

The Wirthmor Waist, \$1, Worth More.

How Can Such Beautiful Waists
Be Sold at Just One Dollar?

This is a question frequently asked and its answer explains why the Waists sold here are so entirely dissimilar, and so decidedly superior to what is ordinarily sold at the same or somewhat higher prices. We, in common with one good store in practically every city of consequence, have an arrangement with the maker, which has materially lowered the cost of making and distributing these waists, and the large saving thus affected, has been used to give added value to the product.
