It is expected that the Birdwood bridge, north of town, will be open to traffic sometime next week. It was thought that this very important event would occur three or four weeks ago but the work of surfacing the fills required a lot of time. Gravel is now being placed on the roadway. The Lincoln Construction company, which built the bridge, is getting its effects to town for shipment to some other construction scene. Some of the employees will get away soon.—Sutherland Free Lance.

An attempt to burglarize the North Platte Electric Co. office was made between seven and eight o'clock Monday evening. One of the employes upon entering the building discovered that the rear door was ajar and after investigating found a hole cut in the panel just above the lock so that by means of a hook the latch could be lifted from the interior. The money drawer had been ransacked and papers scattered over the counters. Nothing of value has been missed and as yet the guilty parties have not been located.

BERT CHAMBERLAIN INJURED IN AUTO ACCIDENT.

Bert Chamberlain, living on west Fourth street, and until recently employed by the Union Pacific as passenger engineer, suffered a fracture of the right leg below the knee and severe bruises Tuesday noon when the Ford car he was driving ran into a ditch just north of the Fremont slough bridge. Chamberlain had taken out into the country south of the river D. E. Morrill of this city and two men residing in the east part of the state. The visitors desired to go east on the 12:35 train and Chamberlain had been running the car at a good gait. Crossing the Fremont slough bridge Chamberlain turned out to pass a buggy and in doing so ran very close to the ditch embankment. He turned the car sharply and it shot across the road into the ditch on the opposite side. The three men managed to leap from the car before it turned over, but Chamberlain was pinned under the car in eighteen inches of water and mud. Dr. Morrill and one of the other men were momentarily stunned when lighting on the ground, but the third passenger did not suffer and with quick forethought crawled under the car and held Chamberlain's head above water. When the other two men recovered they went to the assistance of their companion and while two lifted up the side of the car the other dragged Chamberlain from his perilous position. Had he not been released so quickly Chamberlain would have met death by drowning.

Word was telephoned to town from the house nearby, Dr. Wurtele responded and the injured man taken to the City Hospital and the fracture reduced. For a day or two after the accident Chamberlain complained of internal pain, and it was feared that he was injured internally, but he now seems to be getting along satisfactorily.

Mann-McMichael Wedding A pretty wedding occurred at the home of Mr. and Mrs. James McMichael Wednesday morning, when their daughter Miss Mayme became the bride of Charles Mann of Sidney.

Rev. H. G. Knowles officiated as clergyman and used the ring service. Promptly at 9:30 Miss Olive Mann of Sidney, sister of the groom played Lohengren's wedding march and the bride and groom took their places. They were unattended. Only the immediate relatives were present and after the ceremony a breakfast was served at the home of the bride's sister, Mrs. Wm. Baldock.

The bride wore a beautiful gown of white crepe de chine with trimmings of fine lace and small flowers. She carried a large bouquet of brides' roses. Decorations were in pink and white and these colors were carried out in the courses of the breakfast. Among the many gifts received was check for \$1,000 from the groom's parents, a piano from the parents of the bride and fifty dollars from the First National bank of Sidney.

Mr. and Mrs. Mann left by auto for Sutherland to evade the leave taking which their friends had planned and as Sutherland took the train for Denver, Salt Lake and Ogden to spend two weeks before taking up their residence in Sidney.

Mr. Mann holds a responsible position in the First National Bank at Sidney, is a popular and enterprising young man and has many friends.

The bride is one of North Platte's best known young ladies who has won hosts of friends by her agreeable manner and is a musician of unusual ability having been a member of a local orchestra for several years and was also pianist at the Crystal theatre. The best wishes of their many friends go with them in their new home.

Mr. Tenant, why will you pay out rent each month and not have a thing to show for it except a bunch of receipts? You can buy a home of your own, paying for it on practically the same terms you pay rent. Paying a small amount down, and the balance in monthly payments. Let me show you what I have that I can sell you on these terms. I also have several vacant lots that can be sold on these terms.

J. R. Teagarden, of Lincoln, representing the Redpath Horner Chautauqua Co., spent a few days here this week conferring with the local committee and completing arrangements for the program of the local chautauqua for 1916. The talent selected will be similar to numbers given this year, which were so satisfactory and which North Platte is now in a position to secure. The recent method of managing chautauquas, which was originated at the meetings the past summer places our city among those that obtain first class talent and stand the financial condition better than in any previous year.

MANNING IS BOUND OVER TO THE DISTRICT COURT.

Ashton Manning, who traveled under a number of aliases, was arraigned before Judge French Wednesday morning, pleaded not guilty and waiting examination was bound over to the district court. Not being able to furnish bond he is taking his meals at the expense of Lincoln county.

Manning was arrested at Grand Island the latter part of last week on the charge of burglarizing the dental office of H. C. Brock in this city on the night of September 21st. He was poorly rewarded for breaking into and ransacking the office for the most valuable article he secured was a razor, which he had on his person at the time he was arrested at Grand Island, and it was by this article that it was known that he was wanted in this city for burglary. The razor was identified by Dr. Brock.

It is supposed that Manning stole the electric vibrator from the beauty parlor of Mrs. Emily Coates, which disappeared the same night the dental office was entered.

NORTH PLATTE HAS A RESIDENT PIANO TUNER.

North Platte has a resident piano tuner; something that has been needed badly. Wylie Walker, a graduate of a tuning school at Kansas City, Mo., is permanently located with his father L. L. Walker, manager of the Gaston Music Co. store in the rear of the Clinton Jewelry store.

The Chamber of Commerce advocates boosting for North Platte. Why send away for tuners or give your work to transient men who may or may not be competent?

This is merely a suggestion. If it appeals to you as good business methods to patronize home industry, give him a trail.

Nebraska Dry After 1916. "Nebraska dry after 1916" is the slogan of the Woman's Christian Temperance union, according to the assertion of Miss Anna A. Gordon of Evanston, Ill., president of the national organization, who on the white ribbon special, went west through North Platte Wednesday evening.

"We will stump the state," said Miss Gordon. "In 1916 we will conduct what the politicians would call a whirlwind campaign. We will have hundreds of speakers here, the best in the United States. They will not only talk in the cities and towns, but they will be found in the country. We are going to canvass Nebraska as it was never canvassed before. We will have speakers in every school district and our aim will be to put the state into the dry column."

The Elite Kensington club held their first meeting Tuesday afternoon with Mrs. J. I. Jessup, Mrs. H. S. Johnson was elected president, Mrs. McMullen secretary and treasurer. The hostess was presented with a hand-painted cup and saucer. At the close of the afternoon a two course lunch was served. The next meeting will be held with Mrs. Will Baskins, Oct. 19th.

Telephone Toll Rates

Telephone rates should depend upon what it costs to produce the service.

In America we pay double the wages for the same kind of telephone work that is paid in European countries.

Nearly all kinds of telephone material costs a great deal more here than it does abroad.

American Rates Lower

For distances under fifty miles, within which four-fifths of all long distance calls are made, American telephone rates for the same service are much lower than in European countries.

For longer distances and for messages between countries, European telephone rates are from three to four times as high as our rates for the same distance in this country.

The long distance telephone service in Europe is generally very poor. The farthest a toll call can be made abroad is scarcely more than the distance across one of our states.

OCTOBER IS FARMERS' MONTH at the Panama-Pacific Fair

Every farmer who can should visit California and the Exposition during October. You will find more agricultural exhibits and more events which will interest you than ever before were shown in one place in one month in the History of the World.

There will be at least 24 national and international stock shows and conventions, with one event lapping over into the next. Moreover, you can stop off in the great agricultural sections of the New West and see how the farmers of this section make money on great ranches and on smaller irrigated tracts. And you will see the Great Panama-Pacific Exposition, which for beauty and general interest has never been equaled.

All this you will see at the lowest fare in years—a rate made particularly for the expositions. This is probably the best chance of your lifetime to make the western trip you have been thinking about—to make it at the least cost and to see the most on the Coast and on the way. You will find living expenses very reasonable—all hotels are under agreement not to raise rates. Write for Free Book No. 163—Tells what to see and cost of trip.

For the quickest trip over smoothest road and to travel through the region of greatest scenic and agricultural interest, buy your ticket via
