Mrs. Lillian Roberts of Cheyenne, who had been the guest of her brother Dan Roberts for a couple of months, returned home Wednesday morning.

Mrs. John Weinberger expects to leave the latter part of this month for Omaha to attend the Ak-Sar-Ben and visit her daughters, Mrs. Wm. Allen.

All Propositions Carry.
In the special election held Tuesday the propositions to vote \$16,000 bonds for paving street intersections and alley spaces, and \$12,000 to purchase the Billion tract of land for park purposes, received a favorable vote of two and one-half to one, as did also the street lighting contract with the electric company. The vote by wards on the three propositions was as follows:

Paving Bonds.	
For	Against
First Ward.....	135 86
Second Ward.....	111 27
Third Ward.....	154 56
Fourth Ward.....	153 56
Total.....	553 225

Park Bonds.	
For	Against
First Ward.....	121 103
Second Ward.....	99 38
Third Ward.....	144 65
Fourth Ward.....	173 48
Total.....	537 245

Light Contract.	
For	Against
First Ward.....	151 71
Second Ward.....	114 24
Third Ward.....	163 47
Fourth Ward.....	126 73
Total.....	554 215

Nearly eight hundred votes were cast, a much greater number than was anticipated during the forenoon hours. During the noon hour, however, men enroute home from their work cast their ballots, and during the afternoon there was steady voting until the polls closed at seven o'clock.

While it was generally conceded that the paving bonds would carry, there was some doubt as to the park bonds, considerable opposition developing a few days before election, but it will be noticed by the returns that there was not a great difference between the three propositions and each carried by a majority much greater than was anticipated.

By their vote a big majority of our citizens have gone on record as favoring municipal improvements, and we are confident that when our pavement is laid, park improved and new lighting system is in operation, that many of those who voted against the proposition will admit that they were wrong in their views.

It is the intention of the mayor and council to proceed cautiously in the paving matter; they desire that the work in this first district be complete and satisfactory in every way. There is much preliminary work before paving can actually begin. The grade of the proposed district, as well as of practically the whole city, must be accurately ascertained, the bonds must be issued and sold, the material decided upon, and the specifications under which the work must be done determined, and then the contract let. All this will require time, but it is believed that when settled weather comes next spring all these preliminary details will have been completed and that the contractor will be ready to begin work.

In regard to the park, one of the first acts of the council will probably be to appoint three park commissioners, who will have charge of the newly acquired land as well as the park in the First ward. These commissioners practically serve without pay; the state law allowing each a salary of ten dollars a year. As the funds available for park purposes is not large, the improvements necessarily will be slow, but within five years a nice showing can be made.

The electric company will at once begin the work of putting in the new street lighting system. This will require the expenditure of several thousand dollars and considerable time, but the work will be hastened as rapidly as possible.

The next move on North Platte's booster board is for a new depot—and watch the boosters get it.

Baptist Church.
As the frost has not arrived to spoil Nebraska's beautiful crop of corn, so has Rev. J. L. Barton, pastor of the First Baptist church, not yet arrived from Iowa. Mr. Barton must stay in Iowa, or least away from western Nebraska, until the frost shows up on the trees, house tops, grass, etc., in order to save his eyes, and the members of the Baptist church (those who are not farmers) are slyly and unconsciously wishing for an early frost.

But we are not left destitute, as Rev. J. A. Leavitt, field secretary of our denominational college at Grand Island, will deliver, both morning and evening, next Sunday, an address that no one in North Platte can afford to miss.

Everybody welcome everybody invited.
P. S. Don't forget B. Y. P. U. at 7 o'clock.

Fay Logan of Springfield, Mo., is the guest of his sister, Mrs. A. E. Covell, 806 east Sixth street.

NURSES REGISTRY
CITY HOSPITAL
NORTH PLATTE, NEBRASKA.

GRADUATE NURSES	PHONE 82	DOMESTIC NURSES

Sanitary Newly Furnished Fireproof

This institution is now open for the Reception and Treatment of Surgical, Medical and Obstetrical cases.
A Strictly modern Hospital for the convenience of the physicians of North Platte and country tributary thereto.

What to Wear this Fall

AMERICA'S pre-eminent Fashion Artists present to you their most beautiful designs and most authoritative styles in the new Wooltex Suits and Coats.

As The Store That Sells Wooltex in this city, it is our pleasure to bring these new fashions direct to you. They are charming; they are beautiful; they are refined; they are becoming; they are correct.

Such a collection of authoritative styles in tailored suits and coats is made possible only by the concentrated efforts of artists who, as individuals, represent the best thought of the fashion centers of the world.

The best artistic skill of Paris, London, Vienna, New York and Cleveland is represented in these designs, all of which have received the approval of Madame Savarie, director of the Wooltex Fashion Bureau in Paris.

Here are the correct style features to look for when you choose your tailored suit or coat for fall and winter.

Natural Figure Lines	To be correctly dressed, your tailored suit must show the lines of the natural figure—not tight-fitting, but with graceful curves.	Skirts Have Plaits	Skirts are moderately full—two to two-and-one-half yards. The fullness is laid in soft rolling or closely pressed plaits.
Stylish Jacket Features	Most suit jackets are hip length, though slightly longer ones are also in style. Fur and velvet on collar, cuffs and lower edge is especially modish. The collars are wide, to be worn close about the neck or flat, with wide revers to correspond.	Coats With Graceful In-curve	Coats have a graceful in-curve at the back, with full flaring skirts. Many handsome new models are big and loose, some being loosely belted to give the modish flaring outline effect.

Wooltex Tailored Suits and Coats embody all these authoritative style features. And to their stylish beauty are added the well known superiorities of Wooltex materials and Wooltex tailoring.

Give yourself the pleasure of seeing these new fall styles now. Try them on, if you wish. See how becoming and graceful the new modes are. Choose your suit or coat now. Have the pleasure of being stylishly and handsomely dressed throughout the full season.

Suits at \$25 to \$65
Coats at \$16.50 to \$45
Skirts at \$5 to \$15
