The Washington school will be opened today if possible, according to statements made yesterday by Supt. Tout. It is hoped that school can be started today. On account of two of the ward schools being closed it is feared that some of the parents in this city have not been informed of the educational exhibit which will be held at the high school building tomorrow all day. The city schools will be well represented and it is hoped that all the patrons will turn out and help make this meeting a success. No pains have been spared to furnish a good program and prepare an acceptable exhibit of school work and the work that has already been received looks very nice. The program will be at 2 o'clock in the afternoon and the admission to the entire exhibit and program is free. Everyone interested is urged to be present at the meeting tomorrow.
