While the members individually will receive no remuneration, a collection will be taken to apply on the uniform and music fund, and it is hoped that the many of our citizens who enjoyed the concert last season will show their appreciation of this organization's work in a substantial manner. The band and its members never lose an opportunity to boost this city, and in return it should be boosted as one of our most popular institutions.

June 28th Will be Big Day.

Monday, June 28th, will be a big day in North Platte, for on that date the Sells-Floto show will be here. In addition to the regular circus acts, you know, there is to be Buffalo Bill himself, Buffalo Bill and his real wild west features, with Hugh Clark and his Wyoming cowboys and cowgirls, with his ropers and riders and Indians and soldiers and even the Old Dead-wood stagecoach. Then, too, there are to be the fairy-like equestriennes headed by Rosa Rosalind, the "Maid of Mystery," there will be the contortionists and the acrobats and aerialists; there will come the cracking of the whip as Capt. Dutch Ricardo, who trains lions by "making them feel at home," puts the wild animals through their stunts. There will come the squealing of the elephants as they obey the commands of Zora, the "bravest woman in the world." And of course—Of course there will be those forty clowns. Was there ever a circus which was really and truly a circus which didn't have its complement of clowns, to throw water on each other and do all the other specified things which are laid down in the rule book of a clown's lifetime of fun?

But these are only a few things that are to come with the circus. Even the press agent admits that. And the press agent also announces that if you don't believe him, that the best way to be convinced is to see the parade which is to come at 10:30 o'clock the morning of the show's arrival here. A sample of everything in the circus is to be shown there, and just wait to make the thing a real success it is to be led by Col. William Frederick Cody (Buffalo Bill) himself.

Mr. Dowell and family will remain in town until the early part of next week when they go to Denver for a visit.

Considerable money, real and stage, has been wagered among "Movie" folks as to the outcome of the Cruise and Bracy transcontinental trip. Cruise and Bracy of "Million Dollar Mystery" fame, left New York May 15 by automobile and the odds have fluctuated between 2 and 5 to 1 as to whether their tour will end at the Exposition or in some farmer's back lot. Cruise is to drive the entire distance and although Bracy is notoriously timid in any car of later vintage than 1876, he is going along to see that Jim either delivers the goods or turns over to him the filthy lucre. They will be at the Keith theatre June 25.
