Eames and Beeler Appointed

The appointment of E. J. Eames, of Maxwell, and Arnold F. Beeler, of this city, as register and receiver respectively of the local United States land office was made yesterday by President Wilson. Appointments of registers and receivers of the offices at Broken Bow and O'Neill were also made, and the register at Valentine named.

In the North Platte office the commissions of Messrs. Evans and Bare expired April 20th last, and since that date democratic appointments had been expected daily, but by reason of the Bryan-Hitchcock fight on patronage the naming of appointees was delayed.

With the exception of the Alliance office, which still pays the maximum salary of \$3,000 a year, the land offices in Nebraska are not much of a reward so far as salary is concerned. In the future, unless a consolidation of districts is made, the pay of each officer in the North Platte office will not exceed \$109 per month. In the North Platte district there is less than 10,000 acres of vacant land, and less than 600 homesteads on which final proof has not been made. In the Broken Bow, O'Neill and Valentine districts the business has also about petered out.

Messrs. Eames and Beeler will take over the office as soon as their bonds are accepted and commissions are issued, which will be in a week or ten days.

The retiring officers congratulate Messrs. Eames and Beeler, and will render them every assistance in getting acquainted with the work of the office.

"Walk This Way" Some Show.

With a splendidly balanced company, Billy "Single" Clifford, supported by the clever prima donna, Helen Clark, will be seen in the merriest satire "Walk This Way" at the Keith Theatre Saturday evening, October 2d. The success of this clever farce is little short of phenomenal. The support is the strongest. Billy Clifford has never had and by carrying his own hand and orchestra as well as several big vaudeville headliners, "Walk This Way" is an assured evening of fun. The vocal equipment is perfect and praises everywhere have been received on their enunciation. Dancing is another feature, especially the New Walk, which gets them everywhere.

Will Open Cafe

Peter Caredis, a Greek, has leased the room formerly occupied by the Seconover clothing store and will open a cafe as soon as the furniture arrives and is placed. The cafe will open inside of thirty days, and the proprietor assures us that its appointments and service will be second to none. The cafe will be open day and night.

"The Barn Will Help Build the House"

but the house will never help build the barn," is a common saying amongst farmers. It's good business when making the first permanent improvements on the farm, to put up first the buildings that help most to make money.

Every dollar put into a good modern barn is returned many-fold to the farmer. Cow comfort and horse comfort mean man profit. Live stock kept well and vigorous pays handsome dividends.

There is no need to argue the case for the modern barn. Most farmers admit the necessity of it.

Anything that we can do to help you obtain the right sort of barn for your farm, we will gladly do. Let us get together on it.
