**Doings of the City Council.**  
All councilmen except Stone, who was in Omaha, responded to the roll call Tuesday evening.

The first business transacted was the issuance of plumbers' licenses to J. F. Fillion and Palmer & Lintz.

Special Health Inspector Hoagland recommended that each household be required to furnish a can for garbage, and that the garbage be collected by a man and team employed by the city and to be paid by the city. This was considered by the council as the best solution of the garbage question so far as disposal is concerned, and the city attorney was instructed to draft an ordinance covering the subject.

The chief of police was instructed to arrange a dog pound and take up all dogs on which the license had not been paid. The animals will be impounded for twenty-four hours and if the owners fail to take out license and call for their animals they, the animals—will be killed.

A resolution was passed accepting a deed from the Union Pacific which conveys to the city certain portions of Front and Seventh streets. By this deed the north fifty feet of Seventh street from the east to west limits is conveyed to the city. On Front street the conveyance is as follows: Fifty feet from western limits of the city to Grant avenue, from Grant avenue to Oak street thirty feet, from Oak to Locust street forty-five feet, from Locust to Cotwood sixty feet, from Cotwood to Silber avenue fifty feet. These various stretches are on the south side of the street.

The committee to which was referred the drainage question made a report recommending that the suggestions of the city engineer be accepted as to drainage ditches north of the track be cleaned and enlarged and the irrigation ditch be enlarged; also that a dam be built at the old gravel pit north of the former Hupper property and the water be diverted east. It was further recommended that the city engineer consult with those interested in the proposed drainage district between North Platte and Hershey and ascertain if such drainage district would help out the city. In case it would not, the committee favored the plan of the city engineer to build a ditch on the south side of the track to connect with the Suburban ditch and that the latter be enlarged. This system of drainage would cost in the neighborhood of \$3,500.

Bills on file were allowed and the council adjourned.

#### Organization Postponed.

On account of insufficient notice and the busy season, the attendance at the meeting of June 30 at North Platte of the Farmers' Educational and Co-operative Union did not justify the perfecting of a county organization, but it was decided to hold a meeting for that purpose September 23d, at North Platte, and a committee was appointed from those present to secure a suitable place for holding such meeting, and also to arrange a program for the same.

Marriage licenses were granted Monday to E. E. Kyne and Miss Cora Heldenbrand of Ringgold and yesterday to Edward J. White and Miss Nellie S. Cannon of Denver. Judge French performed the ceremonies.

### Paving Action Deferred.

Action on street paving did not come before the city council Tuesday evening the committee in charge not having fully completed its work. A special meeting of the council will be held next Tuesday evening and at that time the necessary ordinance providing for the bond election will be presented and probably passed under a suspension of rules. It has been decided to place the bond issue at \$15,000, which is sufficient to pave the street and alley intersections in the district to be formed, which will include two intersections on north Locust in the Fourth ward.

### Celebration at Bignell.

Business men of Maxwell and Bignell co-operated with the farmers in giving a celebration and farmers' picnic in Stevens' grove on Monday. The program was carried out in a harmonious manner all through the day. A song service, followed by prayer by the Reverend Griffith of Maxwell, was the opening service, after which the Declaration of Independence was read by S. S. Reynolds, followed by a most able address by Rev. Griffith.

This address was the real feature of the day, being a rare treat, bearing evidence of the ability of Mr. Griffith as a student of American history, from the landing of the Pilgrims down to the present hour.

In this address Mr. Griffith reviewed the progress of our growth in a most interesting manner, demonstrating his ability as a platform orator and a shaker. All who heard this historical review have been busy extending congratulations to Mr. Griffith. After the basket dinner a very good time was enjoyed in athletic sports and horsemanship and a ball game.
