While stock shipments over the Union Pacific show some decrease, east bound traffic is still very heavy. A freight engineer remarked to us Wednesday that so far this month he had earned \$150 and had laid off two trips, evidence that engine crews are making good time.

The literary department of the Twentieth Century club was entertained Tuesday afternoon by Mrs. J. S. Simms. Mesdames W. W. Cummings and T. G. Thompson read paragraphs from the new books, "Primrose Ring" and "Michael O'Halloran" and a discussion followed. Light refreshments were served after the book review.

Congratulation, Frank
The Tribune received a birth card Wednesday bearing this inscription: "Name, Robert Charles Armstrong; date, October 16th; weight, nine pounds; parents, Mr. and Mrs. F. R. Armstrong, Portland, Oregon."

Gibbs is a Busy Man
County Attorney Gibbs will prosecute fifteen criminal cases in the November term of the district court. This is an unusually large number of cases, and in getting them ready for trial Mr. Gibbs is a mighty busy man.

Elect Officers
At a meeting of the Methodist brotherhood the first of the week at the home of Dr. and Mrs. Lucas, the following officers were elected: President, Bert Reynolds; vice president, I. A. Selby; secretary, I. A. Gilbert; treasurer, W. E. Starr.

Old Engineer Killed
Martin Murphy, a passenger engineer running between Denver and Sterling, and one of the oldest engineers in the employ of the Union Pacific, was killed in the Sterling yards Monday. Not noticing an approaching switch engine, he walked directly in front of it.

Nos. 11 and 14 to Come Off
West bound Denver train No. 11 and east bound No. 14 will be pulled off Sunday, October 31st, when a new time-card will go into effect. One of the Denver trains on the Kansas Pacific will also be discontinued, as will also the Denver-Green River train.

Homes Grown Apples.
The apple crop in Lincoln county this year has been unusually large, and the apples, though of good quality are almost a drug on the market. Growers are not prepared to store and hold them, hence they are forced on the market at a low price. The market is further glutted by parties in the east part of the state bringing carloads of apples here and retailing them.

Much Stock will be Fed
It is generally conceded that there will not be much marketable corn in Lincoln county and that the farmers will need feed. With this purpose in view there is an increased demand for feeders. In talking with a south side farmer he named a half dozen farmers who would feed small bunches of cattle—fifteen to twenty-five head. What is true of the south side is probably true all over the county.

Florence Booze Dies
Miss Florence Booze, formerly of this city, died at the home of her sister, Mrs. Frank Koontz, ten miles north of town Tuesday. Death was due to pneumonia which she contracted two months ago while in Des Moines, Iowa. She returned to this city a month ago and had been receiving medical attention since that time. The funeral services were held yesterday afternoon at Tryon where a number of relatives reside.

We will open a separate candy department in our store Saturday placing it in charge of a young lady who will give it her entire attention. We shall endeavor to make this one of the most popular departments in our store and while we shall carry all grades from 10 cents a pound and up we will also handle such a line of high grade goods that every purchase will mean a steady customer for this store. See our special display for Saturday.

WILCOX DEPARTMENT STORE.
Leave for California
Mr. and Mrs. Wm. Edis, who had been spending several weeks here looking after their real estate holdings, left this morning for Los Angeles. They were accompanied by Mrs. Edis' mother whose home is in Wisconsin. Mr. and Mrs. Edis made their home in Lincoln county for many years, and having accumulated the wherewithal to live without much labor they will practically spend all their time in southern California.

Return from Auto Trip
W. W. Hunter and son and one of the Kunkle boys, all living south of the river, recently returned from a 1400-mile auto trip in the west. They visited the Goshen hole country in Wyoming and then went to a "boom" section east of Pueblo, Col. This latter land is practically valueless, though locators have succeeded in getting a hundred or more to make homestead entries. Two of the entries live in North Platte. Practically all who have located there are not farmers and know nothing of soil values.

Apples
A big crop of good winter apples at the Glenburnie Fruit Farm. These are choice varieties and are selling cheap. Special prices on wagon loads. 76tf DAVID HUNTER, Sutherland.

To Re-Appraise School Land.
The state board of educational lands and funds has decided to re-appraise the school land subject to lease in sixteen counties. In Lincoln county there are 74,603 acres of leased school land, and the average lease price per acre per year is six and three-quarter cents. The greater part of this land is suitable principally for grazing, though a few of the 117 sections are good farm or hay land.

Too Much Publicity
A silence that can be heard round the world has fallen suddenly upon the president's matrimonial preparations. Someone has been dropping a hint, it may safely be guessed. It takes no great amount of investigating to discover that while vox populi assents to the view that his marriage is the president's own business, there is a very general hope that, in view of all the circumstances, the proceedings will not be much rubbed into the public eye and ear. The party at the Philadelphia ball game was a mistake. The friends of the president have evidently grown aware of that—Lincoln Journal.

Piano Lessons
Piano lessons given at 412 east Third street. Phone Red 104. 77-3 BERYL HAHN.

J. H. Hegarty is transacting business in the western part of the state for a few days.

Miss Carrie Peterson of the Rincker Drug Co., of Keystone, is spending a few days here this week.

Mr. and Mrs. Carl Brodbeck will move into their new home on west Fourth street this week.

Mrs. P. J. Gilman, who has been bedfast for some time as the result of a fall, was able to sit up this week.

C. O. Troy and family will go to Litchfield in the near future where Mr. Troy will be in charge of a Methodist church.

Mrs. Harry Kelso and children returned yesterday afternoon from Grand Island where they visited relatives for a fortnight.

Mrs. M. E. Crosby and son returned yesterday afternoon from Davenport, where they were the guests of relatives for two weeks.

It Is An Important Question

this business of Fire Insurance, and is of most importance to the family man who owns his own property. Fire is such a treacherous visitor that one never knows when it is liable to pay us a visit. Better be prepared for it at all times and the best way to do this is to let me write you a policy in a good reliable Company. The cost is small.

The American Telephone

The United States has less than 6% of the world's population, yet it has more than 64% of all the world's telephones. The five states of Iowa, Nebraska, Minnesota and the Dakotas have more telephones than all Great Britain.

The City of New York has more telephones than all of France and Spain combined. Chicago has more telephones than all of Austria.

The Cost of Operating

The telephone companies in this country pay double the wages for the same kind of work that is paid in Europe, and telephone equipment costs a great deal more here.

Fully half of the European telephone exchanges are closed at night and on Sundays and holidays. It is the general rule in this country to give all-night and all-day Sunday telephone service.

When the efficiency of the service and the cost of producing it is considered, American local and long distance telephone rates are by far the lowest in the world.
