Hail Storm North of Brady

The section of country north of Brady was visited by a very disastrous hailstorm Saturday evening, which practically destroyed all crops in its path. It is reported that about one thousand acres of wheat, ready for the binder suffered practically a total loss, and hundreds of acres of corn was stripped of the leaves and the stalks battered down. There was also a considerable loss of oats.

Four Games With Bridgeport

The management of the local ball team has made arrangements for four games with the strong Bridgeport team. New Highway Pennant

A new Lincoln Highway pennant has made its appearance. The pennant gives the entire highway route from New York to San Francisco and the various cities and towns along the route are marked. In Nebraska, Omaha, Columbus, Kearney and North Platte are shown. These towns are about 100 miles apart and are thus good points for a day's travel, the fast runner making 200 miles and the easy going driver 100 miles.

Passes Worthless Checks.

Complaints have been filed against Lee H. Morley, of Brady, charging him with passing two worthless checks in this city a few days ago. One was cashed by Gus Huffman and the other by Harcourt & Jensen, and each was for fifteen dollars. Sheriff Salisbury went to Brady this morning to place Morley under arrest. Morley has been a resident of the Brady section for a number of years. He once owned 160 acres of good land, but through mismanagement lost it through a debt.

In company with her sister she went to the Elias home to spend the evening and during the course of conversation fell from her chair unconscious. MONEY TO LOAN ON REAL ESTATE. BRATT & GOODMAN.

Call in Season Tickets

Beginning with the game this afternoon, season tickets will not be honored at the ball grounds. The finances of the ball association are such that this step has been made necessary, as the team can only be maintained from this time forward by each attendant paying the regular admission fee of twenty-five cents.

Since the season opened and the season tickets sold, fifteen games have been played on the home grounds. If each holder of a ticket attended each game—and it was his fault if he didn't—the cost per game to him has been about fifteen cents, and even if he only attended eight games, he has played even on his investment of \$2 for the season ticket.

No man with good rich sporting blood in his veins will kick on giving up his ticket, and paying the gate admission during the remainder of the season.

The management regrets that this step has been necessary but it is the only possible course to pursue if the team is to be maintained the balance of the season.
