## WORK OF THE NORTH PLATTE CHAMBER OF COMMERCE DURING THE PAST YEAR.

The writer of this article having had the honor of being appointed secretary of the above organization temporarily, and further being appointed chairman of a membership committee, and having heard the remark among some of the business men that the association was not doing anything toward the upbuilding of North Platte and vicinity, I have gone over the work for the past year. This is what I find:

Assisted in the promotion of play grounds.

Contributed \$25.00 to Yeomen to assist in advertising North Platte on a trip to Des Moines, Iowa.

Committee appointed to push bill in Congress appropriating \$100,000.00 for the purpose of putting down test artesian wells in the semi-arid western states.

Assisted to the extent of \$1.00 per man per concert in giving open air band concerts. Also committee appointed to assist them in raising the balance of the funds.

Entertained Boosters from McCook, numbering about 100.

Had a very active committee in pushing court house bond proposition and spent \$200.00 in cash in support of the proposition.

Display of crops placed in the window of Dan's saloon.

About \$1000 spent and an active committee appointed for the Fall Festival.

Bought uniforms for the base ball boys.

Assisted city council in investigating scare with reference to typhoid fever.

Assisted in promoting associated charities; donated \$15.00 per month during winter months and furnished secretary free of charge.

Assisted in the promotion of the Good Samaritan hospital and contributed \$200.00 to same.

Active in promotion of Lincoln Highway bridge; in the original campaign of string up interest; in getting the matter before the county commissioners and city council and in carrying the bond election. Since the bonds have been voted, there has been a standing committee which has assisted the county commissioners wherever they could, making one trip to Lincoln, and helping right up to the time the bid was let.

School conditions of the city taken up and discussed, the organization having a banquet for said purpose.

Five dollars per month appropriated to assist in establishing a mail route between here and Stapleton.

Assisted in advertising the Junior Normal.

Entered contract with Lincoln Highway Association to have film made of North Platte and shown in the east. Cost \$75.00.

Active with the local members of the Spanish American War Veterans in securing the 1915 convention.

One hundred dollars appropriated to Gun Club to entertain visiting members.

C. F. TEMPLE, Secretary.

### BIG BANQUET FOLLOWS K. OF C. INITIATION.

The class initiation and banquet held Sunday by St. Patrick's Council, Knights of Columbus, attracted many visitors to town. These representatives came from Omaha, Grand Island and practically from all towns between the latter place and North Platte, and from Paxton, Ogalalla, Sidney and Cheyenne. The day's program opened with an attendance at mass in the forenoon, and in the afternoon initiation ceremonies occurred at the Odd Fellows' hall in the presence of a large attendance of members. The class numbered thirty-eight, making the total membership, in good standing, of 258 in the local council. In the initiatory work the local officers were assisted by state and council officers who were guests of the organization.

The banquet was held at the Lloyd opera house at eight o'clock in the evening. Caterer Hupfer serving the menu that was much enjoyed. Covers were laid for 225, many of whom were out-of-town guests. J. T. Keefe occupied the toastmaster's chair, and acquitted himself in a very creditable way. The toasts proposed, though informal, were responded to by well-known men prominent in the organization with established reputations for oratory. The speakers included W. P. Miles and J. L. McIntosh of Sidney, State Deputy T. P. Redmond, Dr. McDermott and grand knight of the Omaha council J. J. Hinchey, and Mr. Laughlin district deputy, the four latter Omaha residents, and Rev. Fr. McDaid. Stamp's orchestra furnished music during the evening.

These yearly initiations held by the local council not only increases the membership of the organization, but strengthens the fraternal bond of member to member, begets greater enthusiasm for the work and thus increases the good the organization does for the church and for humanity.

Many Attend Memorial Service.

The Memorial service held at the Episcopal church Sunday evening was attended by an audience that taxed the seating capacity. All the old veterans who are able to get out at night were there, and as they left the hall and marched to the church with "old glory" at the head, they were met at the postoffice corner by twenty-five members of the United Spanish War Veterans. There were also present twenty-five of the Woman's Relief Corps.

The services were impressive and interesting throughout and highly satisfactory," remarked a Grand Army man. "The sermon by Dean Bowker was appropriate and very earnest, and the music by the choir excellent."

This memorial service is held on the Sunday preceding Memorial or Decoration Day. This day falling on Sunday this year, next Monday will be observed, and as far as possible all business will be suspended on that day.

This section was visited by another rain Sunday night, the precipitation as announced by the local weather bureau being seven-tenths of an inch. The farmers are just now complaining of too much moisture.

bers.

Outside of the above specific things done by the association for the upbuilding of North Platte, the secretary has answered from five to ten communications per day with reference to the city and business interests therein. For instance, I have just received a letter from the George F. Cram Publishing Co., asking for five or six half-tones of scenes of our city, and other information, to print in "Nebraska Review" that they are getting out and which will be distributed in all parts of the country. This kind of work is important to the city.

Fellow business men and residents of North Platte, if the above work is for the upbuilding of the city and community, and I am going to leave it to you to judge, you will acknowledge that we need such an organization as the Chamber of Commerce. If we need such an organization, it has to be supported. Not alone by the business men, but by everyone that owns property here or expects to stay here and make their home here. Everyone living in a town should boost for a bigger and better town. Do your neighbors do it?

Alliance has a voting population of a little over 700. We have 1200. Alliance has a membership of 325 members in the chamber of commerce, nearly half of their voting population. Alliance raised over \$5,000.00 in their Publicity Fund last year. Through the efforts of their organization, they brought sixteen conventions to that little city away out there in the western part of the state. Whenever you meet a man from Alliance, you can always tell it, because the second word he speaks is about Alliance. The Alliance Commercial Club organized the Box Butte County Farm Management Association, which includes over 200 farmers and they have hired a farm demonstrator this year.

North Platte can do just as much as any town in the state, or any other state. Let's get together men and "BOOST FOR A BETTER, BIGGER NORTH PLATTE."

I sent out the cards calling the men together to organize this association, some years ago. I am going to see it made a permanent success. I am going to keep the temporary secretaryship without remuneration until it is a success. I am going to make the man who is holding back letting the other man do the work and putting up the money, get in and boost. If I can afford to give the time and attention to this work to boost for North Platte, you certainly can help me.

I am going to put on a membership campaign, the exact dates will be given out later, and I expect every business man, professional man, property owner and resident of this city to become a member of this association. Then I want every member to boost. Boost for a bigger, better North Platte. Let's try it for one year fellow citizens.

C. F. TEMPLE, Secretary.

Hoagland Appointed Inspector.

In accordance with the sense of the council expressed at the meeting last week, A. B. Hoagland has been appointed special health inspector by Mayor Evans and will inspect the sanitary condition of every dwelling and business house in town, as well as general sanitary conditions of streets, vacant lots and surrounding territory.

This appointment follows the declaration of City Physician Lucas that unless a general clean-up is made much sickness is bound to result following the excessive rains and resulting fermentation of refuse matter.

Inspector Hoagland has been given full authority to deal with unsanitary conditions in the manner he sees fit.

Scoonover Sells Out.

H. Scoonover has sold his interest in the Scoonover clothing store to his Chicago partner and has retired from the business. The purchaser will at once close out the stock and close the store. Mr. Scoonover will, however, remain with the store until the stock is sold, which will be about a month or six weeks.

Mr. Scoonover says it is not his intention to leave North Platte. He has ranch interests which he will look after and probably increase his holdings in this line.

Rebhausen Win Championship.

Henry Rebhausen won the state championship at the state shooting tournament held in this city last week. This championship shoot was the last event of the tournament Friday afternoon. With 100 targets to the man, Mr. Rebhausen broke ninety-five, as did also Sam Huntley of Omaha. In the shoot off at twenty targets to decide the tie, Rebhausen won, breaking eighteen to his competitor's seventeen.

To win the state championship with about seventy of the best shooters in the state in the game, is no small honor.

Aeroplane Race Across Continent.

Announcement is made from New York that some time during July there will be a flight of airplanes over North Platte. This flight, which will be made to determine the aeronautic needs of the country, will leave New York City July 4th and the finish must be made at San Francisco before October 12th. By extending the time to that date, the bird men will have opportunities to stop over for a few days in different cities and towns and give exhibitions at so much per exhibit. The course of the flight will be along the Lincoln Highway for the entire distance.

Chamberlain's Liniment.

This preparation is intended especially for lame back, rheumatism, sprains and like ailments. It is a favorite with people who are well acquainted with its splendid qualities. Mrs. Charles Tanner, Wabash, Ind., says of it, "I have found Chamberlain's Liniment the best thing for lame back and sprains I have ever used. It works like a charm and relieves pain and soreness. It has been used by others of my family as well as myself for upwards of twenty years." 25 and 50 cent bottles. For sale by all dealers.

### Pizer Buys Wilcox Lot.

Yesterday forenoon Julius Pizer purchased of W. T. Wilcox the twenty-two foot lot adjoining on the south the new Pizer building on Locust street. He will in the near future improve the lot with a new building conforming with the building he has just completed. He has already secured a lease for both floors of the new building, and therefore there is no reason why the building should not be erected at once.

Mr. Pizer is showing his faith in North Platte, and as he is one of our shrewdest and most progressive business men, his example in erecting new buildings should beget confidence in all our residents.
