

# GREATEST SALE IN OUR HISTORY

Cost, Value, Profit, all Forgotten.

**GUARANTEE**—We guarantee the quality of every article we sell to be exactly as advertised or represented, and will repair, replace or refund the money on any purchase that does not prove satisfactory.

## "BUY IT NOW!"

The great Slogan reaching around America

**T**HE manufacturers started it, merchants took it up and now it's time for everybody to join in. "BUY IT NOW!" means work for the laborer, trade for the merchant and orders for the manufacturers; puts money into circulation and draws the face of Business up into a smile of satisfaction.

At no time in the history of this country has there been equal cause for a corking good business in every line. It's up to us, Merchants, Farmers and Workers in every line to stop marking time and break into a run toward big business, and I will remark that I begin right here to do my part.

I'm buying goods just like I knew I'd sell them—and I do—I'm going to make you buy—you can't afford to keep your money in your pocket and pass up the bargains I've got ready for you. If you expect to buy a piece of Jewelry in the next five years it will pay you to "Buy it Now"—Pay you because you ought to buy now on general principles, and because the prices I'm giving you on such attractive things as Diamond Jewelry, Bracelet Watches, Lavaliers, Birth Stone Rings, Party Boxes, etc., etc.

You must come and see to believe—we won't attempt to tell you all—but want to show you—come in and "BUY IT NOW."

I'll keep your dollars in circulation because whatever I want I'm going to "Buy it Now"

Alfalfa growers have certainly been hard hit by the almost daily rains of the past month, not only in Lincoln county, but in all counties east of us. Much of the alfalfa has been cut, but little as yet has been stacked, and it will finally go into the stack in rather bad shape—fit for feeding but not for shipping.

The Willow Island ball team will be here for a game Sunday afternoon. This same team was here ten days ago but could not play on account of wet grounds. Embracing as it does the best players in Dawson county, the visiting team will no doubt put up a stiff game. The umpire will yell "play ball" at 3:30.

**Committee Works Vigorously.**  
Twelve hours after the executive committee for the celebration on July 5th had been appointed, the members had met, outlined their plans, and had part of the program arranged—that is, as the boys say, going some. Within that twelve hours the Gothenburg band had been engaged to assist the North Platte military band in furnishing music; the Gothenburg fire department secured to take part in the races, and plans perfected for a monstrous parade which will include business floats, two bands, fire departments, high school cadets, the rifle club, drill teams, and other organizations. One feature of this parade will be a comic section, prizes of \$15, \$10 and \$5.00 being offered for the three best. The same prizes are offered for the best float or decorated automobile.

There will be motorcycle, pony and foot races, base ball games and other foot races, base ball games and other morning until night. In the evening there will be a better display of fireworks than usual.

**District Epworth League Convention.**  
Seventy-five or eighty delegates representing the Epworth leagues in the Kearney district were present at the convention held in this city Tuesday evening, Wednesday and yesterday morning. The convention opened with a reception and banquet Wednesday evening in the basement of the Presbyterian church, which was tendered delegates by the local league. About 150 were present and the menu was served by the Methodist aid society. Following the banquet a program of readings and music was rendered. The basement was decorated with the league colors.

Wednesday morning a sunrise prayer meeting was held at six o'clock, and at the morning and afternoon sessions a number of addresses were made by delegates present. In the evening a lecture was delivered by Rev. Lowe, of Omaha.

#### Fire Truck Breaks Down.

A house in the 900 block on west Eighth street was burned to the ground Tuesday night. The building was occupied by a Mexican who does not seem to know how the fire originated. The auto truck started for the fire but before running a block a break in the crank shaft occurred and the truck rendered helpless. This accident is supposed to have been due to a flaw in the shaft. Our auto truck is a thing of beauty but has a tendency to go wrong at intervals. At the previous fire the truck became mired; now a break in the machinery—what next?

#### Auto Polo Races Exciting.

The auto polo races given at the ball grounds Tuesday and Wednesday afternoon proved the most exciting sport North Platte has ever witnessed. The players used Ford cars stripped to the bare chassis, and the drivers handled the cars with wonderful dexterity and at top-most speed. The players stood on improvised running boards, held to the car with the left hand and struck the ball with a mallet held in the right hand.  
Large crowds witnessed the games each afternoon.

### Bank Service in a Mail Sack

This is a community of educated farmers having high priced farms, bumper crops and good live stock.

As bankers to this class of people, we give the sort of service that reaches outside of North Platte itself and right into the homes of our farmer customers.

When the days get so busy that to leave the farm is unadvisable, remember that we put bank service in a mail-sack, where it can be sent to you and return from you at will. A connection with this strong bank is a convenience for farmers, for you.
