish to. I am depending upon you helping me in this matter which will improve conditions very materially in the town.

In turning corners, never turn on a short swing, but go as far to the other side of the street upon which you wish to go before making your turn. In this way much danger will be avoided. Kindly do not be careless as to your speed. Some are not doing the right thing in this line. Keep within the limit which is 12 miles per hour. With your co-operation, all of these little things will be looked after without any friction whatever, and I am counting on you to help me.

Respectfully,
H. L. BAKER, Chief of Police.

Mr. and Mrs. Fikes Will be Here.

Mike Hayes, chief engineer of the local division of the B of L. E., has received a letter from Harry Fikes, of St. Louis, stating that he and Mrs. Fikes will be here May 3rd to attend the Engineer's May Party. For many years these worthy people were residents of North Platte, and Mr. Fikes was always intimately connected with the May party, in fact it was not a real May party unless Fikes' rotund figure and smiling face was present. Mr. and Mrs. Fikes are assured a hearty welcome.

Card of Thanks.

We desire to thank our neighbors and friends for the many kindnesses extended to us through the illness and death of our beloved mother. Especially for the beautiful floral offerings.

PREMIUS FORSTEDT,
NELS FORSTEDT,
JULIUS FORSTEDT.

Plans and Suggestions for your home. Are You Interested?

The Junior Auxiliary of the Church of Our Savior will hold a sale in the basement of the church Saturday, April 24th.

The case of Cox vs. Noble was tried Wednesday before Judge French in the county court and resulted in the decision in favor of the plaintiff. He was awarded judgment of \$18.19. The controversy was over a coal deal and the case required the greater part of the day for trial.

License to wed was yesterday issued from the office of the county judge to Fred N. Latimer, 28, and Miss Pearl A. Pulley, 27, both of Maywood. The groom is a drayman in that village. They will be married in Maywood and make their home there.

EIGHT PER CENT INTEREST
We are investing a good deal of money these days in gift edged mortgages on improved farms and ranches so as to net the lender eight per cent. If you have idle funds or money not bringing you that much come and see us about it.

Lightning Strikes Near Duncan Home.

A bolt of lightning striking near the residence of Fred W. Duncan, 608 east Fifth street, Wednesday night shortly after eleven o'clock came near resulting seriously. Mr. Duncan was rendered unconscious and Miss Bertha Focan, who stays at the house, was stunned.

Mr Duncan had just retired and was lying with his head near a window when the bolt struck. He stated yesterday that it felt as though someone had struck him on the head with a mallet. He was unconscious for several minutes and yesterday his neck was stiff and his head quite sore from the bolt. The young lady in an adjoining room felt the shock. Mrs. Duncan and the children, who were in the room with Mr. Duncan, scarcely felt it.

The lightning played a freaky trick in the bath room. A large plate glass mirror was badly blackened and the silver was all melted off. The electricity scorched a number of queer shapes on the mirror and made a black mark along one wall. No other damage was done. The bolt was felt by many in that part of the city.

The Coming May Party.

Chairman Roddy, of the arrangement committee for the Engineer's May Party, is a modest man, yet he feels no hesitancy in assuring the public that the thirty-third annual party on May 3d will be worthy, in all respects, the usual large attendance. The committee has been putting in much time perfecting the arrangements, and as is customary, the committee was authorized by the division to make the party a success regardless of expense. In fact the May party has never been conducted as a money making affair—the object is to make it the social event of the spring season, and this it has always been since its first inception.

The committee has received word that quite a number from Cheyenne, Grand Island, Omaha and other cities will be here. Among the railroad officials will be Genl. Manager Ware and Supt. Jeffers and their ladies. The May Party is an event that brings to North Platte a number of its former residents—they come to meet old friends and at the same time enjoy the party.

The music of the party will, as usual be a feature, and as a prelude the customary concert will be given.

Baseball Game Sunday Afternoon.

The opening baseball game of the season is scheduled for three o'clock Sunday afternoon when the North Platte independent team will play the Yammigans, a baseball organization of this city. A good game is anticipated and everybody is invited to come out and help open the season.

The local team is now well equipped with necessary accoutrements. The new caps and socks have arrived and other equipment is on the way. A new catcher's outfit has been ordered and will be here soon. The management has also ordered new bags for the bases and a new rubber plate and pitcher's box.

A number of new players are also to be seen in the lineup. The squad now numbers twenty men and nearly all of them are local boys. All the new candidates will be given a tryout Sunday. Jones and Luby will pitch for the independents and Danze will catch.

Chas. P. Ross, consulting engineer to President Mohler, of the Union Pacific, came up from Omaha yesterday and spent the day in town inspecting certain features of the company's plant. He left this morning for Gering to attend an irrigation meeting relating to a new ditch in the Union Pacific's territory.

Mrs. Everett York returned the middle of the week from an extended visit to Kearney, Wood River and Grand Island. She attended the Royal Neighbor convention at Kearney last week. Mrs. Elmwood and daughter Miss Stella and Miss Esther Reynolds, all of Maxwell, were visiting friends in the city yesterday.
