Engineer W. B. Brown returned yesterday from a two weeks' visit in Philadelphia. Mr. Brown says that around Pittsburg and from that city east, every deserted factory has been rehabilitated and is used for making munitions of war for the European nations. At these manufacturing plants shells for cannons are stacked up like cordwood awaiting shipment. As a great part of these war munitions are for Russia and will be shipped from Pacific coast points, the Union Pacific will profit by the shipments to the western coast.

Grouchy is the fellow who cannot sing a pean of praise on this October weather, the frosty mornings, the bright sunny days, the delightful nights. To the one who gets up about six in the morning, spends an hour or so out doors in the frosty atmosphere that jingles his blood and fills his lungs with pure ozone, and then sits down to a breakfast of a slab of ham, two fried eggs, six or eight wheat cakes and a cup of coffee that leaves a brown rim on the cup—that fellow goes to his daily labor in shape to meet and overcome all obstacles, no matter how great.

FILES SUIT AGAINST DOOLITTLE COMPANY FOR DAMAGES

Edward T. Dieter fled suit in the district court Saturday against the Doolittle Produce Co. for the sum of \$9,731.55 with seven per cent interest from May 2d, 1915. The plaintiff alleges that he had been employed as baker for the Doolittle Co. and while there worked in a room in which was a large oven and a boiler for heating water and generating steam. The steam used was piped from the boiler to a steam box to steam bread through forty feet of coil pipe. The boiler was not fitted automatically from the city water mains, but was operated by an intake pipe and a shut off cock. The water gauge on the boiler did not correctly report the amount of water in the boiler and he had repeatedly reported this condition to the defendants, who promised to have it tested and properly equipped. The plaintiff was obliged to operate the oven and boiler at the same time and on May 3, 1915, while turning on the boiler to adjust something in the oven the boiler exploded, throwing steam, scalding water and sand and burning and scalding the plaintiff, also imbedding hot sand into his face, arms and right side. He was also struck by flying debris which broke his right leg in several places, punctured his lungs, and broke three of his ribs. He claims that his right ear drum was ruptured and hearing destroyed, causing permanent injuries, which render him unable to perform manual labor and cause him great mental anguish and physical pain. At the time of his injuries he was capable of earning \$22.50 per week and has since expended \$561.00 for doctor's bills and hospital fees which his condition makes him unable to pay.

Accidents will happen to employees, no matter how careful an employer may be or how small a business he may be conducting. Mrs. Layton Taken to Gering

Mrs. Joseph Layton, of Gering, who has been kept in the county jail for several weeks as an accomplice in the murder of her husband, the late Joseph Layton, was taken to Gering Saturday morning where the trial is now being held. Layton was shot and instantly killed while reading at his home one evening during July. The shot was fired through the window and the revolver later found in the hay loft of the barn.

Layton had been married the year before and had agreed that his insurance and property were to go to his wife. Her parents, Mr and Mrs. Jordan, came shortly after from California to make their home with the Laytons, and it is thought are connected with the murder. On account of the jail at that place being considered unsafe to keep prisoners, Mrs. Layton was brought here several weeks ago.

Taken up by the undersigned Sunday evening at his place south of city limits two red cows branded T G on left hip. Owner please call and pay charges and take animals away. F. H. PAYNE.

Claim for Royalty

Claim for \$3500 royalty from the contractor of the new \$35,000 Sutherland bridge for the use of a patent for placing rods in concrete will have to be settled before the state board will pay the contractor for his work, according to State Engineer Johnson. The claim for royalty has been filed with the board. The Sutherland bridge and one at Lexington, costing \$35,000 will be inspected soon. Both bridges have been completed and opened for traffic.—Omaha Bee.

Hog Sale

On Wednesday, November 10th, we will sell 70 head of improved hogs, about half Poland and half Durocs, 30 head are boars and weighing from 125 to 300 pounds, 40 head are sows, 25 of about the same weight. These pigs are purely bred with the best mating possible, a uniform lot of long stretchy fellows, with well arched backs, good feet, neat heads and as much bone as an alfalfa range pig can possibly develop.

After the hog sale, we will sell 6 Holstein and 2 Guernsey heifers, those not fresh, soon will be. We will also sell 10 pure bred Red Polled bulls. Those wishing cows fresh in the fall will need them at this time.

The sale will be held on the farm 4 miles west of Lexington. Take this local to Market which is on the farm, and sale will be out in time to take the local back. If interested send for circular.

GOOD CAUSE FOR ALARM

These Figures Will Make North Platte People Take Notice.

Deaths from kidney disease have increased 72 per cent in twenty years. People overdo nowadays in so many ways that the constant filtering of poisoned blood weakens the kidneys. Beware of fatal Bright's disease. When backache or urinary ills suggest weak kidneys, use Doan's Kidney Pills, live carefully, take things easy and avoid heavy eating. Doan's Kidney Pills command confidence, for no other kidney remedy is so widely used and so generally successful. Home endorsement is the best proof of merit. Read this North Platte resident's story:

George W. Weinberger, 109 West Ninth street., North Platte, says: "Some years ago I became afflicted with kidney trouble and suffered with agonizing pains through my back. I gradually grew worse, became stiff and lame and on account of losing my rest at night, was all run down. My kidneys did not do their work properly. After I had taken six boxes of Doan's Kidney Pills, I was cured." Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Weinberger had. Foster-Milburn Co., Props., Buffalo, New York.

It Is An Important Question

this business of Fire Insurance, and is of most importance to the family man who owns his own property. Fire is such a treacherous visitor that one never knows when it is liable to pay us a visit. Better be prepared for it at all times and the best way to do this is to let me write you a policy in a good reliable Company. The cost is small.
